LEGISLATIVE RESEARCH

A. Pursuant to Arkansas Code Annotated § 17-95-1101, this Rule shall be known and cited as the "Rule 43 - Arkansas Genetic Counselor Licensure."

B. Pursuant to Arkansas Code Annotated § 17-95-1102, definitions as used in this Rule: "Genetic counseling" means the process of assisting individuals with understanding and adapting to the medical, psychological, and familial implications of genetic contributions to disease, which includes without limitation:

1. Interpreting family and medical histories to assess the chance of disease occurrence or recurrence.
2. Educating an individual or an individual's family about inheritance, testing, management, prevention, resources, and research.
3. Counseling an individual or an individual's family to promote informed choices and adaption to the risk or condition.
4. Estimating the likelihood of occurrence or recurrence of any potentially inherited or genetically influenced condition which may involve:
 - a. Obtaining and analyzing a complete health history of the individual and the individual's family;
 - b. Reviewing the pertinent medical records;
 - c. Evaluating the risks from exposure to possible mutagens or teratogens; and
 - d. Discussing genetic testing or assist in the diagnosis of a condition to determine the carrier status of one (1) or more family members.
5. Assisting the individual, the individual's family, the individual's healthcare provider, or the public to:
 - a. Appreciate the medical, psychological, and social implications of a disorder, including the features, variability, usual course, and management options of the disorder;
 - b. Learn how genetic factors contribute to the disorder and affect the chance for recurrence of the condition in other family members;
 - c. Understand available options for coping with, preventing, or reducing the chance of occurrence or recurrence of a condition; and

d. Understand genetic tests, including without limitation diagnostic genetic tests, screening tests, or predispositional genetic tests, coordinate testing for inherited disorders, and interpret complex genetic test results.

6. Facilitating an individual's or an individual's family's:

a. Exploration of the perception of risk and burden associated with a genetic disorder;

b. Decision-making regarding testing or medical interventions consistent with their beliefs, goals, needs, resources, culture, and ethical or moral views; and

c. Adjustment and adaption to the condition or their genetic risk by addressing needs for psychological, social, and medical support.

7. "Licensed genetic counselor" means a person who is licensed under this Rule to engage in the practice of genetic counseling; and

8. "Supervision" means the ongoing, direct clinical review for the purposes of training or teaching, by an approved supervisor who monitors the performance of a person's supervised interaction with a client and provides regular documented face-to-face consultation, guidance, and instructions with respect to the clinical skills and competencies of the person supervised.

9. "Supervision" may include without limitation the review of case presentation, audio tapes, video tapes, and direct observation.

C. Pursuant to Arkansas Code Annotated § 17-95-1103 exemptions from genetic licensure. This Rule does not require licensure as a genetic counselor of:

20

SECTION 1. Arkansas Code Title 17, Chapter 95, is amended to add an
21 additional subchapter to read as follows:

22

Subchapter 11 – Arkansas Genetic Counselor Licensure Act

23

24

17-95-1101. Title.

25

This subchapter shall be known and may be cited as the "Arkansas
26 Genetic Counselor Licensure Act".

27

28

17-95-1102. Definitions.

29

As used in this subchapter:

30

(1) "Genetic counseling" means the process of assisting
31 individuals with understanding and adapting to the medical, psychological,
32 and familial implications of genetic contributions to disease, which includes
33 without limitation:

34

(A) Interpreting family and medical histories to assess
35 the chance of disease occurrence or recurrence;

36

(B) Educating an individual or an individual's family

1 about inheritance, testing, management, prevention, resources, and research;

2 (C) Counseling an individual or an individual's family to
3 promote informed choices and adaption to the risk or condition;

4 (D) Estimating the likelihood of occurrence or recurrence
5 of any potentially inherited or genetically influenced condition which may
6 involve:

7 (i) Obtaining and analyzing a complete health
8 history of the individual and the individual's family;

9 (ii) Reviewing the pertinent medical records;

10 (iii) Evaluating the risks from exposure to possible
11 mutagens or teratogens; and

12 (iv) Discussing genetic testing to assist in the
13 diagnosis of a condition or determine the carrier status of one (1) or more
14 family members;

15 (E) Assisting the individual, the individual's family, the
16 individual's healthcare provider, or the public to:

17 (i) Appreciate the medical, psychological, and
18 social implications of a disorder, including the features, variability, usual
19 course, and management options of the disorder;

20 (ii) Learn how genetic factors contribute to the
21 disorder and affect the chance for recurrence of the condition in other
22 family members;

23 (iii) Understand available options for coping with,
24 preventing, or reducing the chance of occurrence or recurrence of a
25 condition; and

26 (iv) Understand genetic tests, including without
27 limitation diagnostic genetic tests, screening tests, or predispositional
28 genetic tests, coordinate testing for inherited disorders, and interpret
29 complex genetic test results; and

30 (F) Facilitating an individual's or an individual's
31 family's:

32 (i) Exploration of the perception of risk and burden
33 associated with a genetic disorder;

34 (ii) Decision-making regarding testing or medical
35 interventions consistent with their beliefs, goals, needs, resources,
36 culture, and ethical or moral views; and

1 (iii) Adjustment and adaption to the condition or
2 their genetic risk by addressing needs for psychological, social, and medical
3 support;

4 (2) "Licensed genetic counselor" means a person who is licensed
5 under this subchapter to engage in the practice of genetic counseling; and

6 (3)(A) "Supervision" means the ongoing, direct clinical review
7 for the purposes of training or teaching, by an approved supervisor who
8 monitors the performance or a person's supervised interaction with a client
9 and provides regular documented face-to-face consultation, guidance, and
10 instructions with respect to the clinical skills and competencies of the
11 person supervised.

12 (B) "Supervision" may include without limitation the
13 review of case presentation, audio tapes, video tapes, and direct
14 observation.

15
16 17-95-1103. Exemptions from genetic counselor licensure.

17 This subchapter does not require licensure as a genetic counselor of:

18 (1) An individual who is licensed or lawfully permitted to
19 practice by this state as a healthcare professional and who is practicing
20 within his or her scope of practice, including without limitation a physician
21 or an advanced practice registered nurse;

22 (2) An individual who has successfully completed an accredited
23 genetic counseling training program and who is:

24 (A) Reapplying for the American Board of Genetic
25 Counseling certification examination and gathering logbook cases under
26 supervision in an approved genetic counseling training site; or

27 (B) Practicing under direct supervision of a licensed
28 physician;

29 (3) A student enrolled in an approved academic program in
30 genetic counseling if the practice constitutes a part of a supervised course
31 of study and the student is designated by a title that clearly indicates the
32 student's status as a student or trainee;

33 (4)(A) An individual who is employed by a state genetics center
34 to provide education regarding single gene conditions, including without
35 limitation sickle cell, cystic fibrosis, and hemoglobinopathies.

36 (B) An individual described in subdivision (4)(A) of this

1 section shall not use the title "genetic counselor" or any other title
2 tending to indicate that he or she is a genetic counselor unless he or she is
3 licensed in this state; and

4 (5)(A) A visiting genetic counselor who is certified by the
5 American Board of Genetic Counseling or American Board of Medical Genetics
6 from outside the state performing activities and services for a period of
7 thirty (30) days each year.

8 (B) A visiting genetic counselor shall be licensed if the
9 license is available in his or her home state.

10

11 17-95-1104. Authority of the Arkansas State Medical Board.

12 The Arkansas State Medical Board shall:

13 (1) Develop appropriate rules necessary to regulate genetic
14 counselors;

15 (2) Receive, review, and approve applications for genetic
16 counselor licensure;

17 (3) Issue, renew, suspend, revoke, or deny licensure as a
18 genetic counselor;

19 (4) Conduct hearings on investigative and disciplinary
20 proceedings;

21 (5)(A) Maintain a database of all licensees and all persons
22 whose licenses have been suspended, revoked, or denied.

23 (B) Access to a database under subdivision (5)(A) of this
24 section shall be available upon written request and payment of an appropriate
25 fee as determined by the board; and

26 (6) Perform other functions and duties required to carry out
27 this subchapter.

28

29 17-95-1105. Title protection.

30 A person shall not use or assume the title "licensed genetic counselor"
31 or "genetic counselor" or use any words, letters, abbreviations, or insignia
32 indicating or implying that the person holds a genetic counselor license
33 unless the person is licensed by the Arkansas State Medical Board.

34

35 17-95-1106. Genetic counselor licensure.

36 (a) The Arkansas State Medical Board shall license as a licensed

1 genetic counselor an applicant who:

2 (1) Submits an application approved by the Arkansas State
3 Medical Board;

4 (2) Pays an application fee approved by the Arkansas State
5 Medical Board that is comparable to other fees for licensure of other
6 midlevel healthcare professionals licensed by the Arkansas State Medical
7 Board; and

8 (3) Provides evidence of:

9 (A) Having earned a master's degree from a genetic
10 counseling training program that is accredited by the American Board of

12 Genetic Counseling or the American Board of Medical Genetics; and

13 (B) Meets the examination requirements for certification
14 and has current certification as a genetic counselor by the American Board of
15 Genetic Counseling or the American Board of Medical Genetics.

16 (b)(1) The Arkansas State Medical Board may issue a license to an
17 applicant who provides evidence that he or she is licensed to practice as a
18 genetic counselor in another state or territory if the requirements for
19 licensure in the other state or territory are equal to the requirements in
20 this subchapter.

21 (2) The issuance of a license by reciprocity shall be at the
22 sole discretion of the Arkansas State Medical Board.

23
24 17-95-1107. Renewal of genetic counselor license.

25 (a) Except in the case of a temporary license under § 17-95-1108, a
26 license shall be valid for a two-year period from the date of issuance.

27 (b) Upon receipt of a renewal application and renewal fees as
28 determined by the Arkansas State Medical Board, the board shall renew a
29 license to practice as a licensed genetic counselor.

30 (c)(1) As a condition of licensure renewal, a licensed genetic
31 counselor shall submit documentation that he or she has completed fifty (50)
32 hours of continuing education units approved by the board.

33 (2) The licensed genetic counselor is responsible for
34 maintaining:

35 (A) Competent records of having completed qualified
36 professional education for a period of four (4) years after close of the two-

1 year period to which the records pertain; and

2 (B) Information with respect to having completed a
3 qualified professional education to demonstrate that the education meet the
4 requirements of this subchapter.

5 (3) The Arkansas State Medical Board may waive the continuing
6 education requirement or grant an extension of time to complete the
7 continuing education requirement in cases of retirement, illness, disability,
8 or other undue hardship.

9
10 17-95-1108. Temporary licensure.

11 (a)(1) The Arkansas State Medical Board may issue a temporary license
12 to an applicant who does not meet the certification requirement in § 17-95-
