State of ARKANSAS

Amount, Duration, and Scope of Medical and Remedial Care Services Provided to the Categorically Needy (continued)

As of 1/1/2020 the preferred oral agents for MAT therapy no longer require a Prior Authorization.

The Arkansas Medicaid Pharmacy program removed the prior authorization for preferred Buprenorphine products on 1/1/2020, due to Arkansas State Law from Act 964 which prohibits a prior authorization for Medication Assisted Treatment of Opioid Use Disorder. The removal of prior authorization was for MAT treatment according to SAMHSA guidelines. In addition, on 1/22/2021, per section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355), for all biological products licensed under section 351 of the Public Health Service Act (42 U.S.C. 262) to be covered, Arkansas instructed the pharmacy vendor to bypass the non-rebate-participation, repackaged indicator, inner indicator, and prioritize coverage of all the pharmacy MAT products.
