For An Act To Be Entitled

AN ACT TO CREATE A MORE SUSTAINABLE SYSTEM OF HEALTH INSURANCE BENEFITS FOR PUBLIC SCHOOL EMPLOYEES; TO CLARIFY THE DUTIES AND RESPONSIBILITIES OF THE STATE AND PUBLIC SCHOOL LIFE AND HEALTH INSURANCE BOARD; TO DECLARE AN EMERGENCY; AND FOR OTHER PURPOSES.

Subtitle

TO CREATE A MORE SUSTAINABLE SYSTEM OF HEALTH INSURANCE BENEFITS FOR PUBLIC SCHOOL EMPLOYEES AND TO DECLARE AN EMERGENCY.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

SECTION 1. Legislative findings and intent.**(a) The General Assembly finds that:**

(1) The health insurance program provided by the State and Public School Life and Health Insurance Board for public school employees and public school employee retirees is in a state of crisis;

(2) Since 2005 the General Assembly has authorized supplemental funding for the Department of Education to send to the Employee Benefits Division of the Department of Finance and Administration for the purpose of offsetting premium increases for public school employees without implementing long term systemic and structural reforms;

(3) In addition to the need for short-term action by the General Assembly to avert the impending premium increases for public school employees and public school employees, the General Assembly must take an active role in crafting a long-term solution to ensure the stability of the State and Public School Life and Health Insurance Program;

(4) The composition of the board should be diverse and reflect the racial, ethnic, and gender demographics of the state to ensure that multiple viewpoints are involved in board actions that impact state employees, state employee retirees, public school employees, and public school employee retirees;

(5) The board has failed to fulfill their mission and provide a stable and actuarially sound system of health insurance benefits for public school employees by:

(A) Failing to make the adjustments necessary to health plan options for public school employees that would prevent significant premium increases, resulting in burdensome costs to both public school employees and taxpayers; and

(B) Refusing to acknowledge that parity between insurance programs for state employees and public school employees is a goal, not a mandate, resulting in unnecessary costs to both public school employees and taxpayers and exacerbating the instability of the program; and

(6) The failure of the board has resulted in the need for the General Assembly to inject additional money into the program to maintain the integrity of the program by offsetting premium increases for public school employees, which allowed the program to maintain participation levels.

(b) It is the intent of the General Assembly that:

(1) Any additional funding provided for public school employee health insurance during this special session be considered a one-time infusion of money, not a permanent funding source;

(2) Funding will revert to the current level unless there is meaningful reform and restructuring of the program that restores permanent stability and actuarial soundness;

(3) The General Assembly, through the State and Public School Life and Health Insurance Program Legislative Task Force, study, develop, and recommend fundamental restructuring of the program, including without limitation the:

(A) Governance of the program;

(B) Management of the program; and

(C) Goals of the program; and

(4) While the task force is conducting the study, the General Assembly, through the Joint Performance Review Committee, the Senate Committee on Revenue and Taxation and the House Committee on Revenue and Taxation, shall continue to provide oversight of the board, including without limitation board activities and decisions.

(c) The Governor shall call the first meeting of the newly seated board on or after December 1, 2013.

SECTION 5. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that the Public School Insurance Trust Fund is inadequate to provide affordable health insurance for public school employees; that an urgent need exists to address the administration and funding of public school employee health insurance plans in order to avoid severe financial hardship to plan participants; that enrollment for the 2014 plan year has been delayed as long as feasible to permit more time to develop a proper short-term and long-term solution; and that this act is immediately necessary to provide affordable health insurance options to the state's public school employees in a timely fashion. Therefore, an emergency is declared to exist, and this act is immediately necessary for the preservation of the public peace, health, and safety, shall become effective on:

(1) The date of this act's approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

Subtitle

TO CREATE THE ARKANSAS HEALTH
REFORM ACT OF 2015; AND TO
DECLARE AN EMERGENCY.

WHEREAS, the federal Patient Protection and Affordable Care Act of 2010, Pub. L. No. 111-148, requires that Arkansas citizens obtain credible health insurance coverage either through employer mandates or individual action, or face threat of tax penalties; and

WHEREAS, the federal Patient Protection and Affordable Care Act of 2010, Pub. L. No. 111-148, further jeopardized the Arkansas healthcare system and its clinical providers' ability to meet healthcare needs of citizens by excising new taxes, cutting existing Medicare payments, and imposing new penalties on clinical providers; and

WHEREAS, the federal Emergency Medical Treatment & Labor Act requires Arkansas hospitals to provide direct health care for Arkansas citizens, including those citizens eligible for the Arkansas Health Care Independence Program, regardless of ability to pay; and

WHEREAS, the Arkansas Health Care Independence Program was the

State of Arkansas's initial response to the disruptive challenges of the federal healthcare legislation and regulation in an effort to safeguard Arkansas employers and citizens and healthcare systems; and

WHEREAS, the Arkansas Health Care Independence Program and the federal waiver under which the state operates the Arkansas Health Care Independence Program will terminate on December 31, 2016, which will have the effect of ending eligibility for Medicaid expansion populations in the absence of legislative action by the General Assembly; and

WHEREAS, the State of Arkansas has historically sought state-specific strategies to provide health care for low-income and other vulnerable populations while reducing state and federal obligations to entitlement spending; and

WHEREAS, the State of Arkansas continues to seek out strategies to provide health care for low-income and other vulnerable populations in a manner that will promote accountability, personal responsibility, and transparency; remove disincentives for work and social mobility; encourage and reward healthy outcomes and responsible choices; and promote efficiencies that will deliver value to the taxpayers; and

WHEREAS, the State of Arkansas is recognized as a leader in healthcare finance and delivery system innovation; and

WHEREAS, the State of Arkansas seeks to assert its responsibility for local control and to protect Arkansas consumers and businesses from federal mandates, NOW THEREFORE,

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

SECTION 1. DO NOT CODIFY. Title.

(2) At the first meeting of the task force, the members of the task force shall elect from its membership a chair and other officers as needed for the transaction of its business.

(3)(A) The task force shall conduct its meetings in Pulaski County at the State Capitol or another site with teleconferencing capabilities.

(6) The Bureau of Legislative Research shall provide staff for the task force.

(d)(1) The purpose of the task force is to:

(A) Recommend an alternative healthcare coverage model and legislative framework to ensure the continued availability of healthcare services for vulnerable populations covered by the Health Care Independence Program established by the Health Care Independence Act of 2013, §§ 20-77-2401 et seq., upon program termination; and

(B) Explore and recommend options to modernize Medicaid programs serving the indigent, aged, and disabled.

(2) To achieve this purpose, the task force shall:

(A) Identify resources and funding necessary to ensure an effective and efficient transition from the Health Care Independence Program, while minimizing or eliminating any need for the General Assembly to raise additional

state general revenue;

(B) Identify the populations eligible for and participating in the Health Care Independence Program, including both:

(i) Individuals newly eligible for health coverage under the program; and

(ii) Individuals previously eligible for Medicaid before the effective date of the program, whether under a Medicaid waiver or some other eligibility criteria;

(C) Study the healthcare needs and other relevant characteristics of those populations served by the Health Care Independence Program;

(D) Recommend measures and options to preserve access to quality health care for those populations served by the Health Care Independence Program;

(E) Structure any recommended measures and options in a manner that achieves the following:

(i) Protection of Arkansas workers and employers from federal mandates and regulations by limiting the role of the federal government in defining the healthcare choices and coverage available in the Arkansas health insurance market;

(ii) Maximum flexibility for the state and limitations on federal restrictions on the state's ability to efficiently and effectively manage the Arkansas Medicaid Program;

(iii) Opportunities to limit the size of the traditional Medicaid program by serving healthier beneficiaries in the private market;

(iv) Strengthening of the employer-sponsored health insurance market;

(v) Increased employment of able-bodied recipients of taxpayer-funded healthcare services;

(vi) Healthier behaviors, increased accountability, and personal responsibility for beneficiaries;

(vii) Enlistment of enough providers so that care and services are available at least to the extent that such care and services are available under the Health Care Independence Program;

(viii) Access to health services in rural areas of the state;

(ix) Continuity of coverage for eligible individuals as their income or life circumstances change; and

(x)(a) Continued payment innovation, delivery system reform, and market driven improvement, including without limitation the Arkansas Health Care Payment Improvement Initiative, for which current federal grant support will expire on or before December 31, 2016.

(b) The task force shall review the Arkansas Health Care Payment Improvement Initiative and recommend continuation, suspension, termination, or other actions the task force deems appropriate to the Governor.

(F) Estimate the impact of the Health Care Independence Program and of its termination on the state's economy as a whole and on the state's general revenue budget;

(G) Recommend procedures to optimize and streamline the legislative review and approval process for state plan amendments and other Medicaid rules, so as to promote efficiency, ensure agency responsiveness to changing market conditions, encourage transparency, and protect against undue influence by special interests; and

(H) If the task force determines necessary, contract with the consultants to assist the task force with the study.

(3)(A) On or before December 31, 2015, the task force shall file with the Governor, the Speaker of the House of Representatives, and the President Pro Tempore of the Senate a written report of the task force's activities, findings, and recommendations.

(B) The task force may file with the Governor, the Speaker of the House of Representatives, and the President Pro Tempore of the Senate a final written report on or before December 30, 2016.

(e) The task force expires December 31, 2016.

SECTION 3. TEMPORARY LANGUAGE. DO NOT CODIFY. Efforts to transform the Arkansas Medicaid Program — Federal waivers or authorities.

(a)(1) Notwithstanding any other rule, regulation, or law to the contrary, the Department of Human Services may submit and apply for any federal waivers or authority necessary to transform the Arkansas Medicaid Program into a program with maximum state flexibility in the use of the funds for innovative and cost-effective solutions for the provision of healthcare services.

(2) Under no circumstances may Medicaid eligibility be extended past December 31, 2016, for the current Medicaid expansion population under the Health Care Independence Program, commonly referred to as the "Private Option," including the current Medicaid expansion population in the eligibility category created by Section 1902(a)(10)(A)(i)(VIII) of the Social Security Act, 42 U.S.C. § 1396a, without express legislative approval through a proper enactment of law by the General Assembly.

(3) The options pursued as part of this effort may include without limitation:

(A) A block grant or global budget cap program in which the federal government provides the state with a defined annual lump sum, calculated on the basis of past and existing Medicaid funding levels, adjusted annually for

healthcare inflation; and

(B) Innovative measures and options such as capitated payment models, including without limitation managed care programs for specific high-need populations such as people with serious mental illness or elders with frailty.

(b) The solutions pursued through this effort shall aim to sustain and improve the following:

(1) Appropriate care and improved outcomes through early intervention, prevention, and wellness programs, including the reduction of rates of obesity and tobacco use;

(2) Services in the most cost-effective settings;

(3) Enhanced injury prevention;

(4) Optimized use of telemedicine;

(5) Transparency in healthcare price, quality, and utilization for consumers, taxpayers, and policymakers;

(6) Discouraged over-utilization and reduced waste, fraud, and abuse; and

(7) Other efficiencies that will deliver value to the taxpayers.

(c) The programs and populations in this effort may include without limitation:

(1) The traditional Medicaid program;

(2) Existing Medicaid waiver programs, including without limitation those waivers authorized or required by *Arkansas law*; and

(3) Individuals eligible for the Health Care Independence Program authorized under § 20-77-2401 et seq.

(d) The department, in consultation with the Arkansas Health Reform Legislative Task Force, shall submit the necessary waiver requests to the Centers for Medicare and Medicaid Services no later than July 1, 2016, for a waiver term of up to five (5) years.

(e) The department may promulgate rules to administer and implement this section.

SECTION 4. TEMPORARY LANGUAGE. DO NOT CODIFY. Suspension of certain changes to the Health Care Independence Program.

(a) The Department of Human Services shall suspend, as of the effective date of this act and notwithstanding any other rules, regulations, or provisions of law to the contrary, any further inclusion or transition of Medicaid-eligible recipient populations to the Arkansas Health Insurance Marketplace, including without limitation:

(1) Children eligible for the ARKids First Program Act, § 20-77-1101 et seq., commonly known as the “ARKids B program”; and

(2) Populations under Medicaid from zero percent (0%) of the federal poverty level to seventeen percent (17%) of the federal poverty level.

(b) Notwithstanding any other rule, regulation, or law to the contrary, the

department shall suspend, as of the effective date of this act, the application of any additional cost sharing requirements to go into effect on or after January 31, 2015, under the Health Care Independence Program to Medicaid beneficiaries with incomes below one hundred percent (100%) of the federal poverty level.

(c) The purpose of this section is to:

- (1) Ensure a focus on future improvements; and
- (2) Limit the state's exposure to additional costs.

(d) This section shall expire at the earliest of:

- (1) The effective date of the termination of the Health Care Independence Program; or
- (2) December 31, 2016.

SECTION 5. TEMPORARY LANGUAGE. DO NOT CODIFY. Modification of Medicaid State Plan.

(a) The Department of Human Services shall amend the Medicaid State Plan to eliminate all eligibility categories authorized by Section 1902(a)(10)(i)(VIII) of the Social Security Act, 42 U.S.C. § 1396a, by December 31, 2016.

(b) The department shall submit and make effective the Medicaid State Plan amendments required by this section prior to the date on which the federal waivers actually terminate.

(c) This section does not require modification of any Medicaid eligibility categories that were in effect on or before December 31, 2013.

(d) The purpose of this section is to ensure that Medicaid eligibility does not continue past December 31, 2016, for the current Medicaid expansion population under the Health Care Independence Program, commonly referred to as the "Private Option," including the current Medicaid expansion population in the eligibility category created by Section 1902(a)(10)(A)(i)(VIII) of the Social Security Act, 42 U.S.C. § 1396a, without express approval through a proper enactment of law by the General Assembly.

SECTION 6. DO NOT CODIFY. Expiration of Health Care Independence Program.

Eligibility, enrollment and participation in Medicaid for the current Medicaid expansion population under the Health Care Independence Program authorized under § 20-77-2401 et seq., including the current Medicaid expansion population in the eligibility category created by Section 1902(a)(10)(A)(i)(VIII) of the Social Security Act, 42 U.S.C. § 1396a, shall cease and terminate effective January 1, 2017, in the absence of legislative action by the General Assembly.

SECTION 7. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that without legislative action, the Health Care Independence Program will terminate before reductions in federal medical assistance percentages require the expenditure of additional state general revenues; that an urgent need exists to develop contingency plans for the

termination of the Health Care Independence Program and to ensure continued healthcare access for eligible individuals; that to ensure efficient use of taxpayer dollars and continued healthcare coverage for the state's most vulnerable citizens, it is immediately necessary to transform the Arkansas Medicaid Program; and that this act is immediately necessary to initiate reforms of the state's healthcare system. Therefore, an emergency is declared to exist, and this act is immediately necessary for the preservation of the public peace, health, and safety, and shall become effective on:

(1) The date of this act's approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto.

§ 18. Election of Supreme Court Justices and Court of Appeals Judges.

(A) Supreme Court Justices and Court of Appeals Judges shall be elected ~~on a nonpartisan basis~~ by a majority of qualified electors voting for such office. Provided, however, the General Assembly may refer the issue of merit selection of members of the Supreme Court and the Court of Appeals to a vote of the people at any general election. If the voters approve a merit selection system, the General Assembly shall enact laws to create a judicial nominating commission for the purpose of nominating candidates for merit selection to the Supreme Court and Court of Appeals.

(B) Vacancies in these offices shall be filled by appointment of the Governor, unless the voters provide otherwise in a system of merit selection.

SECTION 3. (a) Except as provided in subsection (b) of this section, the General Assembly may provide by law whether justices of the Supreme Court, judges of the Court of Appeals, circuit court judges, district court judges, and prosecuting attorneys are selected on a partisan or nonpartisan basis.

(b) As of the effective date of this amendment, justices of the Supreme

Court, judges of the Court of Appeals, circuit court judges, district court judges, and prosecuting attorneys shall be selected on a partisan basis unless the General Assembly provides by law that the offices shall be selected on a nonpartisan basis.

SECTION 4. Justices of the Supreme Court, judges of the Court of Appeals, circuit court judges, district court judges, and prosecuting attorneys in office at the time this amendment takes effect shall continue in office until the end of the terms for which they were elected or appointed.

SECTION 5. EFFECTIVE DATE. This amendment is effective on and after January 1, 2017.

SECTION 6. BALLOT TITLE AND POPULAR NAME. When this proposed amendment is submitted to the electors of this state on the general election ballot:

(1) The title of the House Joint Resolution shall be the ballot title; and

(2) The popular name shall be "Amending the Arkansas Constitution to Allow the General Assembly to Determine Whether Judicial Department Officials are Selected on a Partisan or Nonpartisan Basis"."

HOUSE JOINT RESOLUTION
AN APPLICATION FOR A CONVENTION OF THE
STATES UNDER ARTICLE V OF THE CONSTITUTION
OF THE UNITED STATES.

Subtitle
AN APPLICATION FOR A CONVENTION
OF THE STATES UNDER ARTICLE V
OF THE CONSTITUTION OF THE
UNITED STATES.

WHEREAS, the Drafters of our United States Constitution empowered State Legislatures to be guardians of liberty against future abuses of power by the federal government; and

WHEREAS, the federal government has created a crushing national debt through improper and imprudent spending; and

WHEREAS, the federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, most of which are unfunded; and

WHEREAS, the federal government has ceased to function under a proper interpretation of the Constitution of the United States; and

WHEREAS, it is the solemn duty of the states to protect the liberty of our people — particularly for the generations to come — by proposing Amendments to the Constitution of the United States through a convention of the states under Article V for the purpose of restraining these and related abuses of power,

NOW THEREFORE,

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE *NINETIETH* GENERAL ASSEMBLY OF THE STATE OF ARKANSAS AND BY THE SENATE, A MAJORITY OF ALL MEMBERS ELECTED TO EACH HOUSE AGREEING THERETO:

THAT the General Assembly of the State of Arkansas hereby applies to Congress, under the provisions of Article V of the Constitution of the United States, for the calling of a convention of the states limited to proposing amendments to the

Constitution of the United States that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and for members of Congress.

BE IT FURTHER RESOLVED THAT the Chief Clerk of the House of Representatives is hereby directed to transmit copies of this application to the President of the United States Senate, the Secretary of the United States Senate, the Speaker of the United States House of Representatives, the Clerk of the United States House of Representatives, each member of the Arkansas congressional delegation, and the presiding officers of each of the legislative houses in the several states, requesting their cooperation.

BE IT FURTHER RESOLVED THAT this application constitutes a continuing application in accordance with Article V of the Constitution of the United States until the legislatures of at least two-thirds (2/3) of the several states have made applications on the same subject.

(b) However, the General Assembly finds that there is currently not enough protection from civil liability for a person who rightfully uses deadly physical force in self-defense or in defense of another person.

(c) The General Assembly finds that a more robust civil immunity statute is necessary to protect a person from civil damages stemming from an incident when he or she lawfully uses deadly physical force in self-defense or in defense of another person.

SECTION 2. Arkansas Code Title 16, Chapter 120, Subchapter 1, is amended to add an additional section to read as follows:

16-120-106. Use of deadly physical force.

(a) A person is immune from civil action for the use of deadly physical force against another person who is an initial aggressor if the use of the deadly physical force was in accordance with § 5-2-607.

(b) A court shall award reasonable attorney's fees, court costs, compensation for loss of income, and all other expenses incurred by a person in defense of a civil action brought by another person if the court finds that the person is immune from civil action as provided in subsection (a) of this section."

(2) Evidence that the requested return on common equity is comparable to values that have recently been approved for public utilities that are delivering similar services with corresponding risks within this state and in other regulatory jurisdictions in the same general geographic area;

(3) Evidence of the financial, business, and other risks faced by the utility, including regulatory oversight, numbers and types of customers, rate mechanisms, cost allocation methods, rate levels, rate design, reliability, and quality of service, as compared to those faced by utilities delivering similar services within this state and in the same general geographic area; and

(4) Any other information, including without limitation:

(A) Macroeconomic data;

(B) Relevant commentary from ratings agencies and investment analysts;

(C) Independent analysis of utility industry trends; and

(f) An electric cooperative corporation established under the Electric Cooperative Corporation Act, § 23-18-301 et seq., is not subject to subsections (c) and (d) of this section.

SECTION 2. Arkansas Code Title 23, Chapter 4, Subchapter 4, is amended to add an additional section to read as follows:

23-4-422. Cost allocation.

(a)(1) The Arkansas Public Service Commission shall establish and regulate the rates and charges of a public utility under this subchapter and shall allocate or assign costs among all classes of customers of the public utility.

(2) In determining the rates for utility services and the cost allocation among all of a public utility's classes of customers, the commission shall:

(A) Consider the costs and expenses incurred by the public utility in providing the utility services to customers in each class;

(B) Consider the economic impact of the proposed rates and charges for utility services by giving equal consideration to each class of customers; and

(C) Make findings that are based on substantial evidence.

(b) Notwithstanding the commission's authority to otherwise determine and fix rates for all classes of customers, including allocating or assigning costs and designing rates, if the commission finds that it will be beneficial to economic development or the promotion of employment opportunities, the commission shall determine rates and charges for utility services that:

(1) For the class of customers with the highest level of consumption per customer which has rates that include a demand component, and any successors to such class, as they existed on January 1, 2015, ensure that all costs and expenses related to demand and capacity, are identified and allocated on a

demand basis and recovered from customers in those classes through a demand rate component and not through a volumetric rate component unless the commission determines that the rates should be adjusted under subsections (e) and (f) of this section;

(2)(A) For the retail jurisdiction rate classes, ensure that all electric utility production plant are classified such that production related costs, all nonfuel production-related costs, purchased capacity costs, and any energy costs incurred resulting from the electric utility's environmental compliance as production demand costs.

(B) Ensure that production demand costs shall be allocated to each customer class pursuant to the average and excess method shown in Table 4-10B on page 51 of the 1992 National Association of Regulatory Utility Commissioners Manual, as it existed on January 1, 2015, using the average of the four (4) monthly coincident peaks for the months of June, July, August, and September for each class for the coincident peak referenced in Table 4-10B of the manual, as it existed on January 1, 2015, or any subsequent version of the manual to the extent it produces an equivalent result.

(C) Nothing in subdivision (b)(2)(B) of this section shall prescribe an allocation for wind production plant; and

(3)(A)(i) For purposes of allocation of natural gas distribution plant costs, including costs in distribution mains and related distribution plant expenses, among the state's retail jurisdiction rate classes, each gas utility shall classify all natural gas distribution plant costs as customer-related or capacity-related.

(ii) For purposes of subdivision (b)(3)(A)(i) of this section, the natural gas distribution plant costs shall include:

(a) Amounts charged to account numbers 374 through 387, as defined under the account numbering system in the Uniform System of Accounts prescribed for natural gas public utilities by the rules of the commission; and

(iii) To develop a cost allocation method under this section for natural gas utilities, the commission shall use the Gas Distribution Rate Design Manual, June 1989 edition, as prepared by the National Association of

Regulatory Utility Commissioners, as it existed on January 1, 2015, or any subsequent version of the manual, to the extent it produces an equivalent result.

(B)(i) The customer-related natural gas distribution plant costs shall be allocated to each customer class based on the number of customers in each class.

(ii) The customer-related portion of natural gas distribution plant costs related to account numbers 374 through 376, as defined under the account numbering system in the Uniform System of Accounts prescribed for natural gas public utilities by the rules of the commission, shall be the percentage of the average cost of all mains that is represented by the average cost of the minimum size main and computed using a cost allocation method based upon the predominant size main that is installed by the natural gas public utility that is at least two inches (2") in diameter, with the investment costs of the predominant size mains set as the minimum size.

(iii) The customer-related portion of natural gas distribution costs related to account numbers 377 through 387, as defined under the account numbering system in the Uniform System of Accounts prescribed for natural gas public utilities by the rules of the commission, shall be computed using a study that reflects the investments required to meter, regulate, and connect each class of customers to the natural gas utility's system.

(iv) Any remaining natural gas distribution plant costs shall be classified as capacity-related costs.

(C)(i) Except for natural gas distribution plant costs related to account numbers 380 through 385, as defined under the account numbering system in the Uniform System of Accounts prescribed for natural gas public utilities by the rules of the commission, the natural gas distribution plant costs classified as capacity-related costs shall be allocated to the customer classes based on the contribution to peak day demand that is made by each customer class.

(ii) As used in subdivision (b)(2)(C)(i) of this section, "peak day demand" means the computed quantity of gas that would be supplied to each customer class calculated using the coldest day in a recent thirty-year period for each gas utility.

(c) An application for a general change or modification in a public utility's rates and charges under this subchapter shall include:

(1) Evidence that demonstrates that the implementation of rates under subsection (b) of this section will result in rates that will be beneficial to economic development or the promotion of employment opportunities; and

(2) Evidence of whether or not rate design in subdivision (b)(1) of this section results in an increase to the base rate charges that are billed to customers in the affected class of more than ten percent (10%) as compared to the then currently approved base rate charges of the applicable rate schedules.

(d) Unless the commission adjusts the rates under subsection (e) or subsection (f) of this section, the commission shall by order establish and design rates, allocate or assign costs to all classes of customers, and regulate the rates for each class of customers of a public utility according to this section.

(e) Notwithstanding the commission's authority to otherwise determine and fix rates for all classes of customers, including allocating or assigning costs and designing rates, the commission may adjust rates under subdivision (b)(2) and (b)(3) of this section if the commission finds:

(1) It is in the public interest;

(2) It necessary to produce just and reasonable rates;

(3) Implementation of rates under subdivision (b)(2) and (b)(3) of this section will result in rates that are not beneficial to economic development or the promotion of employment opportunities.

(f) If implementation of rates under subsection (b) of this section will result in an increase in the base rate charges billed to customers in the affected class of more than ten percent (10%) as compared to the currently approved base rate charges of the applicable rate schedules, the commission may adjust the rates to ensure that the greatest increase in the base rate charges billed to customers in the affected class is ten percent (10%) as compared to the then currently approved base rate charges of the applicable rate schedules.

(g) If the commission makes any adjustment under subsections (e) and (f) of this section, the commission shall provide in an order the rationale for determining that rates under subsection (b) of this section may not be just and reasonable and the rationale for determining that the rates adjusted in the order of the commission are just and reasonable and in the public interest. The commission shall make its findings based on substantial evidence.

(h) An electric cooperative corporation established under the Electric Cooperative Corporation Act, § 23-18-301 et seq., is not subject to this section.

(i) The cost allocation provisions of this section shall apply to any pending application for a change in general rates and charges when this act becomes effective.

SECTION 3. Arkansas Code Title 23, Chapter 4, is amended to add an additional subchapter to read as follows:

Subchapter 12 — Formula Rate Review

23-4-1201. Title.

This subchapter shall be known and may be cited as the "Formula Rate Review Act".

23-4-1202. Findings and intent.(a) The General Assembly finds that:

(1) Electricity and natural gas services are essential to the public health and safety of citizens of this state;

(2) Affordable electricity and natural gas encourage economic activity within the state and benefit the state's industrial, commercial, and agricultural industries to increase the number of available jobs and to attract new business and industry to the state; and

(3) A new regulatory scheme for the review, approval, and allocation of investments and rates by the Public Service Commission is needed to allow this state to be competitive with surrounding states for jobs and capital by retaining existing businesses and locating new businesses in the state.

(b) The intent of this act is to establish a regulatory framework that implements rate reforms to provide just and reasonable rates to consumers in this state and enables public utilities in this state to provide reliable service while maintaining stable rates.

23-4-1203. Definitions.As used in this subchapter:

(1)(A) "Earned return rate" means a public utility's return on common equity for a formula rate review test period that is based on the numbers or values of the formula rate review test period and calculated by dividing the weighted earned common equity rate by the common equity ratio percentage.

(B) As used in subdivision (1)(A) of this section, "weighted earned common equity rate" means the weighted formula rate review test period cost rate for common equity minus the operating income deficiency, or excess, divided by a public utility's rate base;

(2) "Formula rate review test period" means a test period as stated in § 23-4-406 or a projected year;

(3) "Historical year" means, when using a formula rate review test period containing projections, the twelve (12) consecutive months that precede the second and any subsequent formula rate review test period;

(4) "Projected year" means the twelve (12) months following the proposed effective date under § 23-4-1205 for the first formula rate review filing and each subsequent consecutive twelve-month period; and

(5) "Target return rate" means a cost rate of common equity value as

established by the Arkansas Public Service Commission in the commission's order addressing the public utility's most recent application for a general change in rates and charges.

23-4-1204. Formula rate review — Authorized.

(a) A formula rate review is authorized to provide an annual streamlined review of a public utility's rates to determine if adjustments are needed to comply with this subchapter.

(b) An electric cooperative corporation established under the Electric Cooperative Corporation Act, § 23-18-301 et seq., shall not be regulated by a formula rate review.

23-4-1205. Filing — Procedure.

(a)(1) A public utility filing an application for a general change or modification to its rates and charges under § 23-4-401 et seq., may as part of its application, file a notice with the Arkansas Public Service Commission that the public utility is electing to have its rates regulated under a formula rate review mechanism as authorized by this subchapter.

(2) The notice shall designate the formula rate review test period based upon either a projected year or a test period under § 23-4-406.

(b) Upon receipt of a notice as described in subdivision (a)(1) of this section, the commission shall:

(1) Regulate the rates of the public utility according to this subchapter; and

(2) Be required to approve a formula rate review mechanism utilizing the formula rate review test period designated by the public utility.

(c)(1) A public utility that has filed a notice of intent or has an application for a general change in rates and charges pending under § 23-4-401 et seq. that contains a notice of election to be regulated under a formula rate review when this subchapter becomes effective shall be regulated under this subchapter.

(2) A public utility shall not file for an initial formula rate review until at least one hundred eighty (180) days after rates have become effective pursuant to the final order on the application for a general change in rates. A public utility that has filed a notice of intent or has an application for a general change in rates and charges pending under § 23-4-401 et seq. that contains a notice of election to be regulated under a formula rate review when this subchapter becomes effective may file for the initial formula rate review one hundred fifty (150) days after rates have become effective pursuant to the final order in the general rate case.

(3) The rates that are approved in the application for a general change in rates and charges shall remain in effect during the formula rate review

term under § 23-4-1208, subject to the rate adjustments under this subchapter.

(d) An approved formula rate review mechanism shall require the public utility to file the information required by the commission under this subchapter not more than one hundred eighty (180) days before the date on which the rates determined by the formula rate review mechanism will go into effect for each year.

(e) An approved formula rate review mechanism shall require any party according to the commission's rules and procedures to file with the commission a statement of the errors or objections at least ninety (90) days before the date on which rates determined by the formula rate review mechanism will go into effect for each year.

(f) An approved formula rate review mechanism shall require the public utility to file with the commission any corrections or a rebuttal to the errors or objections raised by the parties at least seventy-five (75) days before the date on which rates determined by the formula rate review mechanism will go into effect for each year.

(g)(1) The commission shall conduct a hearing, unless waived by the parties, at least fifty (50) days before the date on which rates determined by the formula rate review mechanism will go into effect for each year.

(2) The commission shall issue a final order at least twenty (20) days before the date on which rates determined by the formula rate review mechanism will go into effect for each year.

(3)(A) If a final order is not issued at least twenty (20) days before the date on which rates determined by the formula rate review mechanism will go into effect for each year, the public utility may put the proposed formula rate rider changes into effect subject to refund.

(B) The commission may require reasonable security to assure the prompt payment of any refunds, including interest, that may be ordered.

23-4-1206. Utility formula rate review — Required information.

(a) A formula rate review mechanism approved by the Arkansas Public Service Commission shall specify the minimum information required with each annual rate review filing.

(b) Annual formula rate review filings under an approved formula rate review mechanism shall be developed using the formula rate review test period designated by the public utility under § 23-4-1205(a)(2).

(c) Annual formula rate review filings shall be prepared consistent with the commission's order on the public utility's application for a general change in rates and charges.

(d) Any costs disallowed by the commission in its order on the public utility's

application for a general change in rates and charges shall not be eligible for recovery under a formula rate review mechanism.

(e)(1) If a formula rate review test period utilizes projected data under § 23-4-406 or a projected year, rate changes under § 23-4-1207 shall include an adjustment to net any differences between the prior formula rate review test period change in revenue and the actual historical year change in revenue for that same year.

(2) A public utility shall report any differences between the prior formula rate review test period change in revenue and the historical year change in revenue for the same year.

(3) Netting shall not begin until a public utility has accumulated a full twelve (12) months of a historical year to prepare a report.

(f) The public utility shall submit documentation fully supporting all calculations and adjustments as required by the rules of the commission.

(g) A public utility, or any other party to the proceeding subject to the commission's rules and procedures, may propose additional adjustments that are based on factors unique to the utility.

23-4-1207. Formula — Adjustment of customer rates.

(a) Customer rates shall be adjusted in a formula rate review mechanism based on a comparison of the earned return rate to the target return rate.

(b) Adjustments of customer rates shall be calculated using the following formula:

(1) If the earned return rate is less than the target return rate minus five-tenths percent (0.5%), the formula rate review mechanism revenue level for the formula rate review test period shall be increased by an amount necessary to increase the earned return rate to the target return rate;

(2) If the earned return rate is greater than the target return rate plus five-tenths percent (0.5%), the formula rate review mechanism revenue level for the formula rate review test period shall be decreased by an amount necessary to decrease the earned return rate to the target return rate; or

(3) If the earned return rate is less than or equal to the target return rate plus five-tenths percent (0.5%), and greater than or equal to the target return rate minus five-tenths percent (0.5%), the formula rate review mechanism revenue level for the formula rate review test period shall not change or be adjusted.

(c) If a formula rate review test period utilizes projected data under § 23-4-406 or a projected year, rates shall be adjusted by the netting of historical year differences under § 23-4-1206.

(d)(1) The total change in the formula rate review mechanism revenue level

shall be allocated to each applicable rate schedule based on an equal percentage of the base rate revenue used in the development of rates in the Arkansas Public Service Commission's order addressing the public utility's last application for a general change in rates and charges.

(2) The total amount of a revenue increase or decrease for each rate class shall not exceed four percent (4%) of each rate class' revenue for the twelve (12) calendar months preceding the formula rate review test period.

(e) Only one (1) rate review adjustment shall occur during any period of three hundred sixty-five (365) days.

23-4-1208. Term — Formula rate review.

(a)(1) The term of any formula rate review approved by the Arkansas Public Service Commission shall not exceed five (5) years from the date of the commission's final order on the application by the public utility for a general change in rates and charges.

(2) Upon a determination that it is in the public interest, the commission may extend the term by a period of no more than five (5) years beyond the initial term.

(3) The rate review mechanism shall continue until all historical years have been netted under § 23-4-1206(e)(1) and rates have been adjusted under § 23-4-1207(c).

(b) A formula rate review shall continue until a final order is issued on an application for a general change in rates and charges is filed by a public utility or an application for a change in general rates and charges filed by the public utility as ordered by the commission. The rate review mechanism shall continue until all historical years have been netted under § 23-4-1206(e)(1) and rates have been adjusted under § 23-4-1207(c).

23-4-1209. Construction.

This subchapter does not repeal any other provision in this chapter and is supplemental to other laws governing the regulation of public utility rates.

SECTION 4. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that the costs that drive public utility rates are changing; that public utilities need to have procedures that permit their rates to change in response to those changing conditions; that there is a need to address the allocation of costs and design of rates; that there is a need to maintain stable rates and to mitigate the magnitude of future rate changes; and that affordable electricity and natural gas encourage economic activity within the state and benefit the state's industries to increase the number of available jobs and to attract new businesses and industries to the state. Therefore, an emergency is

declared to exist, and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."

do herewith return the same as having been substantively amended and properly engrossed in compliance with House Rule 39 (c).

Upon motion of Representative Pitsch, **HOUSE BILL NO. 1716** was placed back on second reading for the purpose of amendment.

AMENDMENT NO. 1 TO HOUSE BILL NO. 1716

Amend **HOUSE BILL NO. 1716** as originally introduced:

Delete everything after the enacting clause, and substitute the following:

"SECTION 1. DO NOT CODIFY. Legislative findings.

The General Assembly finds that:

(1) An efficient transportation system is critical for Arkansas's economy and the quality of life of the state's residents;

(2) The revenues currently available for highways and local roads are inadequate to preserve and maintain existing infrastructure and to provide funds for improvements that would reduce congestion and improve service;

(3) The tax levied on motor fuel in the state is an ineffective mechanism for meeting Arkansas's long-term revenue needs because the motor fuel tax will steadily generate less revenue as motor vehicles become more fuel efficient and alternative sources of fuel are identified;

(4) By 2030, as much as one-half (1/2) of the revenue that could have been generated by the motor fuel tax will be lost as the result of the increased fuel efficiency of motor vehicles;

(5) Bundling fees for roads and highways into the motor fuel tax makes it difficult for users to understand the amount they are paying for roads and highways;

(6) Other states have begun to explore the potential for a road usage charge to replace traditional motor fuel taxes, including the State of Oregon, which established the first permanent road-user charge program in the nation;

(7) A road-user charge program requires motorists to pay for the use of the roadway network based on the distance they travel, and motorists pay the same rate per mile driven, regardless of which part of the roadway network the motorists use;

(8) A road-user charge program has the potential to distribute the motor fuel tax burden across all vehicles regardless of fuel source and to minimize the impact of the current regressive motor fuel tax structure;

(9) The experience of other states across the nation demonstrates that mileage-based charges can be implemented in a way that ensures data security and maximum privacy protection for motorists;

(10) It is important that this state begin to explore alternative revenue sources that may be implemented in lieu of the antiquated motor fuel tax structure now in place; and

(11) Any exploration of alternative revenue sources shall:

(A) Take in account the privacy of the taxpayers, especially with regard to location data;

(B) Not report travel locations or patterns; and

(C) Use legal and technical safeguards to protect personal information.

SECTION 2. Arkansas Code Title 27, Subtitle 5, is amended to add an additional chapter to read as follows:

CHAPTER 77

ARKANSAS ROAD-USER TAX PILOT PROGRAM
