Dear Sirs,

The Craighead County Retired Teachers Association is urgently requesting that you address the issue of the outrageous increase in health insurance premiums for all policies available to educators and school employees in our State. We are just asking that you make available to us the premiums and policies available to the State employees. We ask that you make the amount of State contributions to School employees equal to State employees.

Thank you so much for your help in this matter,

Mary Ann Hodges, President

Craighead County Retired Teachers Association

Health Insurance Equalization
