BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

24

25

SECTION 1. DO NOT CODIFY. Legislative findings.

26

The General Assembly finds that:

27

(1) Arkansas is one (1) of the leading producers of steel in the

28

United States, and Mississippi County, Arkansas, is ranked as one (1) of the

29

top two (2) highest steel-producing counties in the United States;

30

(2) The steel industry in the United States is highly

31

competitive, and there are presently rising prices and a high level of demand

32

for raw materials in the domestic market;

33

(3) The current national political and economic climate lends

34

itself to an influx in the reshoring of well-paying manufacturing jobs, and

35

Arkansas has an unprecedented opportunity to utilize existing incentive

36

programs that are intended to encourage investment in this state to

1 capitalize on this trend;

2 (4) When considering where to place new American manufacturing
3 jobs, companies will consider the availability of incentives and credits; and

4 (5) In order to continue to attract well-paying manufacturing
5 jobs to the State of Arkansas and encourage continuing capital investment by
6 steel producers in this state, adjustments in the recycling tax credit are
7 appropriate to allow the tax credit to be utilized more fully to accomplish
8 the purposes for which the tax credit is intended.

9
10 SECTION 2. Arkansas Code § 26-51-506(b), concerning the income tax
11 credit for waste reduction, reuse, or recycling equipment, is amended to add

20 (\$1,000,000,000);

6 SECTION 3. Arkansas Code § 26-51-506(c), concerning the income tax
7 credit for waste reduction, reuse, or recycling equipment, is amended to add
8 an additional subdivision to read as follows:

9 (3)(A) Up to eleven million dollars (\$11,000,000) of credit
10 against tax or an amount equal to the tax imposed by the Income Tax Act of
11 1929, § 26-51-101 et seq., whichever is less, issued to the taxpayer making
12 the purchases of waste reduction, reuse, or recycling equipment under
13 subdivision (c)(1) of this section may be claimed each tax year if the tax
14 credits are allowed with respect to a qualified expansion project:

15 (i) Of a taxpayer that at the time of the agreement
16 described in subdivision (b)(15)(D) of this section is a proprietorship,
17 partnership, limited liability company, or other business organization
18 treated as a proprietorship or partnership for tax purposes; and

19 (ii) That, as of the end of the taxable year in
20 which such tax credits are first allowed, does not have a public retirement
21 system of the State of Arkansas as a proprietor, partner, member, or
22 shareholder.

23 (B) Up to the following amounts of credit against tax or
24 an amount equal to the tax imposed by the Income Tax Act of 1929, § 26-51-101
25 et seq., whichever is less, issued to the taxpayer making the purchases of
26 waste reduction, reuse, or recycling equipment under subdivision (c)(1) of
27 this section may be claimed each tax year if the tax credits are allowed with
28 respect to a qualified steel specialty products manufacturing facility that
29 is owned by a taxpayer that, at the time of the agreement described in
30 subdivision (b)(16)(E) of this section is a proprietorship, partnership,
31 limited liability company, or other business organization treated as a
32 proprietorship or partnership for tax purposes, and that, as of the end of
33 the taxable year in which such tax credits are first allowed, does not have a
34 public retirement system of the State of Arkansas as a proprietor, partner,
35 member, or shareholder:

36 (i) For a total investment in the qualified steel

1 specialty products manufacturing facility of at least two hundred million
2 dollars (\$200,000,000) but less than two hundred seventy-five million dollars
3 (\$275,000,000), four million dollars (\$4,000,000);

4 (ii) For a total investment in the qualified steel
5 specialty products manufacturing facility of at least two hundred seventy-
6 five million dollars (\$275,000,000) but less than three hundred fifty million
7 dollars (\$350,000,000), five million dollars (\$5,000,000); and

8 (iii) For a total investment in the qualified steel
9 specialty products manufacturing facility of at least three hundred fifty
10 million dollars (\$350,000,000), six million five hundred thousand dollars
11 (\$6,500,000).

12 (C) Any unused tax credit that cannot be claimed in a tax
13 year by operation of subdivision (c)(3)(A) of this section or subdivision
14 (c)(3)(B) of this section may be carried forward as allowed by law. If a tax
15 credit amount disallowed by operation of subdivision (c)(3)(A) of this
16 section or subdivision (c)(3)(B) of this section would otherwise expire, the
17 carry-forward period for such unused tax credit shall instead be extended
18 each year, for one (1) additional year at a time, to preserve the ability of
19 the taxpayer to apply the unused tax credit to future tax liability.

20 (D)(i) If tax credits are allowed under this section with
21 respect to a qualified expansion project or a qualified steel specialty
22 products manufacturing facility of a taxpayer that, at the time of the
23 agreement described in subdivision (b)(15)(D) of this section for a qualified
24 expansion project or subdivision (b)(16)(E) of this section for a qualified
25 specialty steel products manufacturing facility, is a proprietorship,
26 partnership, limited liability company or other business organization treated
27 as a proprietorship or partnership for tax purposes, and any portion of the
28 tax credits under this section would be apportioned to a public retirement
29 system of the State of Arkansas as a proprietor, partner, member, or
30 shareholder of the taxpayer, the public retirement system shall have the
31 possession and control of all tax credits, including any such tax credits
32 otherwise apportioned to the other proprietors, partners, members,
33 shareholders, or beneficiaries allowed under this section.

34 (ii) The possession and control of the tax credits
35 by the public retirement system under this subdivision (c)(3)(D) shall be
36 confirmed in writing by a legal opinion issued by the Department of Finance

1 and Administration under the rules promulgated by the Department of Finance
2 and Administration.

3 (iii)(a) The public retirement system shall sell or
4 transfer for value the tax credits allowed under this section to the State of
5 Arkansas for eighty percent (80%) of the face value, in lieu of the right of
6 a proprietor, partner, member, shareholder, or beneficiary of the qualified
7 expansion project or the qualified steel specialty products manufacturing
8 facility to claim the tax credits as allowed pursuant to applicable state
9 law.

10 (b) Subject to the total recycling tax credit
11 certification for a qualified expansion project, the maximum amount of tax
12 credits allowed under the agreement between the taxpayer and the state, and
13 the annual transfer by the Arkansas Economic Development Commission as agreed
14 by the state and the taxpayer, no more than eleven million dollars
15 (\$11,000,000) of the tax credits in possession and control of the public
16 retirement system with respect to a qualified expansion project under
17 subdivision (c)(3)(D)(i) of this section may be sold or transferred each
18 year.

19 (c) No more than the following amounts of the
20 tax credits in possession and control of the public retirement system with
21 respect to a qualified expansion project pursuant to subdivision (c)(3)(D)(i)
22 of this section may be sold or transferred each year:

23 (1) For a total investment in the
24 qualified steel specialty products manufacturing facility of at least two
25 hundred million dollars (\$200,000,000) but less than two hundred seventy-five
26 million dollars (\$275,000,000), four million dollars (\$4,000,000);

27 (2) For a total investment in the
28 qualified steel specialty products manufacturing facility of at least two
29 hundred seventy-five million dollars (\$275,000,000) but less than three
30 hundred fifty million dollars (\$350,000,000), five million dollars
31 (\$5,000,000); and

32 (3) For a total investment in the
33 qualified steel specialty products manufacturing facility of at least three
34 hundred fifty million dollars (\$350,000,000), six million five hundred
35 thousand dollars (\$6,500,000).

36 (iv) Any unused tax credit that cannot be sold or

1 transferred in a tax year by the operation of subdivision (c)(3)(D)(iii) of
2 this section may be carried forward as allowed by law. If a tax credit amount
3 disallowed by operation of subdivision (c)(3)(D)(iii) of this section would
4 otherwise expire, the carry-forward period for such unused tax credit shall
5 instead be extended each year, for one (1) additional year at a time, to
6 preserve the ability of the public retirement system to sell or transfer all
7 unused tax credits in future years.

8 (v) Beginning July 1, 2020, by July 15 of each year,
9 the public retirement system with possession and control of the tax credits
10 under this subdivision (c)(3)(D) shall provide notice to the Department of
11 Finance and Administration of the amount of tax credits, including tax
12 credits expected to receive certification during the fiscal year by the
13 Arkansas Department of Environmental Quality, subject to the limitations in
14 subdivision (c)(3)(D)(iii) of this section, to be sold or transferred for
15 value.

16 (vi) The State of Arkansas shall pay the purchase
17 price equal to eighty percent (80%) of the face value of all of the tax
18 credits included in the notice required in subdivision (c)(3)(D)(v) of this
19 section on or before June 30 of the calendar year following the calendar year
20 in which the notice was provided for all tax credits certified by the
21 Arkansas Department of Environmental Quality by June 30 of the calendar year
22 following the calendar year in which the notice was provided by warrant from
23 the Economic Development Incentive Fund funded by a transfer from general
24 revenue.

25 (vii)(a) Tax credits under this section sold or
26 transferred for value to the State of Arkansas are extinguished upon payment
27 of the purchase price as if claimed against the tax imposed by the Income Tax
28 Act of 1929, § 26-51-101 et seq.

29 (b)(1) In the event the State of Arkansas
30 fails to timely pay the purchase price, as required in subdivision
31 (c)(3)(D)(vi) of this section, for the tax credits included in the notice
32 required in subdivision (c)(3)(D)(v) of this section, the public retirement
33 system may, before the end of the taxable year following the taxable year in
34 which a failure to pay occurs, sell or transfer for value such tax credits to
35 one (1) or more persons. Such person or persons may claim such tax credits in
36 accordance with applicable law, provided however, any tax credits sold or

1 transferred for value to such person or persons under this subdivision
2 (c)(3)(D)(vii)(b) shall not expire before the later of the end of:

3 (A) The carry-forward period for
4 such tax credits under applicable law; or

5 (B) The third taxable year
6 following the year in which such tax credits were sold or transferred for
7 value pursuant to this section.

8 (2) The sale or transfer of tax credits
9 under this subdivision (c)(3)(D)(vii)(b) shall be confirmed in writing by a
10 legal opinion issued by the Department of Finance and Administration under
11 the rules promulgated by the Department of Finance and Administration.

12 (E) An expansion project or a manufacturing facility that
13 does not meet the requirements to be a qualified expansion project or a
14 qualified steel specialty products manufacturing facility is not subject to
15 this subdivision (c)(3) and is eligible to receive the tax credits otherwise
16 provided in this section and § 26-51-1215.

17 (F)(i)(a) A tax credit under this subdivision (c)(3) shall
18 not be authorized without:

19 (1) A cost-benefit analysis, including
20 an analysis of any other incentives offered by the State of Arkansas with
21 request to the project subject to the tax credit, as certified by the
22 Executive Director of the Arkansas Economic Development Commission in
23 consultation with the Chief Fiscal Officer of the State; and

24 (2) The performance and claw back
25 agreement required under subdivision (c)(3)(F)(ii) of this section.

26 (b) The total amount of tax credits that may
27 be authorized under this subdivision (c)(3) shall not exceed the amount
28 determined by the cost-benefit analysis required under this section.

29 (ii)(a)(1) A tax credit authorized under this
30 subdivision (c)(3) shall be subject to a performance and claw back agreement
31 between the taxpayer and the Arkansas Economic Development Commission.

32 (2)(A) The performance and claw back
33 agreement required under this subdivision (c)(3)(F)(ii) shall be subject to
34 the approval of the Chief Fiscal Officer of the State to ensure that the
35 cost-benefit analysis required under this section is met and maintained for a
36 test period of the longer of the life of the tax credits or fourteen (14)

1 years.

2 (B) However, the test period
 3 described in this subdivision (c)(3)(F)(ii) shall not be longer than fifteen
 4 (15) years.

5 (b) The performance and claw back agreement
 6 required under this subdivision (c)(3)(F)(ii) shall include without
 7 limitation the:

8 (1) Capital investment for the project;

9 (2) New full-time direct positions and
 10 independent direct positions as those terms are defined in Acts 2013, No.
 11 1084, § 8, created by the project;

12 (3) Annual salary requirements for the
 13 new full-time direct positions and independent direct positions as those
 14 terms are defined in Acts 2013, No. 1084, § 8, created by the project;

15 (4) Timeline for fulfilling the
 16 investment of job creation targets stated in the performance and claw back
 17 agreement; and

18 (5) Conditions for the claw back
 19 provisions, which shall be triggered if, during the test period stated in
 20 this subdivision (c)(3)(F)(ii), the taxpayer:

21 (A) Does not meet the required
 22 targets of the project related to capital investment, job creation, timeline,
 23 or annual salary amounts; or

24 (B) Fails to maintain a positive
 25 cost-benefit analysis.

26
 27 SECTION 4. Arkansas Code § 19-6-301(181), concerning the enumeration
 28 of special revenues, is amended to read as follows:

29 (181) Arkansas Economic Development Incentive Act of 1993
 30 transfers from general revenues for financial incentive plans, § 15-4-1607,
 31 ~~and~~ § 26-51-506(c)(2)(B)(vii), and § 26-51-506(c)(3)(D)(vi);

32
 33 SECTION 5. EMERGENCY CLAUSE. It is found and determined by the General
 34 Assembly of the State of Arkansas that certain provisions of the tax credit
 35 allocations for waste reduction, reuse, or recycling equipment should be
 36 modified to ensure that the expansion of major projects utilizing the tax

1 credit does not endanger the ability of the state to provide essential
2 services or to provide the full value of the tax credits earned by the
3 applicable businesses; that further investment for the tax credit allocations
4 for waste reduction, reuse, or recycling equipment will increase the number
5 of applicable tax credits in existence; and that the state must maintain a
6 balanced budget necessary to deliver essential services to its citizens; and
7 that this act is immediately necessary because, without this change, the
8 ability of the State of Arkansas to ensure the delivery of essential services
9 to citizens will be imperiled and could endanger the economic health of the
10 state. Therefore, an emergency is declared to exist and this act being
11 necessary for the preservation of the public peace, health, and safety shall
12 become effective on:

13 (1) The date of its approval by the Governor;

14 (2) If the bill is neither approved nor vetoed by the Governor,
15 the expiration of the period of time during which the Governor may veto the
16 bill; or

17 (3) If the bill is vetoed by the Governor and the veto is
18 overridden, the date the last house overrides the veto.
