**Legal Analysis :**

Amendment No. 1 to HB1383 amends a shell bill. The bill amends a subdivision of the recently adopted Act 22 of 2015, related to the amount of net capital gain exempt from income tax. HB1383 deletes Act 22's language which excluded 50% of net capital gains for the time period from January 1, 2015 through January 31, 2015 and excluded 40% of net capital gains for tax years beginning on and after February 1, 2015. The bill increases the capital gains exclusion to 50% for net capital gains arising on and after January 1, 2015. HB1383 will also exempt the amount of net capital gain in excess of \$10,000,000 from income tax for tax years beginning on and after January 1, 2014.
