

ADH Discretionary Sub Grants for November 2019 Review Subcommittee of the ALC

7. Agency: 0645 - Arkansas Department of Health
Center for: Health Advancement
Branch: Chronic Disease Prevention and Control Branch
Section:

Grantee: Arkansas Health Group Sherwood Family Medical Ctr
11001 Executive Center Drive, Suite 20
Little Rock, AR 72211

Term: 12/01/2019 to 06/29/2020
Cost: \$19,723.80
Funding Source: 100% Federal

Selection: Solicited Proposal
Agreement #: 4600045626

Purpose: **Amendment #:** **Amount: \$**
Primary care clinics participate in ACT (Arkansas Clinical Transformation) through sub-grants and awardees are expected to employ strategies for clinic redesign, identify and manage high-risk patients with hypertension, hypercholesterolemia, prediabetes/diabetes and arthritis through the development of patient registries in electronic health records (EHRs), adapt EHRs for clinical decision support, collect and submit clinical quality measure data, along with activity narratives, to the Arkansas Department of Health and show improved performance in patient outcomes over time. As part of program expectations, ACT clinics receive training from ACT faculty and other invited speakers to improve care for patients with chronic disease, adopt evidence-based programs and implement guidelines-based preventive screening to move the needle for population health management and chronic disease outcomes.

Selection: Request for Application
Agreement #: 4600043393

Purpose: Amendment #: 01 Amount: \$81,250.00

ARcare will offer determined statewide HIV prevention projects to increase early HIV diagnosis through HIV testing and counseling which will ensure entry into an appropriate care continuum and address any obstacles to continued care. ARcare will seek to reduce new HIV infections in the state of Arkansas through education, awareness and will provide HIV prevention/reduction tools to Arkansas communities, statewide, while focusing on communities at high risk for HIV in locations hosting Ryan White HIV case management offices and strong community partners. This project will expand into areas needing to develop community partners and prevention programs. ARcare will provide voluntary testing, counseling, outreach, education and linkage to care to high risk populations.
