Act 981 of 2019: State Agencies Uniform Classification and Compensation Act

- [Act 981](#) made no changes to the current pay plan structure that was put in place in FY18. The majority of changes revolve around the movement of the Office of Personnel Management (OPM) from the Department of Finance and Administration to the Department of Transformation and Shared Services based on the Transformation and Efficiencies Act of 2019 ([Act 910](#)).
- OPM reports to the Secretary of the Department of Shared Services. The Secretary of the Department of Shared Services will work in conjunction with the Chief Fiscal Officer to determine the available funding for Annual Career Service Recognition Payments.
- [Act 981](#) eliminated language in A.C.A 21-5-211 which provided for the pay plan implementation. This language dictated the amounts employees received in FY18 when the new pay plan was introduced.
- There is no Cost of Living Adjustment authorized in [Act 981](#). However, employees are eligible for salary increases through A.C.A 21-5-1101 based on performance evaluations and the merit increase pay system.

Act 763 of 2019: Institutions of Higher Education Uniform Classification and Compensation Act

- [Act 763](#) implemented a new pay plan structure for the institutions of higher education. The minimum salary levels were adjusted for each pay grade due to the new minimum wage standards. The salary maximums are adjusted for grades based on the new entry with 55% variation between the minimum and maximum of the grade. A 4% adjustment is established between the grades.
- To implement the new pay plan structure, the rate of compensation a classified employee will receive on July 1, 2019 is a one percent (1%) increase above the employee's current salary. This salary may allow an employee's compensation to exceed the maximum pay level amount set out for the position.
- In addition to the 1% compensation increase to the maximum annual salary on July 1, 2019, the salary may be increased by up to two percent (2%) with written approval by the Director of the Department of Higher Education; or more than two percent (2%) only with written approval of the director after review by the Legislative Council or, if the General Assembly is in session, the Joint Budget Committee. The salary increase may be established as an increase to the employee's salary or as a lump sum.
- With the approval of the Legislative Council or, if the General Assembly is in session, the Joint Budget Committee, salaries may exceed the maximum pay level for the grade assigned by the classification by no more than twenty-five percent (25%) for no more than ten percent (10%) of the positions authorized in the institution's appropriation act.
