<b>Appraisal Management Company Rules and Regulations</b>					ID#: 2339
Statutory Authority:	A. C. A. Section 17-14-404	06/20/2009	01/01/2010	09/15/2009	
<input checked="" type="checkbox"/> Required under State or Federal Law:	Act 628 of the Regular Session, 87th General Assembly, 2009				
Requirement Statement:	Act 628 of the Regular Session, 87th General Assembly 2009 added subchapter four (4) titled The Appraisal Management Company Registration Act to the existing Appraiser Licensing & Certification Board statutes. The creation of the Appraisal Management Company Registration Act was in response to requirements of the Dodd-Frank Wall Street Reform and Consumer Protection Act.				
Enforce or Repeal?:	Enforce				
Agency Justification:	These rules set out the business operation procedures for the regulation of Appraisal Management Companies and are necessary. The statutory authority is A. C. A. Section 17-14-404. Due to requirements of the Dodd-Frank Wall Street Reform and Consumer Protection Act to collect a pass-through fee starting in 2020, the AALCB is in the process of revising the Appraisal Management Company (AMC) Rules. During the most recent legislative session, the legislature approved the necessary statute changes. The changes to the Rules will be discussed and submitted for the Board's approval at an upcoming Board meeting. The Board will then start the promulgation process.

<b>Section I -- General</b>					ID#: 1795
Statutory Authority:	A. C. A. Section 17-51-203	10/10/1991	03/31/1992	03/28/2016	04/07/2016
<input checked="" type="checkbox"/> Required under State or Federal Law:	Financial Institutions Reform, Recovery and Enforcement Act of 1989, as amended (Title XI)				
Requirement Statement:	In response to the savings and loan crisis of the 1980s, the US Congress enacted the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (FIRREA). Title XI of the law requires that licensed or certified appraisers be used in all federally related transactions above the de minimus transaction levels established by the various regulatory agencies covered by FIRREA. The states were mandated to establish the necessary systems to carry out Title XI. In 1991, the 78th General Assembly of the State of Arkansas during its regular session passed Act 541 creating the Arkansas Appraiser Licensing and Certification Board. In 2010, the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 was amended by the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank).				
Enforce or Repeal?:	Enforce				
Agency Justification:	AALCB Statute 17-14-203 (11) authorizes the Appraiser Board to adopt and enforce administrative rules. This section of our rules addresses, the definitions, board compensation, actions of the board, records of the board, Uniform Standards of Professional Appraisal Practice, grounds for disciplinary actions, and complaint adjudication. These rules are necessary for the daily operation of the Arkansas Appraiser Licensing and Certification Board. As a result of Act 781 of 2017, the Arkansas Appraiser Licensing and Certification Board has reviewed our current rules and found duplications, out-of-date language, rules that are out of compliance with Appraiser Qualification Board requirements and several areas where clean-up is needed. To that end, the Board has approved proposed rules that in addition to updating, includes a reduction in the requirements to become an appraiser. These proposed rules are currently in the promulgation process. An additional revision to the Appraisal Management Company and Appraiser Board Rules is also in process. There are several changes necessary to comply with statute changes from the recent legislative session. These proposed rules will be presented to the Appraiser Board for approval at an upcoming board meeting.

Rules and Regulations for Combative Sports					ID#: 8999
Statutory Authority: Ark. Code Ann. § 17-22-204	04/30/2014	04/30/2014	02/11/2014		
<input checked="" type="checkbox"/> Required under State or Federal Law: Ark. Code Ann. § 17-22-204					
Requirement Statement: The State Athletic Commission has the sole discretion, management, control, and jurisdiction over all combative sports matches and exhibitions in this State.					
Enforce or Repeal?: Enforce					
Agency Justification: Combative sports include boxing, kick boxing, wrestling, martial arts, Muay Thai, or any combination thereof, or any form of hand-to-hand, elbow-and-foot, or foot-and-leg competition. These rules are necessary to ensure the safety and well-being of contestants to the fullest extent possible. Arkansas State Athletic Commission (ASAC) statement: The ASAC reviewed its Rules on February 5, 2019. The ASAC decided to amend the Rules to add provisions concerning combative sports participants, who are age forty (40) and over, as well as tightening up requirements as to bloodwork for all participants. Rule amendments are also necessitated by Act 315 and Act of 923 of 2019, which removed Professional Wrestling from regulation by the ASAC. At the May 7, 2019, ASAC quarterly meeting, a draft of the proposed rule changes was reviewed. Upon review and discussion it was decided that further revision of the draft amendments was needed. This final revision is scheduled to be reviewed and voted on in its August quarterly meeting. The ASAC is transferring to the Department of Labor and Licensing on July 1, 2019. The Transformation and Efficiencies Act of 2019 does not affect the orders, rules, directives, or standards made or promulgated prior to the effective date of the Act. See Ark. Code Ann. § 25-43-107. Upon approval by the Governor, the proposed rule changes will need to be filed with the Secretary of State and ALC, and notice issued for public comment in compliance with the Administrative Procedure Act. The public comment report will be submitted to ALC for review and approval by its Rules Subcommittee and ALC. Rule amendments will need to be properly reviewed and approved to ensure completion of promulgation of proposed rule changes in January 2020.

Requirement Statement: The Arkansas State Board of Health promulgates, by rule, the duties and powers of the Cosmetology Technological Advisory Committee.

Enforce or Repeal?: Enforce

Agency Justification: These rules are promulgated by the State Board of Health for the purposes of establishing standards to regulate the vocation of cosmetology and its related occupations, specifically manicuring, aesthetics, and electrology; to provide for the licensing of persons to carry on and to teach such vocations; and to regulate the conduct and sanitation of cosmetology establishments, schools of cosmetology, and postsecondary schools of cosmetology so as to prevent the spreading of communicable diseases and provide penalties for violations. There have been no recent changes to the Cosmetology Rules, which are directly administered by the Arkansas Department of Health (ADH). The Rules were last amended in 2016. The ADH Cosmetology Section has been reviewing and drafting any needed rule amendments in response to Acts 315, 426, 820, 990, and 1011 of 2019. ADH anticipates any draft rule amendments being reviewed and approved by the Board of Health to ensure completion of promulgation by January 2020.

Agency Justification:	Anhydrous ammonia vessels are a specialized pressure vessel covered by the statutes and the ASME Code. The use of anhydrous ammonia has largely been eliminated due to the fact that it was attractive to thieves who desired it for making methamphetamine. Farmers and others began using alternative products. There is a criminal statute making possession of anhydrous ammonia in a container that does not comply with the rules of the Boiler Inspection Division a Class B felony. Ark. Code Ann. 5-64-1301 et seq. While rarely necessary, the agency feels it is important to maintain this rule for public safety reasons.

Agency Justification:	ADL Rule 010.01-015 through -026 are technical rules. They are largely either duplicative; a summary; a clarification; or an interpretation of requirements in the statutes or the technical codes adopted by ADL Rule 010.01-012. In this respect they serve as a quick reference guide for field inspectors and others. The technical codes, the American Society of Mechanical Engineers Boiler and Pressure Vessel Code and the National Board Inspection Code are lengthy and expensive. They are not always available even in electronic format in the field.

<b>Rule 010.05-015 Operating Permits, Rules of the Elevator Safety Board, Department of Labor</b>					ID#: 1371
Statutory Authority:	Ark. Code Ann. 20-24-106.	07/25/2006	09/01/2006	08/08/2006	
<input checked="" type="checkbox"/> Required under State or Federal Law:	Ark. Code Ann. 20-24-106.				
Requirement Statement:	Ark. Code Ann. 20-24-106(c)(1) requires the board to make rules for the maintenance, inspection, tests and operation of all elevators and escalators. Ark. Code Ann. 20-24-116 requires operating permits.				
Enforce or Repeal?:	Enforce				
Agency Justification:	Operating permits are required by Ark. Code Ann. 20-24-116(a)(3) and the requirements of this statute are largely incorporated in this rule. In addition to the statutory requirements, there are procedure or practice provisions for the revocation of an operating permit; a requirement to keep a current address on file; and a requirement to notify the agency if the conveyance is involved in a serious physical injury or fatality. Also, while most fees are set by statute, the board is authorized to set fees for temporary operating permits in an amount up to \$100. Ark. Code Ann. 20-24-116(e)(2). This rule sets fees for temporary operating permits.

<b>Rule 010.05-016 Variances, Rules of the Elevator Safety Board, Department of Labor</b>					ID#: 1372
Statutory Authority:	Ark. Code Ann. 20-24-106.	07/25/2006	09/01/2006	08/08/2006	
<input type="checkbox"/> Required under State or Federal Law:	(none)				
Requirement Statement:	(none)				
Enforce or Repeal?:	Enforce				
Agency Justification:	Ark. Code Ann. 20-24-106(d) authorizes the Elevator Safety Board to grant variances in certain circumstances. This rule repeats the statutory standard for a variance, as well as establishing the application and approval process. It also establishes the fee, which by statute is to be established by the board up to a maximum of \$100. The rule also deals with certain specific types of variance requests. For example, it specifically provides that the board will not approve a variance for the installation of a residential elevator in a non-residential application.

The rule also states the director's authority to seek an injunction, which is also established by 20-24-103.

Enforce or Repeal?:	Enforce				
Agency Justification:	This rule was adopted as mandated by the Public Employees' Chemical Right to Know Act, Ark. Code Ann. 8-7-1001 et seq. The statute and the rule were patterned, at the time, after the federal Occupational Safety and Health Administration's (OSHA's) Hazard Communication Standard. As a result, it provides protections to state and local government employees that correspond to the protections afforded private-sector employees by the OSHA standard.

Enforce or Repeal?:	Enforce				
Agency Justification:	This rule was adopted to comply with the requirements of Ark. Code Ann. 20-27-1102. The purpose is to ensure that all individuals engaged in covered blasting meet certain minimum qualification and have been trained in the handling and use of explosives, as well as trained in the storage, and transportation of explosives. The fee for certifying qualified individuals is set by rule at \$25.

Enforce or Repeal?:	Enforce				
Agency Justification:	In 1993, Senate Resolution 35 of the 79th General Assembly established the procedure for an advisory Commission to advise the Director of the Department of Labor on then-existing occupational safety and health standards regarding electrical transmission and distribution. This rule is the result. It adopts by reference the federal OSHA standards existing at the time. The OSHA standards preempt the state standard on the same subject with respect to private sector employees. The OSHA standards do not cover public sector employees. As a result, this rule provides protections to state and local government employees not covered by OSHA with respect to the subject matter.

ADH staff reviewed and drafted rule amendments in response to various acts, including Acts 315, 426, 820, 990, and 1011 of 2019 for the HVACR Board's review. The HVACR Board is transferring to the Department of Labor and Licensing on July 1, 2019. Upon approval by the Governor, the proposed rule changes will need to be filed with the Secretary of State and ALC, and notice issued for public comment in compliance with the Administrative Procedure Act. The public comment report will be submitted to ALC for review and approval by its Rules Subcommittee and ALC. Rule amendments will need to be properly reviewed and approved to ensure completion of promulgation in January 2020.

ADH also provided testing for contractors and the issuance of various types of licenses. ADH staff reviewed and drafted rule amendments in response to various acts, including Acts 315, 426, 820, 990, and 1011 of 2019 for the HVAC Board's review. The HVAC Board is transferring to the Department of Labor and Licensing on July 1, 2019. Upon approval by the Governor, the proposed rule changes will need to be filed with the Secretary of State and ALC, and notice issued for public comment in compliance with the Administrative Procedure Act. The public comment report will be submitted to ALC for review and approval by its Rules Subcommittee and ALC. Rule amendments will need to be properly reviewed and approved to ensure completion of promulgation in January 2020.

#### Rules and Regulations for Massage Therapy in Arkansas

ID#: 2385

Statutory Authority: Ark. Code Ann. § 17-86-203      08/20/2016      08/20/2016      08/10/2016

Required under State or Federal Law: (none)

Requirement Statement: (none)

Enforce or Repeal?: Enforce

Agency Justification: This program was transferred to the Department of Health in 2015 pursuant to Act 1020. The Massage Therapy Rules were last revised in 2018, effective January 1, 2019. This revision was required by Act 530 of 2017, which added a technique commonly referred to as “cupping therapy,” a modality used to release rigid soft tissues, through the application of a non-heated device that creates suction to lift the tissue away from the body. The amendments provide new requirements to practice cupping therapy. A massage therapist must have a minimum of six (6) hours in-class, specialized training in cupping therapy. The training must be noted on a massage therapy school or postsecondary massage therapy school transcript or a certificate of completion. The Massage Therapy Technical Advisory Committee (MTTAC) has been drafting revisions to its Rules in response to Acts 312, 315, 426, 820, 990, and 1011 of 2019. The MTTAC also has proposed revisions concerning administrative processes, educational requirements, and “clean-up” terminology language. The MTTAC and ADH anticipates draft rule amendments being reviewed and approved by the Board of Health in October to complete promulgation in January 2020.

Agency Justification: Rule III is not based on a specific provision of the Arkansas Code. Its requirement that a collection agency that has multiple locations have a license for each location is based on A.C.A. 17-24-306's requirement that collection agencies must post surety bonds to obtain and maintain licenses. If there was only one license for multiple locations and there were violations at all those locations there would be only one surety bond to remedy the violations and a surety might not be willing to disburse one bond to cover violations at multiple sites.

Agency Justification: The basis for Rule XIII (which allows the Board's Executive Director to grant a variance from its Rules) is not contained in the Arkansas Code. Granting a variance is not restrictive. It is an accommodation. Agency Justification:	Rule XV requires a licensee to maintain a listing of the aliases used by its employees when attempting to collect debts. This is not statutorily mandated. However, it is very useful when the Board is investigating a consumer's complaint. For example, a consumer claims it was contacted by a rude collector named "Alfred" at XYZ Collection Agency. If the name "Alfred" is an alias which is not maintained in the licensee's records, XYZ can argue that it has no such employee and, therefore, that the complaint is bogus.

Agency Justification:	Rule 6 is no longer necessary. Rule 6 provides the requirement for a non-statutory employer, electing to be governed by the statute, to continue until notice to the contrary is filed with the Commission. AWCC "FORM P" is the mechanism to provide notice to employees of worker's compensation coverage by the employer. Previous versions of "FORM P" did not provide the expiration date of the policy. The current version of "FORM P" requires the policy expiration date to be posted. This change provides the notice and protection to non-statutory employees as intended by Rule 6. A.C.A. §11-9-403(b) and §11-9-407 together with the prescribed "FORM P" makes Rule 6 not necessary.

Co-Chairs of Arkansas Legislative Council

RE: Rule Change under Act 893 of 2019

Dear Senator Bledsoe and Representative Wardlaw:

Act 893 of 2019 waives an agency's compliance with the Arkansas Administrative Procedures Act if (1) the only change to an existing rule is the removal of the term "regulation", (2) the agency files the updated rule with the Arkansas Secretary of State (SOS) on or before January 1, 2020, and (3) a letter is provided to Arkansas Legislative Council the name of the rule, a brief description of the rule, an affirmative statement that the removal of the term "regulation" was the only change to the rule, and that the rule was filed with the SOS.

In accordance with Section (e) of Act 893 of 2019, the term "regulation" has been amended out of the following Arkansas State Bank Department (ASBD) rules:

**Rule 46-402.1 – Meetings of the Board; Regular Meeting Dates.** This rule establishes the date and time on which the four regular meetings of the State Banking Board will be held each year. The only change to this rule was to remove the term "regulation" from the second paragraph of the rule and replace it with the term "rule".

**Rule 47-401.4 – Trading Account.** This rule requires banks that choose to open a trading account to establish a written policy setting forth guidelines for the purchases and sales made through the trading account. The only change to this rule was to remove the words "and regulation" from the phrase "rule and regulation" in Section J of the rule.

**Rule 47-701.9 – Fiduciary Power of State Banks.** This rule regulates the operation of a trust department by a state chartered bank. The only change to this rule was removing the term "regulation" and replacing it with the term "rule" in six places: Section (a); Section (f)(3); Section (f)(4); Section (g)(2)(C); Section (g)(3); and, Section (H)(2)(A).

**Rule 48-322.2 – Officer or Director Removal.** This rule details the manner in which the Bank Commissioner may remove a bank officer or director for violating state or federal law, ASBD rules, or basic principles of safety and soundness in the operation of a bank. The only change to this rule was removing the words “and Regulations” from the phrase “Rules and Regulations” in the first sentence of the rule.

**Rule 48-702.1 – Relocation of Existing Full Service Branch.** This rule establishes the procedure by which a state chartered bank may relocate a branch office. The only change to this rule was to remove the term “regulation” and replace it with the term “rule” in Section (a) of the rule.

**Rule 48-702.2 – Short Distance Relocation.** This rule establishes the procedure by which a state chartered bank may make a short distance relocation of a branch office. The only change to this rule was to remove the term “regulation” and replace it with the term “rule” in Section (a)(1) of the rule.

**Rule 48-703.1 – Expedited, Standard, and Mobile Branch Application Procedures.** This rule establishes the procedures for filing applications for expedited, standard, and mobile branches. The only change to this rule was removing the term “regulation” and replacing it with the term “rule” in four places: Section (b)(1); Section (b)(2); Section (b)(3); and, Section (d).

Other than those changes detailed above, I affirm that no other changes of any kind have been made to ASBD’s rules through the Act 893 process.

The updated rules listed above were filed with the SOS on August 26, 2019.

Thank you for your time and consideration.
