

Report of the
Joint Advanced Communications and Information Technology Committee
To the
Arkansas Legislative Council

May 18, 2018

Senator Bill Sample, Co-Chair
Representative Jim Dotson, Co-Chair

Dear Chairs:

The Joint Committee on Advanced Communications and Information Technology (ACIT) met on May 14, 2018, and reviewed the request by the Department of Information Systems (DIS) for proposed new rates of service by Arkansas Code §25-4-119 (b)(3)(B) for Fiscal Year (FY) 2019.

The request is proposed to more properly align cost with the benefit being received by customer agencies and thus to allocate cost to federal awards in accordance with applicable requirements.

The ACIT Committee has favorably reviewed this request and reports this action to the Arkansas Legislative Council.

Respectfully Submitted,

Senator Bill Sample, Co-Chair

Representative Stephen Meeks, Co-Chair
