

1 INTERIM STUDY PROPOSAL 2015-186

2
3 REQUESTING THE HOUSE COMMITTEE ON PUBLIC HEALTH, WELFARE, AND
4 LABOR STUDY THE USE OF GLOBAL SIGNATURE AUTHORITY FOR AN ADVANCED
5 PRACTICE REGISTERED NURSE IN OTHER STATES.
6

7 WHEREAS, global signature authority is the authorization to allow
8 certain healthcare professionals to sign or otherwise complete forms related
9 to patient care within their scope of practice; and
10

11 WHEREAS, some examples of the forms related to patient care are:

- 12 (1) Providing certification of disability for patients to
13 receive disabled parking placards;
- 14 (2) Signing off on physicals for student athletes or school bus
15 drivers;
- 16 (3) Signing forms related to end-of-life care;
- 17 (4) Signing forms excusing a potential jury member due to
18 illness;
- 19 (5) Signing worker's compensation forms for employees injured on
20 the job; and
- 21 (6) Signing valid information certificates such as birth
22 certificates and death certificates; and
23

24 WHEREAS, dozens of forms relating to the daily provision of care for a
25 patient may need to be signed to ensure the fulfillment of orders, referrals,
26 or recognition of care by various entities; and
27

28 WHEREAS, some state laws may prohibit governmental entities or private
29 companies from recognizing the signature of an advanced practice registered
30 nurse by limiting the signature to only physicians; and
31

32 WHEREAS, twelve (12) states (Colorado, Georgia, Hawaii, Maine,
33 Massachusetts, New Mexico, North Carolina, Rhoda Island, Vermont, Virginia,
34 Washington, and West Virginia) have enacted global signature authority; and
35

1 WHEREAS, other states have recognized the ability of an advanced
2 practice registered nurse to sign all state forms within his or her scope of
3 practice by including advanced practice registered nurses in each relevant
4 statute or rule; and

5
6 WHEREAS, the State of Arkansas requires both an advanced practice
7 registered nurse and a collaborating physician to sign forms that reflect the
8 care that the advanced practice registered nurse has provided; and

9
10 WHEREAS, the additional requirement can create significant delays in
11 patient care and cause unnecessary costs on follow-up visits for the
12 completion of the forms; and

13
14 WHEREAS, global signature authority legislation helps promote:

15 (1) Transparency and accountability by allowing documentation to
16 reflect the patient-provider relationship;

17 (2) Efficacy for patients as care delivery and form completion
18 can be addressed in the same visit; and

19 (3) Productive use of healthcare workforce by eliminating the
20 need for involvement of two (2) healthcare professionals to sign, stamp,
21 certify, or endorse one (1) patient's forms; and

22
23 WHEREAS, the General Assembly should pursue efforts to improve
24 healthcare access by allowing advanced practice registered nurses to have
25 global signature authority,

26
27 NOW THEREFORE,

28 BE IT PROPOSED BY THE HOUSE COMMITTEE ON PUBLIC HEALTH, WELFARE, AND LABOR OF
29 THE NINETIETH GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

30
31 THAT the House Committee on Public Health, Welfare, and Labor study the
32 use of global signature authority for an advanced practice registered nurse
33 in other states.

1 BE IT FURTHER PROPOSED THAT, upon request, the Arkansas State Board of
2 Nursing and the Department of Health shall provide assistance to the House
3 Committee on Public Health, Welfare, and Labor to perform this study.

4
5 Respectfully submitted,

6
7
8
9 Representative Mary Bentley
10 District 73
