Subject: Agency Rent

Kevin and Wendy,

These are the agencies, not including DHS, that we know of paying rent to themselves. I'm working to get information on whether or not DHS should be on this list.

Agency #	Agency Name					Reason
0375	Teacher Retirement System					For accounting and tracking purposes to keep the investment portion of the building and administrative expense to the agency separate, ATRS pays rent from our treasury fund to the trust fund.
0500	Department of Education					Pays rent to provide funding for building maintenance
0610	Department of Finance & Administration - Administrative Services					Pays Building Authority which is now a part of DFA
0630	Department of Finance & Administration - Revenue Services					Pays Building Authority which is now a part of DFA
