31 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:  
32

33 SECTION 1. DO NOT CODIFY. Legislative findings and purposes.

34 (a) The General Assembly finds that:

35 (1) It is essential to the psychological and physical well-being  
36 of a woman who is considering an abortion that she receive complete and

1 accurate information on abortion and its alternatives;

2 (2) The knowledgeable exercise of a woman's decision to have an  
3 abortion depends on the extent to which she receives sufficient information  
4 to make an informed choice between two (2) alternatives: giving birth or  
5 having an abortion;

6 (3) Adequate and legitimate informed consent includes  
7 information which "relating to the consequences to the fetus," as stated in  
8 Planned Parenthood v. Casey, 505 U.S. 833, 882-883 (1992);

9 (4)(A) According to the Guttmacher Institute, in 2008 seventy  
10 percent (70%) of all abortions performed in the United States were performed  
11 in clinics devoted solely to providing abortions and family planning  
12 services.

13 (B) Most women who seek abortions at these facilities do  
14 not:

15 (i) Have any relationship with the physician who  
16 performs the abortion, before or after the procedure; or

17 (ii) Return to the facility for postsurgical care.

18 (C) In most instances, the woman's only actual contact  
19 with the physician occurs simultaneously with the abortion procedure, with  
20 little opportunity to receive counseling concerning her decision;

21 (5) The decision to abort a pregnancy is an important and often  
22 stressful one, and it is desirable and imperative that it be made with full  
23 knowledge of its nature and consequences, as stated in Planned Parenthood v.  
24 Danforth, 428 U.S. 52, 67 (1976);

25 (6) "The medical, emotional, and psychological consequences of  
26 an abortion are serious and can be lasting", as stated in H.L. v. Matheson,  
27 450 U.S. 398, 411 (1981);

28 (7) Abortion facilities or providers often offer only limited or  
29 impersonal counseling opportunities; and

30 (8) Many abortion facilities or providers hire untrained and  
31 unprofessional counselors to provide preabortion counseling whose primary  
32 goal is actually to sell or promote abortion services.

33 (b) Based on the findings presented in subsection (a) of this section,  
34 the purposes of this act are to:

35 (1) Ensure that every woman considering an abortion receives  
36 complete information on abortion and its alternatives and that every woman

1 receiving an abortion does so only after giving her voluntary and fully  
2 informed consent to the abortion procedure;

3 (2) Protect unborn children from a woman's uninformed decision  
4 to have an abortion;

5 (3) Reduce "the risk that a woman may elect an abortion, only to  
6 discover later, with devastating psychological consequences, that her  
7 decision was not fully informed", as stated in Planned Parenthood v. Casey,  
8 505 U.S. 833, 882 (1992); and

9 (4) Adopt the construction of the term "medical emergency"  
10 accepted by the United States Supreme Court in Planned Parenthood v. Casey,  
11 505 U.S. 833 (1992).

12

1 facilities.

2 (a)(1) A licensed facility where abortions are performed shall post a  
3 sign conspicuously in a location defined in subsection (b) of this section  
4 that is clearly visible to all individuals who enter and that features the  
5 text contained in subdivision (a)(2) of this section.

6 (2) The sign shall display the following text:

7 "It is against the law for anyone, regardless of his or her  
8 relationship to you, to force you to have an abortion. You have the right to  
9 contact any local or state law enforcement or any social service agency to  
10 receive protection from any actual or threatened physical, emotional, or  
11 psychological abuse. It is against the law to perform, induce, prescribe  
12 for, or provide you with the means for an abortion without your voluntary  
13 consent."

14 (b) The sign shall be posted in each waiting room, patient  
15 consultation room, and procedure room used by patients for whom abortions are  
16 performed, induced, prescribed or for whom the means for an abortion are  
17 provided.

18 (c) The continued posting of signage shall be a condition of licensure  
19 of any facility that performs or induces abortions.

20 (d) The display of signage does not discharge the duty of a facility  
21 to have a physician orally inform a pregnant woman of information and  
22 materials contained in § 20-16-1503.

23 (e)(1) The Department of Health shall provide all signs required by  
24 this section to the licensed abortion facility.

26 reimburse the department for any costs associated with the sign or signs.

27  
28 20-16-1506. Medical emergencies.

29 When a medical emergency compels the performance of an abortion, the  
30 physician shall inform the woman before the abortion, if possible, of the  
31 medical indications supporting the physician's judgment that an immediate  
32 abortion is necessary to avert her death or that a *forty-eight-hour* delay  
33 will cause substantial and irreversible impairment of a major bodily  
34 function.

7       (2) In no case shall the privacy of a patient or doctor be  
8 compromised.

9       (c) The information collected by the center regarding abortions

12 report providing statistics on the number of women who were provided  
13 information and materials pursuant to this subchapter during the previous  
14 calendar year.

15       (B) Each report shall also provide the statistics for all  
16 previous calendar years, adjusted to reflect any additional information  
17 received after the deadline.

18       (2) The department shall take care to ensure that none of the  
19 information included in the public reports could reasonably lead to the  
20 identification of any individual who received information or materials in  
21 accordance with § 20-16-1503.

22  
23       20-16-1508. Rules.

24       (a)(1) The Department of Health shall adopt rules to implement this  
25 subchapter.

26       (2) The department may add by rule additional examples of  
27 complications to supplement those in § 20-16-1503.

28       (c) The Arkansas State Medical Board shall promulgate rules to ensure

1           (a) In addition to any remedies available under the common law or  
2 statutory law of this state, failure to comply with the requirements of this  
3 subchapter shall provide a basis for a:

4                   (1) Civil malpractice action for actual and punitive damages;  
5 and

6                   (2) Professional disciplinary action under the Arkansas Medical  
7 Practices Act, § 17-95-201 et seq., § 17-95-301 et seq., and § 17-95-401 et  
8 seq.

9           (b) A civil liability shall not be assessed against the woman upon  
10 whom the abortion is performed.

11           (c) When requested, the court shall allow a woman to proceed using  
12 solely her initials or a pseudonym and may close the proceedings in the case  
13 and enter other protective orders to preserve the privacy of the woman upon  
14 whom the abortion was performed or attempted.

15           (d) If judgment is rendered in favor of the plaintiff, the court shall  
16 also render judgment for a reasonable attorney's fee in favor of the  
17 plaintiff against the defendant.

18           (e) If judgment is rendered in favor of the defendant and the court  
19 finds that the plaintiff's suit was frivolous and brought in bad faith, the  
20 court shall also render judgment for reasonable attorney's fee in favor of  
21 the defendant against the plaintiff.

22  
23           20-16-1511. Construction.

24           (a) This subchapter does not create or recognize a right to abortion.
