Bill: SB6

As Engrossed: 1/28/2015

Bill Subtitle: TO CREATE THE MIDDLE CLASS TAX RELIEF ACT OF 2015; TO AMEND THE INCOME TAX RATES AND BRACKETS FOR INDIVIDUALS, TRUSTS, AND ESTATES; TO AMEND THE INCOME TAX ON CAPITAL GAINS; AND TO DECLARE AN EMERGENCY.

Basic Change : Sponsors: Sen. Dismang and Rep. Gillam

This bill reduces the income taxes owed by many Arkansas taxpayers. Beginning with tax year 2015, taxpayer's having taxable incomes of less than \$21,000 will pay income tax using the reduced tax rates of 0.9%, 2.4%, 3.4%, and 4.4% rather than the rates of 0.9%, 2.5%, 3.5% and 4.5% as in effect in 2014.

For tax year 2016 and after, taxpayers having taxable income between \$21,000 and \$75,000 will pay tax on that portion of their income between \$21,000 and \$35,099 at the rate of 5% rather than the 6% rate in effect for 2014. That portion of their income between \$35,100 and \$75,000 will be taxed at the rate of 6% rather than the 7% rate previously applicable. For 2015, these taxpayers will pay tax at the tax rates in effect in 2014.

For tax year 2016 and after, taxpayers having taxable incomes in excess of \$75,000 will pay tax on that portion of their income in excess of \$35,100 at the rate of 6.9%. The remainder of their income will be taxed at the tax rates in effect in 2014. Also, those persons having taxable income in excess of \$75,000 but not more than \$80,000 may claim a bracket adjustment of between \$440 and \$40. This bracket adjustment offsets a portion of the additional tax liability resulting from the fact that person making more than \$75,000 do not receive the benefits of the 5% and 6% tax rates received by those making between \$21,000 and \$75,000. For 2015, these taxpayers will pay tax at the tax rates in effect in 2014.

This bill also repeals the capital gains provision enacted by Act 1488 of 2013 that provided an income tax exemption for that portion of capital gain received by an individual taxpayer in excess of \$10M in tax year 2014 and after. This provision will be repealed effective January 1, 2015 under this bill. Act 1488 of 2013 increased the capital gains exclusion from 30% to 50% effective tax years 2015 and after. This bill decreases the current 50% capital gains exemption from individual income tax to a 40% exemption beginning on and after February 1, 2015.

Revenue Impact :

FY 2016 - \$22.9M reduction

FY 2017 - \$90.3M reduction

Taxpayer Impact :

Taxpayers will have their income tax liability reduced as a result of this bill. Specifically, taxpayers having capital gains income will exclude 40% to 50% of that gain from taxable income. Taxpayers must maintain documentation relating to any transactions that qualify for the net capital gain income tax exemptions.
