### **Basic Change :**

Sen. Teague

Current law limits issuance of Professional Fire Fighter plates to two (2) such plates per household. The bill provides for not more than two (2) special plates for each professional firefighter, which exceeds the number of plates available under current law.

The bill as engrossed 1/29/13 repeals the section in current law that limits the special plates to two (2) plates per household, eliminating the conflict that would occur if more than one firefighter lives in a household and they wanted more than two firefighter plates for the household.

### **Legal Analysis :**

As engrossed 1/29/13, this bill allows either a firefighter or a professional firefighter to obtain a special license plate for no more than two vehicles. The engrossed bill repeals language in current law that would have posed a possible conflict by limiting the issuance of special license plates to a professional firefighter to two per household.
