However, the General Assembly and the division have also given the power to local city governments or local county quorum courts to adopt hours of operation which are more restrictive than the general hours of operation stated for certain permits issued by the division. It is recognized that it is more convenient for local authorities to change local ordinances on a basis that can be more frequent than the basis with which the General Assembly meets or the division adopts regulations rules. For that reason, local control of these issues, as allowed by Code sections and regulations, is desirable. It is also recognized
that when a city or county adopts a more restrictive law in this area it is
unnecessary and burdensome for the city or county to notify the division each
time that a modification is made to local laws, and for this reason
enforcement of more restrictive ordinances should be by local law enforcement
personnel who are attached to the jurisdiction which creates the more
restrictive hours-of-operations law.

In that event, the transfer by death to any ineligible individual shall be reported by the corporation to the issuing officer or authority not later than sixty (60) days after the death. If within six (6) months thereafter the stock transferred by death shall not have been transferred by bona fide transaction to an individual otherwise eligible to receive the permit as provided herein, and as provided by existing law or regulation, as aforesaid, the permit of the corporation shall immediately be revoked and cancelled.
