

PURPOSE OF BILL

To require screening for depression of birth mothers at the time of birth and to mandate that insurance policies cover screening for depression of birth mothers at the time of birth.

ACTUARIAL STATEMENT

The Fiscal Impact Statement was prepared according to generally accepted actuarial principles and practices, in compliance with ACT 112. The Statement provides an estimate of the financial and actuarial effect of the proposed change(s) on the Plans, if possible. The Statement makes no comment or opinion with regard to the merits of the measure for which the Statement is prepared; however, any identified technical or mechanical defects have been noted.

We have reviewed the input and results of our analysis for reasonableness and relied upon the data and information provided by the Plans and their Claims Processing Contractors.

PRICING APPROACH AND COMMENTS

House Bill 1035 requires that self-insured plans cover depression screenings as part of the plan, with applicable cost share requirements. The health plans confirmed these screenings are already covered as part of the plan.
