Amendment No. 2 to House Bill No. 2426.

Delete everything after the enacting clause and substitute the following:

SECTION 1. FINDINGS. The General Assembly finds that:

(1) The General Assembly adopted Acts 34 and 35 of the First Extraordinary Session of 2006 to determine whether school districts were unable to contribute local resources necessary to qualify for participation in state-funded facilities programs;

(2) School districts with insufficient bonding capacity were accommodated by the passage of Acts 22 and 23 of the First Extraordinary Session of 2006, which removed the bonded debt ratio, thus removing the cap on bond issuance;

(3) School districts with declining enrollment were addressed by Act 2206 of 2005 by allowing a three-year average to be used in determining the school district's facilities wealth index and by Act 21 of the First Extraordinary Session of 2006, which provided additional funding for declining enrollment based on the previous two (2) years' average daily membership. No evidence was presented during the hearings held in 2006 pursuant to Act 57 of any school district suffering from a problem related to this;

(4) The General Assembly researched a school district with a low assessed property valuation and a low facilities wealth index and determined that it is treated the same as a school district with high property valuation and a high facilities wealth index. The research indicated, for example, that Poyen is required to use the same amount of mills to build facilities for ten percent (10%) of its students as Bryant, which is in the middle, and as Bentonville, which is on top. No evidence was presented during the hearings held in 2006 pursuant to Act 57 of any school district suffering from a problem related to this; and

(5) School districts at or above the 95th percentile are

addressed through SB962 of the 86th General Assembly. It provides that every school district at 100% of the facilities wealth index or above is adjusted to the same amount as the first district below one hundred percent (100%) on the facilities wealth index, unless that would exceed five thousandths (.005). In that case, the amount is capped at five thousandths (.005). No evidence was presented during the hearings held in 2006 pursuant to Act 57 of any school district suffering from a problem related to this.
