5. Natural Resources Commission - Flood Insurance Program - CTP12 PM	The Cooperating Technical Partners (CTP) Program is an innovative approach to creating partnerships between the Federal Emergency Management Agency (FEMA) and participating organizations that have the interest and capability to become more active participants in the FEMA flood hazard mapping program. This partnership provides collaboration in maintaining up-to-date flood hazard maps and other flood hazard information. The CTP12 Program Management Grant will be used for an Engineering Services Contract to perform an annual update of state and local business plans. A portion of the grant will also be used for operating expenses to support the administration of the grant.	\$50,000	0	X		N/A
