13 23-12-1101. Legislative findings.

14 The General Assembly finds that:

18 length of their railroad trains as a way to reduce expenses;

19 (3) The Federal Railroad Administration and other federal
20 agencies have investigated whether increasing the length of railroad trains
21 is a safety risk;

22 (4) The operation on a main line or a branch line of a railroad
23 train that is excessive in length exposes the public to unnecessary dangers
24 and may cause disruptions of commerce; and

25 (5) The regulation of railroad train length is necessary for

1 (a) The Arkansas Department of Transportation may impose on a railroad
2 company an administrative penalty of:

25
26 SECTION 2. EMERGENCY CLAUSE. It is found and determined by the
27 General Assembly of the State of Arkansas that maintaining safe railroad
28 operating practices is necessary for public safety and commerce efficiency;
29 that maintaining limitations on railroad train length will ensure the safety
30 of the citizens of Arkansas; that a railroad company's desire to reduce costs
31 is not more important than the safety of the public and railroad employees;
32 and that this act conveys the importance of transportation infrastructure,
33 uninterrupted commerce, first responders, law enforcement, firefighters, and
34 the state's duty to protect its citizens. Therefore, an emergency is declared
35 to exist, and this act being immediately necessary for the preservation of
36 the public peace, health, and safety shall become effective on:

1 (1) The date of its approval by the Governor;

2 (2) If the bill is neither approved nor vetoed by the Governor,
3 the expiration of the period of time during which the Governor may veto the
4 bill; or
