DEPARTMENT OF HUMAN SERVICES, MEDICAL SERVICES

SUBJECT: Emergent Care Section I-6-17

DESCRIPTION: Effective for dates of service on or after May 1, 2018, four primary care visits per state fiscal year to a hospital based walk-in clinic or hospital based emergent care center will no longer require a referral from a primary care physician if the beneficiary has not yet been assigned a primary care physician. These visits still count toward existing benefit limits.

PUBLIC COMMENT: No public hearing was held. The public comment period expired on February 8, 2018. The Department received no comments.

The proposed effective date is upon approval by the Legislature.

FINANCIAL IMPACT: There is no financial impact.

LEGAL AUTHORIZATION: The Department of Human Services is authorized to “make rules and regulations and take actions as are necessary or desirable to carry out the provisions of this chapter [Public Assistance] and that are not inconsistent therewith.” Arkansas Code Annotated §20-76-201 (12). Arkansas Code §20-77-107 specifically authorizes the department to “establish and maintain an indigent medical care program.” The Department is authorized to promulgate rules as necessary to conform to federal rules that affect its programs as necessary to receive any federal funds. See Ark. Code Ann. §25-10-129(b) (Supp. 2017).

Act 546 of 2017, sponsored by Representative Aaron Pilkington, mandates that the Arkansas Medicaid Program provide for reimbursement for up to four (4) healthcare visits per year at an emergent care clinic or a walk-in clinic when the Medicaid beneficiary does not have a primary care provider assigned if the walk-in clinic or emergent care is associated with a hospital. See Ark. Code Ann. §20-77-132 (Supp. 2017). Under Arkansas law, an “emergent care clinic” is a walk-in clinic focused on the delivery of ambulatory care in a facility outside of traditional emergency care, and a “walk-in clinic” is a medical clinic that accepts patients on a walk-in basis without an appointment. See Ark. Code Ann. §20-77-132 (Supp. 2017).

SHORT TITLE OF THIS RULE  Emergent Care/Section 1-6-17

1. Does this proposed, amended, or repealed rule have a financial impact?  Yes ☐  No ☒

2. Is the rule based on the best reasonably obtainable scientific, technical, economic, or other evidence and information available concerning the need for, consequences of, and alternatives to the rule?  Yes ☒  No ☐

3. In consideration of the alternatives to this rule, was this rule determined by the agency to be the least costly rule considered?  Yes ☒  No ☐

If an agency is proposing a more costly rule, please state the following:

(a) How the additional benefits of the more costly rule justify its additional cost:

(b) The reason for adoption of the more costly rule;

(c) Whether the more costly rule is based on the interests of public health, safety, or welfare, and if so, please explain; and;

(d) Whether the reason is within the scope of the agency’s statutory authority; and if so, please explain.

4. If the purpose of this rule is to implement a federal rule or regulation, please state the following:

(a) What is the cost to implement the federal rule or regulation?

7. With respect to the agency’s answers to Questions #5 and #6 above, is there a new or increased cost or obligation of at least one hundred thousand dollars ($100,000) per year to a private individual, private entity, private business, state government, county government, municipal government, or to two (2) or more of those entities combined?

Yes [ ] No [x]

If YES, the agency is required by Ark. Code Ann. § 25-15-204(e)(4) to file written findings at the time of filing the financial impact statement. The written findings shall be filed simultaneously with the financial impact statement and shall include, without limitation, the following:

(1) a statement of the rule’s basis and purpose;

(2) the problem the agency seeks to address with the proposed rule, including a statement of whether a rule is required by statute;

(3) a description of the factual evidence that:
   (a) justifies the agency’s need for the proposed rule; and
   (b) describes how the benefits of the rule meet the relevant statutory objectives and justify the rule’s costs;

Revised January 2017
(4) a list of less costly alternatives to the proposed rule and the reasons why the alternatives do not adequately address the problem to be solved by the proposed rule;

(5) a list of alternatives to the proposed rule that were suggested as a result of public comment and the reasons why the alternatives do not adequately address the problem to be solved by the proposed rule;

(6) a statement of whether existing rules have created or contributed to the problem the agency seeks to address with the proposed rule and, if existing rules have created or contributed to the problem, an explanation of why amendment or repeal of the rule creating or contributing to the problem is not a sufficient response; and

(7) an agency plan for review of the rule no less than every ten (10) years to determine whether, based upon the evidence, there remains a need for the rule including, without limitation, whether:
   (a) the rule is achieving the statutory objectives;
   (b) the benefits of the rule continue to justify its costs; and
   (c) the rule can be amended or repealed to reduce costs while continuing to achieve the statutory objectives.
SUMMARY FOR FOUR VISIT-NO REFERRALS

Effective for dates of service on or after April 1, 2018 four primary care visits per state fiscal year to a hospital based walk-in clinic or hospital based emergent care center will no longer require a referral from a primary care physician; if the beneficiary has not yet been assigned a primary care physician. These visits still count toward existing benefit limits.
