### Presentation of New Business

Co-Chair Bledsoe recognized Ms. Amy Fecher, Secretary, Department of Transformation and Shared Services to present the updates on Act 910 of 2019, Transformation and Efficiencies Act of 2019. Amy Fecher reported that after Act 910 was signed into law on July 1, 2019, there was a committee created of fifteen (15) state employees from across various agencies, called the *Transformation Transition Team*. Each Secretary was given necessary information on every entity within their department to review. Amy Fecher referred members to (Exhibit H) the Transformation Report, required by Act 910 of the 92<sup>nd</sup> General Assembly, which includes a ninety (90) day action plan timeline for Secretaries, that was requested by Senator Will Bond. Amy Fecher reported that each Secretary is to provide an evaluation and make a recommendation on efficiencies. The report should include a report on fleet, property analysis, department wide policy-in attempts to make it uniformed across all state agencies, coordination of boards and commissions, evaluations on grant and loan programs, and at the end of the Fiscal Year 20, an overall "state of the department" report. Amy Fecher further states, a report on identified efficiencies is also required of each department.

The first report submitted by each department Secretary can be found on the Arkansas Governor's website ([www.governor.arkansas.gov](http://www.governor.arkansas.gov)), under the tab Government Transformation - Shared Services Report. Amy Fecher reported that since July 1, 2019,:

- Department of Public Safety has begun servicing all vehicles from Department of Public Safety and Arkansas State Police, resulting in a savings of an estimated \$6,000.00; Arkansas State Police terminated three (3) leases that will result in an estimated savings of \$36,000.00 this year;
- Department of Energy and Environment will combine regional offices for Oil and Gas Commission and Arkansas Department of Environmental Quality, in areas where each agency has a facility present; Geological Survey will use department labs instead of paying third party labs;

- Department of Labor and Licensing will implement an online payment processor and digital inspection for all their entities;
- Department of Commerce and Arkansas Economic Development Commission will combine some of their fleet which will save an estimated \$8,000.00 a year;
- The Arkansas Health Insurance Marketplace was converted into a private entity, under the State Insurance Department, which will result in a savings of \$13 million in reduction of premium costs by consumer taxpayers in year 2020;
- The Securities Department saved \$300.00 on printing by using the print shop at Department of Workforce Services;
- The Waterways Commission saved \$583.00 by returning their postage machine.

Amy Fecher reports that through the Arkansas Building Authority's leadership, a Master Facilities Plan is being put in place, using a 4-C's program for co-locating. In the fall, several agencies will move into the old Verizon Building which will become known as the Department of Commerce Building. Licensing departments are also looking into fee reductions.

Co-Chair Bledsoe recognized Senator Kim Hammer for questions. Senator Hammer asked what were Department Secretaries doing about eliminating positions that are currently occupied by individuals to find reduction of costs through the reduction of personnel. Amy Fecher responded that no one is to lose a job by the transition, but through attrition, if those positions become vacant, the job will be evaluated before it is filled. The duties may be spread out among the divisions, and there may not be a need to fulfill the position.

Co-Chair Bledsoe recognized Representative Megan Godfrey who requested a flow/organizational chart of the new Secretaries and Directors and all their contact information. Amy Fecher informed Representative Godfrey that she will get that information to Marty Garrity, Executive Secretary of the Arkansas Legislative Council; however, an organizational chart is currently available on the Arkansas Governor's website ([www.governor.arkansas.gov](http://www.governor.arkansas.gov)).

Co-Chair Bledsoe asked if there were any further questions or discussion. There were no further questions.

### **Interim Study Proposals**

Co-Chair Bledsoe referred members to the new interim study proposals listed as Exhibit I.1 – Exhibit I.3 on the agenda and asked if there were any questions.

1. **Interim Study Proposal 2019-137, by Representative Vivian Flowers**, which is an act to establish the Arkansas Litter Reduction and Deposit Beverage Container Recycling Act, to require the labeling of deposit beverage containers sold in Arkansas, and to establish The Deposit Beverage Container Recycling Program.
2. **Interim Study Proposal 2019-140, by Representative Denise Garner**, requesting the Legislative Council refer to the House Committee on Public Health, Welfare, and Labor a study of a possible requirement that a person lawfully carrying a concealed handgun use a restraint holster that decreases the likelihood of a concealed handgun being dropped or otherwise misplaced and increases the safety of both the person carrying the concealed handgun and the public in general.

3. **Interim Study Proposal 2019-141, by Representative Denise Garner**, requesting the Legislative Council refer to the House Committee on Public Health, Welfare, and Labor a study on the implementation of a background check system for a person who attempts to purchase a firearm or to acquire a firearm by transfer from a third party.

**Seeing no questions on Interim Study Proposal 2019-137, Senator Jason Rapert made a motion to refer ISP 2019-137 to the House Committee on Public Health, Welfare, and Labor. The motion was seconded, and passed by voice vote.**

Co-Chair Bledsoe asked if there were any questions or discussion on ISP 2019-140, by Representative Denise Garner. Co-Chair Bledsoe recognized Senator Terry Rice for questions.

Senator Rice stated that Interim Study Proposals 2019-140 and 2019-141, by Representative Denise Garner, in his opinion are anti-Second Amendment.

**Senator Rice made a motion to not refer ISP 2019-140 and ISP 2019-141 to the House Committee on Public Health, Welfare, and Labor.**

Co-Chair Bledsoe asked if there was any further questions or discussion. Co-Chair Bledsoe recognized Senator Linda Chesterfield for discussion. She expressed that while it wasn't a common practice to not refer a study to a committee, it was uncommon for a legislative body to eliminate the opportunity to study an issue, and she requests a no vote.

Co-Chair Bledsoe recognized Representative Reginald Murdock, as he explained that he, too, concurs with the statements of Senator Chesterfield. He would prefer that the legislative body study the issue, even if it is not passed.

Co-Chair Bledsoe recognized Senator Kim Hammer who stated he thought gun bills went to the Judiciary Committee and not the Committee on Public Health, Welfare, and Labor. Co-Chair Bledsoe validated his statement. Senator Hammer requested to not hear the ISP's at this current meeting, but to have the sponsor bring it before the Arkansas Legislative Council committee next month in October, and refer it to the correct committee.

Co-Chair Bledsoe recognized Senator John Payton for discussion. Senator Payton stated that he does not think taxpayers would be supportive of using taxpayers' dollars to have meetings or pay for expert advice in regards to the aforementioned ISP's. Co-Chair Bledsoe recognized Senator Keith Ingram, who stated that Congressman J. Dickey-Republican, once stated that he made a mistake in Congress by voting and sponsoring to prohibit the CDC from studying this exact matter in 1992. Senator Ingram further stated, that over time, Congressman J. Dickey, realized the importance of a study, and found it necessary in order to make sound decisions. Co-Chair Bledsoe recognized Representative Denise Garner for discussion. Representative Garner responded that the ISP's are being referred to the Public Health, Welfare, and Labor Committee, because she does not believe that the issues have anything to do with the Second Amendment. Representative Garner says it has to do with the health and safety of those using guns or are around people who are using guns. Representative Garner further stated that her intent is to make guns safer, not take them away.

Co-Chair Bledsoe recognized Senator Trent Garner and Senator Bob Ballinger for further discussion.

**Co-Chair Bledsoe recognized Senator Terry Rice to restate his motion. Senator Rice made a motion to not refer ISP 2019-140 and ISP 2019-141 to the Committee on Public Health, Welfare, and Labor. The motion was seconded, and passed by voice vote.**
