

Help Students See Their Future

Teammates (STEM Careers)

Accountant	Electrician	Microbiologists
Agricultural Engineer	Environmental Engineer	Nuclear Engineer
Agronomist	Environmental Protection Specialist	Nurse
Anthropologist	Epidemiologist	Paramedic
Architect	Food Assurance Technician	Power Engineer
Automotive Designer	Industrial Designer	Safety Administrator
Automotive Engineer	Industrial Engineer	Scuba Diver
Biomedical Engineer	Information Security Analyst	Software Engineer
Business Consultant	Investor	Statistician
Civil Engineer	Logistics Engineer	Therapists
Computer Programmer	Machinist	Transportation Engineer
Data Scientist	Manufacturing Technician	Transportation Planner
Database Administrator	Marine Biologist	UI/UX Designer
Doctors	Mechanic	Veterinarian
Economist	Mechanical Drafter	Welder
Electrical Technician	Mechanical Engineer	Web Developer

Tools (STEM Technologies)

Air Ambulance	Energy Conservation	Public Transportation
Aircraft	Environmental Protection Agency	Radio Tracking
Antibiotics	Farming Equipment	Recycling
Artificial Limbs	Geographic Information Systems	Renewable Energy
Assembly Lines	Green Buildings	Robots
Automation and Mechatronics	Heart Repair	Scuba Diving Gear
Automobiles	Hybrid Cars	Sensors and Logic
Big Data	Hydroponics	Social Media
Body Imaging	Improving Crop Yield	Spreadsheets
Cameras	Innovative Materials	Test Tracks
Cell Phone	Living Livestock	The Power Grid
Cloud Computing	Medical Technology	Trains
Computers and Data	Metals and Alloys	Vaccines
Cyber Security	Microphones	Water Purification
Database	Mobile Applications	Word Processors
Earthquake Science	Organ Transplants	Workspaces
Electronic Circuits	Organic Farming	
Emission Controls	Paint Technology
