For An Act To Be Entitled

11 AN ACT TO AMEND ARKANSAS CODE § 18-15-301 AND TO
12 MODIFY THE PROCEDURES CONCERNING A CERTIFICATE OF
13 CONVENIENCE AND NECESSITY FOR MUNICIPALLY OWNED
14 ELECTRIC UTILITIES FROM THE ARKANSAS PUBLIC
15 SERVICE COMMISSION; AND FOR OTHER PURPOSES.

Subtitle

18 TO AMEND ARKANSAS CODE § 18-15-301 AND
19 TO MODIFY THE PROCEDURES CONCERNING A
20 CERTIFICATE OF CONVENIENCE AND NECESSITY
21 FOR MUNICIPALLY OWNED ELECTRIC UTILITIES
22 FROM THE ARKANSAS PUBLIC SERVICE
23 COMMISSION.

26 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

28 SECTION 1. Arkansas Code § 18-15-301 is amended to read as follows:

29 18-15-301. Municipal corporations - Power to condemn generally.

30 (a)(1) The right and power of eminent domain is conferred upon
31 municipal corporations to enter upon, take, and condemn private property for
32 the construction of wharves, levees, parks, squares, market places, or other
33 lawful purposes.

34 (2) The term "or other lawful purposes", as used in this
35 section, ~~shall include~~ includes a waterworks ~~or~~ system, an electric
36 transmission system, or an electric distribution system in its entirety or

1 any integral part thereof or any extension, addition, betterment, or
2 improvement to an existing waterworks ~~or~~ system, an electric transmission
3 system, or an electric distribution system owned or operated by a municipal
4 corporation.

5 (b)(1) For ~~water works~~ waterworks systems, it shall be no objection to
6 the exercise of power that the property to be condemned is located in a
7 different county from the municipal corporation.

8 (2) In addition, for electric transmission systems and electric
9 distribution systems, it shall be no objection to the exercise of power that
10 the property to be condemned is located outside the corporate limits of the
11 municipal corporation or in a county other than the one wherein the municipal
12 corporation is located.

13 (3) A municipal corporation shall have the power of eminent
14 domain for its electric transmission system and electric distribution system,
15 outside of its corporate limits without annexation of such territory,
16 regardless of whether the territory has been allocated to an electric public
17 utility or electric cooperative corporation, pursuant to a certificate of
18 convenience and necessity or other authority from the Arkansas Public Service
19 Commission, as long as the electric transmission system or electric
20 distribution system being constructed by the municipal corporation is only
21 for the purpose of serving customers of the municipal corporation and not for
22 the purpose of serving electric public utility customers or electric
23 cooperative customers at retail inside the territory allocated to an electric
24 public utility or electric cooperative corporation pursuant to a certificate
25 of convenience and necessity or other authority from the Arkansas Public
26 Service Commission.

27 (4)(A) Before a municipal corporation exercises the power of
28 eminent domain under this section, the municipal corporation shall provide
29 written notice to any electric public utility or electric cooperative
30 corporation that has received a certificate of convenience and necessity or
31 other authority from the Arkansas Public Service Commission to serve retail
32 customers in any area in which the power of eminent domain is to be
33 exercised.

34 (B)(i) The municipal corporation shall also file a copy of
35 the written notice required under subdivision (b)(4)(A) with the Arkansas
36 Public Service Commission.

1 (ii) The notice shall contain information regarding
2 the facilities to be constructed by the municipal corporation in conjunction
3 with the exercise of eminent domain, including without limitation routing,
4 size, and voltage, in sufficient detail to reasonably allow the electric
5 public utility or electric cooperative corporation to fully evaluate the
6 impact of the facilities on public safety, reliability of the system of the
7 electric public utility or electric distribution cooperative, or future
8 system expansion plans of the electric public utility or electric cooperative
9 corporation.

10 (C)(i) A municipal corporation shall not exercise the
11 power of eminent domain under this section without obtaining a certificate of
12 convenience and necessity from the Arkansas Public Service Commission if the
13 electric public utility or electric cooperative corporation notifies the
14 municipal corporation in writing within forty five (45) days of its receipt
15 of such notice that the exercise of the power of eminent domain would
16 specifically endanger public safety, negatively impact reliability, or
17 conflict with future construction plans of the electric public utility or
18 electric cooperative corporation.

19 (ii)(a) The written notice shall be in sufficient
20 detail to reasonably allow the municipal corporation to fully evaluate the
21 problems identified.

22 (b) In such event, the municipal corporation
23 may seek from the Arkansas Public Service Commission, in accordance with law,
24 a certificate of convenience and necessity and exercise the power of eminent
25 domain as may be required by the municipal corporation.

26 (c)(1) It shall be no objection to the exercise of power that the
27 property to be condemned is a cemetery, ~~provided that~~ if the purpose for
28 which the cemetery is being taken is for an impounding lake for a supply of
29 water or to supplement a supply of water for the waterworks system of the
30 municipality, including land occupied by the cemetery adjacent to the
31 impounding lake taken to prevent pollution of the supply or for an impounding
32 dam to create the impounding lake.

33 (2) The power of a municipality to condemn a cemetery for those
34 purposes shall extend to all cemeteries except those owned by the United
35 States of America, the State of Arkansas, a county of the State of Arkansas,
36 or a municipality of the State of Arkansas.

1 (d)(1) In case of water pipelines ~~or~~, electric transmission
 2 facilities, or electric distribution facilities, a right-of-way or easement
 3 therefor may be condemned, and rights-of-way and easements for the pipelines
 4 ~~or~~, electric transmission facilities, or electric distribution facilities may
 5 be condemned along and under railroad rights-of-way, ~~provided that~~ if the
 6 ordinary use of the railroad rights-of-way are not obstructed thereby.

7 (2) The water pipelines ~~or~~, electric transmission facilities, or
 8 electric distribution facilities may be constructed and maintained across and
 9 under lands and waters of the state, but the ordinary use of the lands and
 10 waters shall not be unduly obstructed thereby.

11 (3)(A) The water pipelines ~~or~~, electric transmission facilities,
 12 or electric distribution facilities may be constructed and maintained under,
 13 across, and along public highways, roads, streets, and alleys, but the
 14 ordinary use of the public highways, roads, streets, and alleys shall not be
 15 unduly obstructed thereby.

16 (B) At its own expense, the municipality constructing the
 17 water pipelines ~~or~~, electric transmission facilities, or electric
 18 distribution facilities shall properly backfill the trench in which the
 19 pipeline ~~or~~, electric transmission lines, or electric distribution lines are
 20 laid and shall restore any sidewalks, curbs, gutters, pavements, or surfacing
 21 cut or damaged by the construction or maintenance.

22 (e)(1) As used in this section, the terms "electric transmission
 23 system or systems", "electric transmission facilities", and "electric
 24 transmission lines" mean electric utility properties and facilities necessary
 25 for transmitting electricity at sixty-nine ~~(69)~~ kilovolts (69 kV) phase-to-
 26 phase or higher and not for service to a directly tapped, retail, end-use
 27 customer or customers or any wholesale customer or customers, except
 28 municipal corporations. Any electric utility properties and facilities
 29 necessary for transmitting electricity at sixty-nine ~~(69)~~ kilovolts (69 kV)
 30 phase-to-phase or higher constructed on lands acquired in whole or in part by
 31 the municipal corporation utilizing the power of eminent domain granted in
 32 this section may be connected only with the following defined entities for
 33 the life of the properties and facilities and no others:

34 (A) The municipal corporation's electric generation or
 35 transmission or distribution system;

36 (B) Any electric utility or an independent transmission

1 system operator, independent transmission company, independent regional
 2 transmission group, or other independent transmission entity operating
 3 transmission facilities in this state; and

4 (C) The electric generation or transmission or
 5 distribution system owned by other municipal corporations owning an electric
 6 system.

7 (2) As used in this subsection, "electric distribution system",
 8 "electric distribution facilities", and "electric distribution lines" means
 9 electric utility properties and facilities necessary for distributing
 10 electricity below sixty-nine ~~(69)~~ kilovolts (69 kV) phase-to-phase to a
 11 municipal corporation's retail customers within its corporate limits or
 12 within any other area served by the municipal corporation pursuant to any
 13 grant of authority by the Arkansas Public Service Commission or any other
 14 municipality contiguous municipal corporation pursuant to a franchise
 15 agreement or other grant of authority for retail electric service.

16 ~~(f) Prior to availing itself of the power of eminent domain as~~
 17 ~~provided in this section for the purpose of acquiring properties or~~
 18 ~~constructing facilities necessary for transmitting electricity outside the~~
 19 ~~corporate limits of the municipal corporation, a municipal corporation shall~~
 20 ~~obtain from the commission a certificate of convenience and necessity~~
 21 ~~pursuant to § 23-3-201 et seq.~~

22 ~~(g)~~ (f) For purposes of this section, "municipal corporations" shall
 23 include consolidated municipal utility improvement districts owning an
 24 electric system.
