WES WARD
SECRETARY OF AGRICULTURE

July 9, 2019

The Honorable Cecile Bledsoe
Arkansas Senate
State Capitol

The Honorable Jeff Wardlaw
Arkansas House of Representatives
State Capitol

Re: Arkansas Forestry Commission monthly activity report for June 2019

Dear Senator Bledsoe and Representative Wardlaw:

Per Section 42 of Act 841 of the 2017 Regular Session, the Arkansas Forestry Commission (AFC) is to report monthly fiscal and agency activities to the Arkansas Legislative Council. Please find attached the report for June 2019.

AAD/AFC personnel were called to patrol levees in three different counties this past month. Crawford County was the first to ask for help. Requests for aerial patrols as well as 24/7 ground patrols were filled with eager employees. Soon after, Pulaski and Jefferson Counties requested aerial patrols and ground patrols as well.

AAD/AFC supplied 71 employees for a total of 4,378 man hours. Crews were looking for issues with the levee systems and notified qualified personnel as soon as issues were discovered.

As one can see, AAD/AFC responds to all types of emergency requests, throughout the state, to maintain safe environments for the people of Arkansas.

ARKANSAS FORESTRY COMMISSION

Mark Cutrer

cc: DFA Director Larry Walther
Secretary of Agriculture Wes Ward

ARKANSAS AGRICULTURE DEPARTMENT(AAD)
ARKANSAS FORESTRY COMMISSION(AFC)
June 2019 Activity and Fiscal Report

FIRE PROTECTION

Wildfires: During June a total of 13 wildfires were suppressed for a total of 28 acres burned. Ten-year average for the month of June is 74.3 wildfires with 894.3 acres burned.

Search and Rescue Assistance: An AFC crew assisted in searching for a person in the Sam's Throne area in Newton County.

Storm Damage Assistance: Crews assisted with 24-hour levee patrol in Crawford, Jefferson and Pulaski Counties due to the flooding of the Arkansas River. Airplanes were also used for levee patrol in Crawford and Jefferson Counties. A crew from Faulkner County assisted with the filling of sand bags and the loading of the bags used to protect homes.

An AFC crew assisted in clearing roads from storm debris northeast of Stephens in Ouachita County. An AFC crew assisted in the clearing of roads from storm debris west of Hampton in Calhoun County.

Rural Fire Protection: Rural Fire Protection (RFP) assists fire departments (FDs) with organization, training and equipment. RFP provides interest-free loans, secures firefighting and emergency service equipment from the federal government, and administers a federal grant to assist approximately 1,000 fire departments. The RFP shop provides maintenance to property destined for FD's and repairs AFC equipment.

June 2019

- Four Wildland fire training classes were conducted with 26 FDs (72 firefighters) in attendance.
- RFP received one Kenworth T660 transport (valued at \$55,514.50), one Ford Explorer service truck (valued at \$21,490.78) and one Chevrolet 3500 Brush truck (valued at \$27,290.00)

- There were three Department of Defense (DOD) vehicles issued to FDs, one Freightliner, one AM General (valued at \$239,048.00), and one brush truck (valued at \$25,221.18). One boat motor (valued at \$5,499.00) was also issued to a FD.
- The RFP shop completed maintenance on two AFC vehicles and equipment as well as two DOD vehicles.
- RFP provided one interest free loan via the Rural Fire Revolving Loan Fund.
 - Chimes VFD 2000-gallon tank, paint drop deck \$8,435.25 Van Buren County D-7
- 2019 Annual Rural Fire Show Registrations are starting to come in from vendors, 18 have pre-registered. Postcards are being mailed out to FDs about the show, as well as deadlines for Firewise renewals. We have secured a few great door prizes.
- Attended the Arkansas Fire Convention in Hot Springs as a vendor, June 27-29th. Anthonyville FD agreed to allow us to show case their AWD Freightliner that was refurbished by the prison.

Firewise: Firewise staff and district personnel work with fire departments and civic organizations to make communities safer from the threat of wildfire through mitigation projects and community education initiatives. Arkansas is proud to have 82 active Firewise communities. Recognized communities display Firewise signs at the city limits.

Firewise achieved the following in **June**:

- Hosted informational booth at Arkansas Fire Convention
- Delivered renewal paperwork to five communities
- Personnel attended Stop the Bleed, CPR, and First Aid Training
- Delivered recognition signage to three communities

Law Enforcement: AAD has the authority to enforce the laws of the State of Arkansas, but primarily focuses on unlawful dumping, timber theft, forest fires, and forestry equipment theft and vandalism. AAD aggressively seeks prosecution of violators to deter such crimes. AAD Investigators and district law enforcement officers opened three dumping, three timber thefts, and one agency assist case. They closed one dumping, one fire, and four timber cases.

FOREST MANAGEMENT

Forest Stewardship/Rural Forestry Assistance Programs: AFC works with a diverse group of partners and professionals to conserve, protect, and enhance Arkansas's forests. The Forest Stewardship Program (FSP) is an opportunity for non-industrial private forest landowners who are interested in managing their property for wildlife, recreation, soil and water conservation, agro-forestry and/or for timber production to get a comprehensive multiple use forest management plan that is prepared by private consulting or AFC foresters, private consulting or Arkansas Game and Fish Commission (AGFC) private lands wildlife biologists, and United States Department of Agriculture (USDA) Natural Resource Conservation Service soil and water

professionals. Arkansas has 412,564 acres of private land actively enrolled in the Forest Stewardship Program. Landowners that implement practices under their FSP management plans become Certified Forest Stewards. There are 1,263 Forest Stewards owning 283,079 acres in the State.

For June, 13 FSP plans were prepared on 1,476 acres. In addition, AFC personnel provide technical assistance through the rural forestry program to landowners that are enrolled in USDA tree planting and forest management programs such as the Conservation Reserve Program, Environmental Quality Incentives Program, Wetland Reserve Program, and AFC Southern Pine Beetle Prevention and Restoration Program. AFC foresters prepared 77 forest management practice plans on 7,473 acres. AFC personnel conducted two prescribed burns on 13 acres.

Urban Forestry Assistance: Urban Forestry Program staff provides assistance and training to communities, educational institutions, non-profit organizations, developers and homeowners on urban tree care, inventory and management.

Urban & Community Forestry- June 2019

- Assisted coordination of a workshop to prepare professional arborists to take the International Society of Arboriculture (ISA) Certified Arborist Exam. Presentations were provided by AFC staff and other local experts on a variety of tree care topics. More than twenty tree care workers attended the workshop and 8 took the ISA Certified Arborist exam following the workshop which was proctored by AFC staff.
- Attended the Southern Group of State Foresters summer conference in Franklin, TN.
- Conducted a review of a sub-award project in Eureka Springs to establish a series of linear arboretum walks and develop a community forest management plan.

Forest Health: The Forest Health Specialist assists AFC personnel statewide in efforts to maintain healthy, productive forest ecosystems by preventing, detecting, monitoring, and suppressing damaging insects and diseases. AFC offers technical assistance to landowners who encounter forest health issues.

- Sassafras, killed by the invasive disease laurel wilt, were found in three new counties (total of 10 so far in Arkansas).
- White oaks in the Ozarks appear unhealthy due to jumping oak gall. An outbreak of this tiny wasp caused the foliage of white oaks to scorch and turn brown. An aerial survey revealed that the areas around Beaver Lake are severely affected and many areas of the Boston Mountains are also affected. This pest is not expected to kill trees, but the stress to the trees is a long-term concern.

Reforestation: AFC's tree improvement program strives to provide landowners with the highest possible genetic gain in pine and hardwood seed. One method AFC employs to achieve

this objective is by establishing the highest genetic gain material in our newest pine and hardwood seed orchards. AFC Baucum Nursery then makes available to landowners the improved varieties of pine and hardwood, which are the net result of the tree improvement program.

Reforestation Manager, Dave Bowling and Reforestation Foreman, Randy O'Neal attended the 35th Southern Forest Tree Improvement Conference (SFTIC). SFTIC is a biennial conference that brings together the greatest minds in forest tree improvement across the US and many other parts of the world. This year, the conference was hosted by The University of Kentucky. The meeting was held in Lexington, KY and attended by 96 tree improvement professionals. Dave serves on the SFTIC Committee, which is the governing body of the organization. Dave also served on a career discussion panel for graduate students who are looking into forestry as a career. There were 5 graduate students in attendance and 15 industry professionals.

Baucum Nursery: AFC's Baucum Nursery produces hardwood and pine seedlings for reforestation and afforestation efforts.

The following are final numbers for the FY19 planting season.

For FY19, there were:

- o 704 online orders and 186 paper orders.
- o Total sales of 1,260,050 pine and 5,861,675 hardwood.

Comparatively, in FY 18, there were:

- o 787 online orders and 248 paper orders.
- o Total sales of 1,556,400 pine and 5,160,375 hardwood.

- Lifted and packed the following for FY19:
 - o 1,378,500 pine
 - o 6,021,175 hardwood
 - o 26,700 Containerized 3-star loblolly pine
 - o 90,600 Containerized Advanced Gen shortleaf pine
 - o Total seedlings packed = 7,516,975
- Shipped the following for FY19
 - o 1,108,050 pine
 - o 5,841,775 hardwood
 - o 25,925 Containerized 3-star loblolly pine
 - o 83,600 Containerized Advanced Gen shortleaf pine
 - o Total seedlings shipped = 7,059,350

- Final seedling sales distribution is listed in the table below.

SEEDLING SALES BY COOLER LOCATION						
LOCATION	HARDWOOD		VARIANCE	PINE		VARIANCE
	FY 19	FY 18		FY19	FY18	
D1 Monticello	20,750	86,950	(66,200)	14,150	64,100	(49,950)

GRAND TOTAL	5,605,025	5,074,300	530,725	1,204,850	1,378,700	(173,850)

We are still receiving seedling surveys from our customers, so the results of those surveys will be reviewed in the next report. This year we developed an online survey for all customers who placed orders online. The request to complete the survey was sent to 648 online customers. Customers that submitted their orders by paper and/or customers we did not have an email address for (167), received the survey in the mail. We had a total of 815 customers for 2019 planting season.

During the month of June, the Baucum Nursery staff completed the following:

- Covered exposed seed that were washed out from excessive rain.
- Fertilized all crops.
- Plowed between beds in all planted fields to aerate soil and stabilize beds.
- Put in test plots in fields 2 and 4 using Outrider and Poast herbicides to determine weed control and crop tolerance.
- Sprayed two-year-old seedlings in field 3 with Outrider, Poast, and Sureguard herbicides.
- Disked field 7.
- Finished weeding 2-year-old willow oak.
- Began hand weeding 1-year old crops.
- Applied Poast and Goal Tender herbicides to all pine crops.

- Applied Poast herbicide over top of all hardwood species.
- Removed all debris from Improved Cherrybark orchard after cutting.
- Began top pruning all species as needed.

Tree Improvement: AFC's tree improvement program provides landowners with the highest possible genetic gain in pine and hardwood seed.

During the month of June, the Bluff City Tree Improvement staff completed the following:

- Built wood racks for rootstock.
- Filled 2 gal pots with soil and planted 814 pine rootstock.
- Moved nine boxes of the oldest stored pollen from Bluff City to the walk-in freezer at Baucum.
- Picked up bare root hardwood seedlings at Baucum for rootstock.
- Sprayed Hope test with herbicide and insecticide.
- Checked on test thinning at Ashdown progeny test.
- Fertilized young grafts in orchards 1718, 1719, 1720, and 1721.
- Began spraying herbicide over water lines at Bluff City seed orchard.
- Continued to pull weeds out of all potted trees.

Best Management Practices(BMP): AFC provides BMP training to loggers and timber companies, conducts courtesy exams prior or during timber harvest operations and addresses logging complaints.

BMP achieved the following in **June 2019**:

- Attended Keeping it in The Family (KIITF) workshop with 20 landowners.
- Obtained seed from AGFC for use on State Forest log sets.
- Conducted BMP training for 18 Rangers/Foresters
- Examined three tracts with Ross Foundation and Domtar in Hot Spring County to classify drain types.
- Attended Alabama BMP review with SGSF team.
- Entered complaints/exams in Excel file for storage.

Forest Inventory and Analysis: AFC in cooperation with the USDA Forest Service Southern Research Station is responsible for collecting scientific data from permanently established plots located all over the state. The plots, each representing 5,937 acres, are strategically located on a three-mile by three-mile grid. The inventory plots have been generating data since they were established in the 1950's. Natural resource managers use the data to make management decisions and follow Arkansas' natural resource trends through time.

FIA completed 76 plots for the month of June. We are now 37% complete with the 2019 survey.
