Page 12, delete lines 31 through 36 and substitute:

"SECTION 21. EMERGENCY CLAUSE. It is found and determined by the General Assembly that modern commerce in this State requires the use of, and will be facilitated by electronic signatures and electronic transactions, that presently Arkansas law is preempted by federal law concerning that subject matter by the Electronic Signatures in Global and National Commerce Act; that under the federal act the federal preemption may be largely and immediately be displaced by the enactment of the Uniform Electronic Transactions Act; that the latter act contains provisions not contained in the current act and the additional provisions would be of immediate advantage to electronic commerce in Arkansas; and the latter act has already been adopted in over two-dozen states, resulting in potential economic advantage to those states over Arkansas. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health and safety shall become effective on the date of its approval by the Governor. If the bill is neither approved nor vetoed by the Governor, it shall become effective on the expiration of the period of time during which the Governor may veto the bill. If the bill is vetoed by the Governor

and the veto is overridden, it shall become effective on the date the last house overrides the veto."
