OF FUNDS — PROMOTIONAL ITEMS. The Chief Fiscal Officer of the State shall
establish, upon request from the Department of Career Education, a special
appropriation line item to be used in the acquisition of promotional items.
When the Department of Career Education wishes to transfer monies from its

Determining the maximum number of employees and the maximum amount of
appropriation and general revenue funding for a state agency each fiscal year
is the prerogative of the General Assembly. This is usually accomplished by
delineating such maximums in the appropriation act(s) for a state agency and
the general revenue allocations authorized for each fund and fund account by
amendment to the Revenue Stabilization law. Further, the General Assembly
has determined that the Department of Career Education may operate more
efficiently if some flexibility is provided to the Department of Career
Education authorizing broad powers under this Section. Therefore, it is both
necessary and appropriate that the General Assembly maintain oversight by
requiring prior approval of the Legislative Council or Joint Budget Committee
as provided by this section. The requirement of approval by the Legislative
Council or Joint Budget Committee is not a severable part of this section.
If the requirement of approval by the Legislative Council or Joint Budget
Committee is ruled unconstitutional by a court of competent jurisdiction,
this entire section is void.

The provisions of this section shall be in effect only from July 1, 2019 through June 30, 2020.

ESTABLISHMENT OF A "GROWTH POOL". (a) The Arkansas Department of Higher
Education shall establish and maintain for the 2018-2019 2019-2020 fiscal
year a pool of three hundred (300) nonclassified positions at a salary level
not to exceed $302,356 $307,741. These positions are to be used by the
University of Arkansas for Medical Sciences in the event that the personal
services needs of the University during the 2018-2019 2019-2020 fiscal year
exceed the number of positions allocated to the University by the
Legislature. The University shall provide justification to the Arkansas
Department of Higher Education for the need to allocate titles from this
"growth pool". No classifications will be assigned to the pool until such
time as specific positions are requested by the University, approved by the
University Board or their designee, and approved by the Legislative Council
or Joint Budget Committee. Furthermore, the Office of Personnel Management
(OPM) of the Division of Management Services of the Department of Finance and
Administration the Arkansas Department of Higher Education shall establish
and maintain for the 2018-2019 2019-2020 fiscal year a pool of three hundred
(300) career service positions up to a C130. These positions are to be used
by the University of Arkansas for Medical Sciences in the event that the
personal services needs of the University during the 2018-2019 2019-2020
fiscal year exceed the number of positions in a classification allocated to
the University by the Legislature. The University shall provide justification
to OPM the Arkansas Department of Higher Education for the need to allocate
titles from this "growth pool". No classifications will be assigned to the
pool until such time as specific positions are requested by the University,
recommended by OPM the Arkansas Department of Higher Education, and approved
by the Legislative Council or Joint Budget Committee.

(b) Determining the number of personnel to be employed by a state agency
is the prerogative of the General Assembly and is usually accomplished by
delineating the maximum number of personnel by identifying the job titles and
the maximum grade or salary attached to those salaries. The General Assembly
has determined that the University of Arkansas for Medical Sciences could be
operated more efficiently if some flexibility is given to that institution.
That flexibility is being accomplished by providing growth pools in
subsection (a) of this section and since the General Assembly has granted the
institution broad powers under the growth pool concept, it is both necessary
and appropriate that the General Assembly maintain oversight of the
utilization of the growth pool by requiring prior approval of the Legislative
Council or Joint Budget Committee in the utilization of the growth pool.
Therefore, the requirement of approval by the Legislative Council or Joint
Budget Committee is not a severable part of this section. If the requirement
of approval by the Legislative Council or Joint Budget Committee is ruled
unconstitutional by a court of competent jurisdiction, this entire section is
void.

If the agency requests continuation of a "Growth Pool" position(s) as
established herein during the next fiscal year, the position(s) must be
requested as a new position(s) in the agency's budget request.

The provisions of this section shall be in effect only from July 1, 2018
