The firm or owner's name, license number, and the capacity of the tank shall be shown conspicuously on each side of the tank in letters at least 4 inches in height. Some type of gauge or measuring device shall be provided on each tank to adequately measure the contents of the tank at varying depths. Before the initial licensing, a certified weight slip shall be filed with the Department showing the weight of the empty tank and also the weight of the tank when full of water. Any changes or modifications to the tank shall require the submission of current weight slips to the Department.

B. Pumps. Pumps utilized for cleaning septic tanks or sewage treatment facilities shall be adequate to lift the scum, sludge and liquid contents of the septic tank into the tank pumper vehicle. Pumps shall be so constructed that there is no leakage, spillage or splashing onto the outer surfaces of the tank or equipment. A tight metal hood shall be provided over the pump on all diaphragm or similar types of open pumps.

C. Valves. A leak proof gate valve with a minimum of 2-1/2 inches in size shall be provided on each tank for the discharge of the contents while being emptied.

Vehicles used for the cleaning and maintenance of portable toilets shall be equipped with a welded, leak and splash-proof metal tank for the transport of waste to the receiving treatment facility. The vehicle shall also be equipped with separate tanks for wash down solution and disinfectant. SECTION IV. DISPOSAL

A. The disposal of sewage or septage by any method that violates any state or federal law or **regulation rule** is strictly prohibited. The wastes from holding tanks, portable toilets, and marine sanitation devices shall not be land applied. These wastes shall be disposed of in a permitted and properly operated sewage treatment facility.

B. LAND APPLICATION DISPOSAL SITES. The land application of septage at any site not previously inspected, approved, and on file with the department shall be a violation of these **regulation rules**. To obtain approval for land application of septage, each site shall be inspected by an authorized agent prior to licensing. A notarized statement from the landowner granting permission for the land application of septage shall be obtained for each disposal site. The licensee shall furnish a legal description, topographical map, and vicinity map for each disposal site. The maps shall reflect pertinent information pertaining to the number of acres, GPS coordinates, the location and distance to property lines, nearby homes, roads, ditches, wells, utilities, gullies, streams and land use (cropland, pastures, etc.) relevant to septage disposal.

C. PROPER SEPTAGE DISPOSAL AT LAND APPLICATION SITES. Septage shall be evenly distributed across the site in a manner that prevents surface runoff, ponding, or the accumulation of septage more than one-inch in depth. To achieve even distribution, the vehicle applying the septage shall remain in motion and utilize a splash plate or other approved method of dispersal. There shall be no disposal within 1000 feet of any place of habitation; 500 feet of any public road; 25 feet of any rock outcrops or sink holes; 50 feet of property lines; 100 feet of streams, lakes, ponds, springs, wells or water supplies.

Options for the land application of septage include:

1. The pH of the septage shall be raised to a minimum of twelve (12) or higher by the addition of an alkali such as hydrated lime or quick lime, and without adding more alkali, the septage shall remain at a pH of twelve (12) or higher for not less than thirty (30) minutes prior to being land applied. OR
2. Septage shall be injected below the surface of the soil. When septage is injected below the surface of the soil, no significant amount of septage shall be present on the surface of that soil after one (1) hour. OR
3. Septage shall be evenly spread over the surface of the soil and incorporated into the surface of that soil within six (6) hours of application.

Septage shall not be applied in excess of the below described annual application rates for nitrogen and phosphorus.

1. During any 365-day period, the amount of domestic septage applied to a land application site shall not exceed the annual application rate calculated using the equation $AAR = N \div 0.0026$, where:

AAR = Annual application rate in gallons per acre per 365-day period

N = Amount of nitrogen in pounds per acre per 365-day period needed by the crop or vegetation grown

2. Annual septage land application shall not exceed the phosphorus rates for the crop or vegetation grown and shall not be applied in rates that result in phytotoxicity.

The septage being land applied shall be screened and shall contain no paper, plastic, or other solid material measuring more than one-half inch in any dimension. Grease and/or the contents of grease traps shall not be disposed of at any land application site approved under these rules.

Sites demonstrating a slope of 15% or greater are not suitable for land application. Land application shall be avoided when the soil is saturated, frozen, covered with snow, during rainy weather or when precipitation is in the immediate forecast. Licensees utilizing land application sites for the disposal of septage shall have available a storage tank sufficient to store the septage collected during periods when climatic conditions preclude land application. These tanks shall be provided with a spill containment berm.

Food crops with harvested parts above the ground surface shall not be harvested for fourteen (14) months after the last application of septage. Food crops with harvested parts that are at or below the ground surface shall not be harvested for thirty-eight (38) months after the last application of septage. At approved application sites, human contact shall be restricted for 30 days after application, and no grazing or harvesting of hay, silage or grain shall commence for 60 days.

For each land application site, the licensee shall maintain a permanent, bound site application record indicating each application of septage, the volume of septage applied, the date it was applied, the crop to which it was applied, a description of the vector and pathogen reduction method used, the method of land application used, and the name of the person applying the septage. These records shall be kept for a minimum of five years and shall be made available to both state and federal regulators on request.

D. DISPOSAL INTO SEWAGE TREATMENT SYSTEMS. A current contract with each and every sewer improvement district and / or sewage treatment facility where the licensee disposes of sewage and / or septage shall be on file with the Department. The disposal of sewage or septage at a site or facility not on file with the Department is a violation of these ~~regulations~~rules.

E. DISPOSAL OF HOLDING TANK, MARINE SANITATION DEVICE, AND PORTABLE TOILET CONTENTS. The contents of holding tanks, marine sanitation devices, and portable toilets is considered untreated sewage and shall not be land-applied under any circumstances. The only acceptable means of disposal for these wastes is into a public sewer system with which the licensee has a contract.

SECTION V. LICENSEE RESPONSIBILITIES.

A. The licensee shall pass an examination as prescribed by the Department which will reflect the licensee's knowledge in the areas of diseases transmitted by septage and sewage, vector and pathogen reduction, applicable federal and state laws, stream pollution, land application, and permitting requirements.

B. The licensee shall be responsible for the actions of his employees, partners, associates and co-owners regarding septic tank cleaning and the proper disposal of septage and sewage.

C. Each licensee shall be responsible for displaying, on each licensed vehicle, a decal issued by the Department at the initial licensing. This decal shall be located on the tank of the pumper vehicle adjacent to the firm or owner's name, license number and tank capacity. When the annual re-licensing requirements are met, renewal decals will be issued by the Department.

D. The annual license fee is \$25.00. Licenses shall be issued with an effective date of July 1 of each year and will expire one year from the effective date. In addition to the annual license fee, an annual fee of twenty-five dollars (\$25) will be charged for every pumper vehicle above the first vehicle owned by the licensee or the business he represents.

E. Applications for renewal shall include current inspection reports for each pumper vehicle, notarized permission statements from all receiving landowners, and contracts with all sewer improvement districts and treatment facilities where sewage and / or septage will be disposed. Renewal applications shall be submitted to the Department by July 1 of each year. The renewal request shall include any equipment changes or modifications made to pumper vehicles during the previous license period.

F. The annual vehicle inspection shall be conducted by the local authorized agent in the county of the licensee's or firm's residence or place of business. Inspection of each pumper vehicle shall be conducted with the tank filled. The required equipment shall be inspected at this time. The owners of pumper vehicles which are located outside of Arkansas shall contact the authorized agent of the nearest or most conveniently located Arkansas county and arrange a time and place for inspection.

G. The owner or employee of a business licensed under these Rules ~~and Regulations~~ shall, upon performing any work for which compensation is received, place his name and the number of the license issued to the business on the customer's receipt.

H. Each pumper vehicle shall maintain and have on board a bound service record listing the operators name, the date and location of each septic tank, treatment plant, holding tank, marine sanitation device, portable toilet, or other sewage handling facility pumped, the vector and pathogen reduction method used, the date and location of disposal.

SECTION VI. LICENSE REQUIRED

No person, firm, corporation, partnership or association shall engage in the business of septic tank cleaning or the transportation of septage, sewage or sludge for compensation without a valid license as provided herein. Proceedings regarding a license shall be conducted pursuant to the Department's rules of administrative procedure. 28
29 SECTION 3. Arkansas Code Title 17, Chapter 1, Subchapter 1, is amended
30 to add an additional section to read as follows:

31 17-1-108. Expedited temporary and provisional licensure.

32 (a) As used in this section:

33 (1) "Individual" means a natural person, firm, association,
34 partnership, corporation, or other entity that may hold an occupational
35 licensure;

36 (2) "Occupational licensing entity" means an office, board,

1 commission, department, council, bureau, or other agency of state government
2 having authority to license, certify, register, permit, or otherwise
3 authorize an individual to engage in a particular occupation or profession;
4 and

5 (3) "Occupational licensure" means a license, certificate,
6 registration, permit, or other form of authorization required by law or rule
7 that is required for an individual to engage in a particular occupation or
8 profession.

9 (b) An occupational licensing entity shall by rule adopt the least
10 restrictive requirements for occupational licensure for an individual who:

11 (1) Demonstrates that he or she:

12 (A) Holds an occupational licensure that is substantially
13 similar to practice in the field of his or her occupation or profession in
14 another state, territory, or district of the United States;

15 (B) Holds his or her occupational licensure in good
16 standing;

17 (C) Has not had his or her occupational licensure revoked
18 for:

19 (i) An act of bad faith; or

20 (ii) A violation of law, rule, or ethics;

21 (D) Is not holding a suspended or probationary
22 occupational licensure in any state, territory, or district of the United
23 States; and

24 (E) Is sufficiently competent in his or her field; and

25 (2) Pays any occupational licensure fee required by law or rule.

26 (c)(1)(A) An occupational licensing entity shall comply with the
27 requirements under subsection (b) of this section by adopting the least
28 restrictive rule that allows for reciprocity or licensure by endorsement.

29 (B) The rule adopted under subdivision (c)(1)(A) of this
30 section shall provide the procedure by which an occupational licensing entity
31 shall grant a temporary and provisional occupational licensure for ninety
32 (90) days or longer to an individual under subsection (b) of this section if
33 presented with evidence of a current and active occupational licensure that
34 is substantially similar to practice in the field of his or her occupation or
35 profession in another state, territory, or district of the United States.

36 (2) If a state, territory, or district of the United States does

1 not require occupational licensure for a profession that requires
2 occupational licensure in this state, an occupational licensing entity shall
3 adopt a rule that is least restrictive to permit an individual who is
4 sufficiently competent in his or her field to obtain occupational licensure
5 for that occupation or profession in this state.

6 (3) The occupational licensing entity may require additional
7 state-specific education for an individual with an occupational licensure in
8 another state, territory, or district of the United States that does not
9 offer reciprocity similar to reciprocity under this section to individuals
10 with occupational licensure in this state.

11 (d)(1) Except as provided under subdivision (d)(2) of this section, an
12 occupational licensing entity shall not require an individual who meets the
13 requirements of subsection (b) of this section to participate in the
14 apprenticeship, education, or training required as a prerequisite to
15 occupational licensure of a new professional in the field.

16 (2) The occupational licensing entity may require the individual
17 to participate in continuing education or training if the continuing
18 education or training is required for all professionals in the field to
19 maintain the occupational licensure.

20 (e) If a criminal background check is required of an applicant for an
21 initial occupational licensure or of a person currently holding an
22 occupational licensure, then the occupational licensing entity may require a
