Memorandum

To: Senator David Johnson and Representative Barry Hyde, Co-Chairs
PEER Review Sub-Committee, Arkansas Joint Budget Committee

From: Jane Benton, Director 

Date: February 14, 2011

Subject: State Procurement Semiannual Minority Report – July through December 2010

The Office of State Procurement (OSP) works jointly with the Small and Minority Business Division (SMB) of the Arkansas Economic Development Commission to analyze the State's usage of minority businesses in contracting. Act 1222 of 2009, more commonly known as the Minority Business Economic Development Act (MBDA) clarified language in ACA §15-4-301 and developed new reporting criteria for State agencies, colleges and universities of their usage of minority businesses, which is reported through the Minority Business Council to the Governor. Neither I, nor Patricia Nunn Brown, Division Director of the Small and Minority Business Division, knew of ACA §25-36-104 at the time or we could have possibly incorporated all Minority Business reporting into one Act.

Currently, ACA §25-36-104 requires me to report semiannually to the Governor and to the co-chairs of the Legislative Council, the Legislative Joint Auditing Committee and the Minority Business Advisory Council on the following:

- (A) The dollar amount for State contracts greater than \$25,000 awarded to a minority-owned business.
Attached is a spreadsheet reflecting the amount of contracts awarded through the Office of State Procurement for the first six months of Fiscal Year 2011. This list includes statewide contracts, contracts developed for State Agencies without an agency procurement official, and professional consultant service contracts.
- (B) The total dollar amount spent on contracts by each state agencies, colleges and universities.
The Small and Minority Business Division of the Arkansas Economic Development Commission is currently the State Agency responsible for collecting, tracking and reporting quarterly on the amount spent with Minority Businesses.
- (C) The number and percentage of minority-owned businesses awarded contracts by the agency.
The number and percentage of minority-owned businesses awarded contracts by OSP for the first two quarters of Fiscal Year 2011 is 1.69%.

Within the past two years, the Office of State Procurement and the Small and Minority Business Division have made significant strides to improve minority business visibility with all State Agencies. SMB created and implemented the development of the "Minority View" dashboard portal used to monitor, track and report state funds being spent with minority businesses by state agencies, colleges and universities. Both offices participate in trade shows and association meetings to assist in the education of vendors and agencies.
