(a) A record of an offense eligible for automatic sealing shall be automatically sealed from a relevant state agency database or other publically operated or administered repository under procedures set out in this section if the following conditions apply:

(1) The person would otherwise be eligible to have all records of the offense sealed by a sentencing court under this subchapter;

(2) A period of five (5) years has elapsed from the date of the person's conviction for the offense and from the person's completion of a person's sentence; and

(3) The person has not been convicted of a felony or a Class A misdemeanor since the date of the person's conviction for the offense eligible for automatic sealing, even if that subsequent conviction was sealed.

(b) This section does not prohibit a person from having his or her record otherwise sealed under this subchapter.

(c)(1) On a monthly basis the circuit court clerk shall compile and provide a list of convictions in the circuit court for an offense eligible for automatic sealing in this section and transmit the list of convictions in the circuit court to the prosecuting attorney.

(2)(A) The prosecuting attorney shall verify that the convictions on the list of convictions in the circuit court are eligible for automatic sealing under this section and that the persons who were convicted have completed the terms and conditions of their sentences.

(B) The prosecuting attorney shall verify the information described in subdivision (c)(2)(A) of this section within thirty (30) days of the receipt of the list of convictions in the circuit court and transmit back to the circuit court clerk a list of ineligible convictions based on whether a period of five (5) years has elapsed since the date of the person's conviction for a misdemeanor offense or whether the person has completed the terms and conditions of his or her sentence for a felony conviction.

(C) The prosecuting attorney may object to the automatic sealing of a conviction by filing a petition in the circuit court and providing notice to the circuit court clerk and to the person whose conviction is eligible for automatic sealing at the person's last known address.

(D) The circuit court may grant a hearing on the prosecuting attorney's objection or may decide the petition without a hearing.

(3)(A) Upon receiving the list of ineligible convictions back from the prosecuting attorney, the circuit court clerk shall remove those convictions from the list of eligible convictions he or she originally compiled and then transmit that revised list of eligible convictions to the circuit court.

(B) The circuit court shall enter an order within ten (10) days of receiving the list of eligible convictions from the circuit court clerk ordering the circuit court clerk to seal the record of the convictions.

(4) The circuit court clerk shall enter into an electronic database provided by the Administrative Office of the Courts that the convictions have been sealed.

(d)(1) The office shall transmit to the Arkansas Crime Information Center a record of any conviction eligible under this section for automatic sealing from a relevant state agency database or other publically operated or administered repository the office receives from the circuit court clerks.

(2) If the record transmitted from the office to the center cannot be validated and sealed automatically, the center shall contact the circuit court clerk concerning the specific conviction for additional information that can be used in the center's validation process.

(3) If the information transmitted to the center by the office is validated, the center shall then seal the record from the center's own database or other repository and transmit that validation to other relevant state agency databases or other publically operated or administered repositories that the center knows to contain that information.

(e) A record sealed from a relevant state agency database or other publically operated or administered repository under this section may still be released to those entities listed under § 16-90-1416.

(f) A court with jurisdiction may order a record previously sealed from a relevant state agency database or other publically operated or administered repository under this section unsealed upon a petition filed by a prosecuting attorney that the record was sealed erroneously or not under the requirements of this section.

(g) A record for a conviction before January 1, 2000, is not required to be sealed from a relevant state agency database or other publically operated or administered repository under this section.

SECTION 4. DO NOT CODIFY. Record review.

The Administrative Office of the Courts and the Arkansas Crime Information Center shall begin within one hundred eighty (180) days after this act becomes effective a review of all eligible offenses for automatic sealing under this act, beginning with those convictions that occurred in the years 2000-2010, and shall begin the process of automatic sealing from relevant state agency databases or other publically operated or administered repositories, which shall be completed no later than December 31, 2020."
