SUBJECT : Workforce Development Task Force Survey Project #17-092

The Bureau of Legislative Research emailed a Workforce Development Task Force survey to the following 11 state agencies:

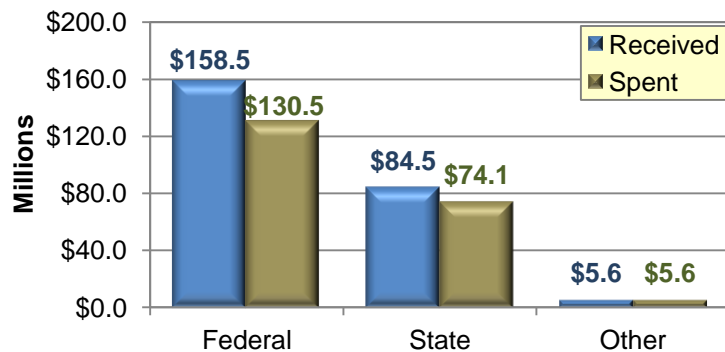

1. Arkansas Department of Career Education
2. Arkansas Department of Education
3. Arkansas Department of Workforce Services
4. Arkansas Department of Human Services
5. Arkansas Department of Higher Education
6. Arkansas Department of Labor
7. Arkansas Department of Veterans Affairs
8. Arkansas Economic Development Commission
9. Arkansas Community Correction
10. Arkansas Department of Correction
11. Riverside Vocational Technical School

Four agencies (the Department of Education, the Department of Veterans Affairs, the Department of Correction and the Department of Community Correction) indicated they did not receive any direct funding for workforce development activities. The Riverside Vocational Technical School handles the workforce training for the Department of Correction and is appropriated funding directly for that purpose.

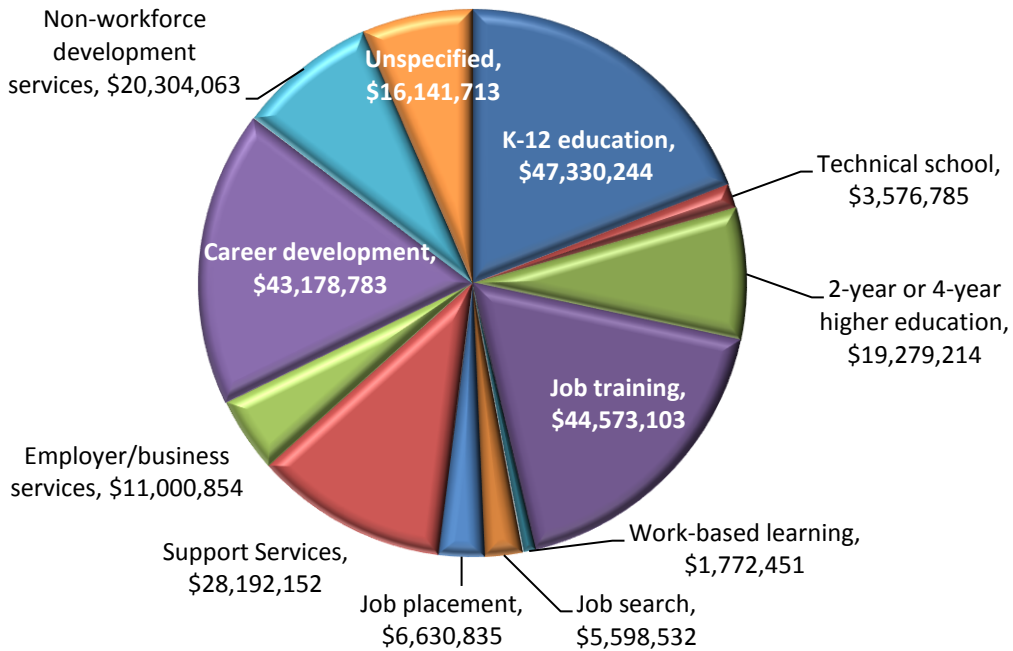

**Workforce Development Funding, FY17**

According to the survey responses received, Arkansas state agencies received a total of about **\$248 million** in state, federal and other funding to support programs that include workforce development activities. (About \$20 million of that amount of program funding is dedicated to non-workforce development activities.)
