MEMORANDUM

TO: Larry Walther, Secretary
 Paul Louthian, Deputy Director

FROM: John Shelnutt, Economic Analysis & Tax Research JS

SUBJECT: **General Revenue Report for November (FY 2022)**

DATE: December 2, 2021 Copy: Governor's Office

YEAR-TO-DATE REVENUE SUMMARY

Year-to-date Net Available General Revenues: Year-to-date net available general revenues total \$2,773.0 million, \$79.5 million or 3.0 percent above year ago levels. After five months into the fiscal year, Net Available revenue is above the revised forecast by \$73.0 million or 2.7 percent. Comparisons with year ago collections remain somewhat distorted by the Income Tax due date shift to July of last year as a one-time change for pandemic relief efforts and the occurrence of two income tax filing dates in that fiscal year.

Year-to-date Gross General Revenues: Year-to-date gross collections total \$3,176.4 million, representing an increase of \$84.2 million or 2.7 percent above last year. Gross general revenues are above forecast by \$71.2 million or 2.3 percent.

Year-to-date Individual Income Taxes: Year-to-date individual income tax collections total \$1,421.2 million, \$100.7 million or -6.6 percent below FY 2021 collections and \$41.7 million or 3.0 percent above forecast. Tax due date shift accounts for the disparity against year ago levels while Individual Return payments, Estimated Payments, and Payroll Withholding collections account for the current gains above forecast.

Year-to-date individual income tax refunds total \$91.7 million, down \$17.3 million or -15.9 percent compared to last year and \$9.3 million or 11.3 percent above forecast. Tax due date shifts accounted for differences in refund levels in the year ago comparison.

Year-to-date Sales and Use Tax Collections: On a year-to-date basis, sales and use taxes total \$1,280.6 million, an increase of \$117.9 million or 10.1 percent from FY 2021 and \$21.4 million or 1.7 percent above forecast.

Year-to-date Corporate Income Taxes: Year-to-date corporate revenues total \$235.1 million, an increase of \$62.0 million from year-to-date FY 2021. Corporate income is above forecast by \$2.4 million or 1.0 percent. Corporate Estimated Payments exceeded year ago and forecast levels.

Year-to-date corporate income tax refunds total \$17.9 million, a decrease of \$4.3 million compared to the same year-to-date period last year.

NOVEMBER REVENUE SUMMARY

November Net Available General Revenues total \$500.0 million, \$36.0 million or 7.8 percent above last year and \$57.2 million or 12.9 percent above forecast.

Net Available revenue results were above the revised forecast in all major categories in November. Individual Income Tax collections benefited largely from Payroll Withholding and Returns with payments. Corporate Estimated Payments also exceeded forecast levels. Sales Tax collection growth was broad based with a mix of rebounding sectors hit harder during Covid19 and sustained growth in early-gaining sectors.

Among smaller revenue sources, Tobacco was above forecast by \$1.6 million and below year ago collections. Results in Gaming revenue exceed forecast for the month by \$0.2 million.

November Gross General Revenues: November collections total \$587.2 million, an increase of \$53.7 million or 10.1 percent above last year and \$53.6 million or 10.1 percent above forecast. Gains in Gross revenue from collections were broad-based in November.

November Individual Income Tax collections total \$270.9 million. Collections increased by \$18.3 million or 7.3 percent compared to last year. With respect to the forecast, collections were \$31.3 million or 13.1 percent above forecast. Individual Withholding Tax revenue increased 6.7 percent compared to last year.

November Individual Income Tax Refunds total \$22.0 million, \$14.2 million above last year and \$8.7 million above forecast. Refund claims above forecast reduce net revenue results.

November Sales and Use Tax Collections: November collections total \$251.4 million, an increase of \$31.8 million or 14.5 percent above last year. Collections were above

monthly forecast levels by \$19.0 million or 8.2 percent. Major reporting sectors of Sales Tax displayed mixed results compared to year ago, with high growth in sectors that experienced later recovery and lower growth in sectors that rebounded earlier.

November Corporate Income Tax collections total \$8.0 million, a decrease of \$0.5 million from year ago, and \$0.6 million above forecast. Most of the gain was concentrated in quarterly Corporate Estimated Payments.

November Corporate Income Tax Refunds total \$5.1 million. This amount is \$3.9 million below year ago levels. Refunds were \$13.9 million below forecast.

November Tobacco Tax collections, a smaller component of general revenue in annual terms, total \$18.6 million. Collections decreased by \$1.3 million from year earlier levels and were above forecast by \$1.6 million. Monthly changes in tobacco tax collections can be attributed to uneven patterns of stamp sales to wholesale purchasers.

SPECIAL REVENUES OF NOTE

Educational Adequacy Fund: Act 107 of the Second Extraordinary Session of 2003 increased the state sales and use tax rate from 5.125% to 6.0%, effective March 1, 2004. Effective July 1, 2004 a new sales tax on selected services went into effect in addition to an increase in vending machine decal fees. Act 94 increased the minimum corporate franchise tax and the tax rate, effective for calendar years beginning January 1, 2004.

The additional revenues are deposited as special revenues to the Educational Adequacy Fund to be used to fulfill the financial obligations of the state to provide an adequate educational system. In November 2021, \$53.3 million was collected and deposited to the fund. After deductions, the net amount is \$51.7 million. The monthly collection is equivalent to a 17.4 percent increase from prior year collections.
