

224-25-5 CLASSIFICATION & EXPERIENCE

~~(c) A contractor holding the classification(s) of Heavy Construction (HC), Highway, Railroad & Airport Construction (HRA), Municipal & Utility Construction (MU), Building (B) or Light Building (LB) is considered to be a General Contractor in its respective market. A licensed General Contractor may perform Construction Management within the scope of the license held in its respective market. All other classifications are considered to be subcontractors. A contractor considered to be a General Contractor shall maintain proper personnel, financial ability and facility to perform for the owner the coordination, development and management expertise required for the entire project being performed or managed by the contractor.~~

224-25-9 HEARINGS & APPEALS

(b) Appeals from decisions of the Residential Building Contractors Committee:

(1) Appeals from decisions of the Residential Building Contractors Committee to the Board shall be in writing and filed with the Board within 10 calendar days of the date the decision was served upon the respondent.
