INTRODUCTION

Act 595 of 2021, § 1, to be codified at Ark. Code Ann. § 25-15-216(b)(4), requires the executive head of any agency to provide written monthly updates on the agency's progress in promulgating any rule it has determined is required by newly enacted laws of the latest session of the General Assembly. This report is the first monthly update of the Department of Labor and Licensing.

The report is divided into two sections. The first section is organized alphabetically by each board, commission, or other departmental unit for which required rulemaking has been identified. A short description of each act is provided, together with the lead sponsor. A status bar for each rulemaking entity is provided and will be updated monthly as rulemaking progresses.

The second section of the report is organized by act number. Each rulemaking entity required to complete rulemaking under that act is listed. This is provided solely for convenience.
