Disability Determination for Social Security Administration (DDSSA)

Previously this year, the Personnel Committee approved 92 pool positions to help the federal government eliminate the backlog of federal disability cases. In Phase 2 of this process, DDSSA is requesting fifty (50) additional DDSSA Adjudicator V, positions whose workload will primarily focus on Arkansas claims. All of these positions are 100% federally funded.

OPM is requesting to add the following positions to DDSSA:

Add 50 Positions

X207C DDSSA Adjudicator V Gd GS10

This would also require increasing appropriation 2QQ DDSSA Federal Operations, by \$3,717,800, which is as follows:

Regular Salaries: \$2,801,950
Match: \$ 915,850

Your favorable consideration of these requests is greatly appreciated.

Sincerely,

Kay Barnhill, Director
Office of Personnel Management
