WES WARD
SECRETARY OF AGRICULTURE

April 9, 2018

The Honorable Bill Sample
Arkansas Senate
State Capitol

The Honorable Jim Dotson
Arkansas House of Representatives
State Capitol

Re: Arkansas Forestry Commission monthly activity report for March 2018

Dear Senator Sample and Representative Dotson:

Per Section 42 of Act 841 of the 2017 Regular Session, the Arkansas Forestry Commission (AFC) is to report monthly fiscal and agency activities to the Arkansas Legislative Council. Please find attached the report for March 2018.

In the AFC's Tree Improvement program, March is a time when AFC technicians pollinate specific female cones with pollen from select males. This process includes the use of isolation bags to protect cones or "flowers" from foreign pollen. Flowers for these crosses are in the tops of loblolly pine trees as tall as 60 feet.

The seed source for pine seedlings grown for reforestation in Arkansas has been continuously improved in the last 40 years through breeding and testing. An improved seed source contributes to greater return on investment for landowners and an improved forest economy.

At Baucum Nursery the seedling harvest was completed for FY18 season while simultaneously planting seed for the FY19 season. Sales through the end of March were 1,514,725 pine and 5,174,850 hardwood. Targets for FY19 are 2,835,000 pine and 7,782,000 hardwood.

ARKANSAS FORESTRY COMMISSION

Joe S. Fox

cc: DFA Director Larry Walther
Secretary of Agriculture Wes Ward

ARKANSAS FORESTRY COMMISSION

March 2018 Activity and Fiscal Report

FIRE PROTECTION

Wildfires: During March a total of 290 wildfires were suppressed for a total of 7383 acres burned. Ten-year average for the month of March is 263 wildfires for 5778 acres burned.

Rural Fire Protection: Rural Fire Protection (RFP) assists rural volunteer fire departments with organization, training and equipment. RFP provides interest-free loans and administers federal grants to assist approximately 1,000 volunteer rural fire departments. The RFP shop provides maintenance to AFC equipment.

- 42 fire departments, (138 firefighters), were provided wildland fire training, including 11-minority departments and nine AFC personnel in attendance.
- RFP received four brush trucks (valued at \$517,450.00), two tanker trucks (valued at \$233,362.00), five generator units (valued at \$179,815.00) and one storage container (valued at \$9,639.50).
- There were five Department of Defense (DOD) vehicles and other equipment issued to FDs including two Freightliners (valued at \$330,983.00), three brush trucks (valued at \$393,585.00), and four generators (valued at \$140,473.00).
- 378 DOD Recycling Control Point (RCP) items were received for redistribution to FDs (valued at 123,838.52) including hypothermia blankets, tool kits, and safety gloves.
- The RFP shop completed maintenance on seven AFC vehicles and six DOD vehicles.
- RFP provided 1-interest free loan via the Rural Fire Revolving Loan Fund.
 - Paron VFD \$12,113.14 '09 Freightliner Saline Co. D-5

Firewise: Firewise staff and district personnel work with fire departments and civic organizations to make communities safer from the threat of wildfire through mitigation projects and community education initiatives. Arkansas has the second most Firewise communities in the nation with 167 active Firewise communities. Recognized communities display Firewise signs at the city limits.

Firewise achieved the following in March:

- Assisted with coverage of prescribed burn at Petit Jean State Park
- Attended Arkansas Tech University Parks and Recreation Career Fair; set up informational booth and interacted with students interested in Arkansas Forestry Commission careers
- Delivered three national program recognition plaques and signage
- Delivered one initial program presentations to interested departments

- Delivered one risk assessment training presentation

Law Enforcement: AAD has the authority to enforce the laws of the State of Arkansas, but focuses primarily on unlawful dumping, timber theft, forest fires, and forestry equipment theft and vandalism. AAD aggressively seeks prosecution of violators to deter such crimes. AAD Investigators and district law enforcement officers opened nine dumping, 13 fire related and three timber theft cases. They closed six fire related, one timber theft and four dumping cases.

FOREST MANAGEMENT

Forest Stewardship/Rural Forestry Assistance Programs: AFC works with a diverse group of partners and professionals to conserve, protect, and enhance Arkansas's forests. The Forest Stewardship Program (FSP) is an opportunity for non-industrial private forest landowners who are interested in managing their property for wildlife, recreation, soil and water conservation, agro-forestry and/or for timber production to get a comprehensive multiple use forest management plan that is prepared by private consulting or AFC foresters, private consulting or AGFC private lands wildlife biologists, and USDA Natural Resource Conservation Service soil and water professionals. Arkansas has 5,052 landowners owning 932,063 acres that have enrolled in FSP. Landowners that implement practices under their FSP management plans become Forest Stewards. Arkansas has 1,241 Forest Stewards owning 281,189 acres.

For March, six FSP plans were prepared on 1,679 acres. In addition, AFC personnel provide technical assistance through the rural forestry program to landowners that are enrolled in USDA tree planting and forest management programs such as the Conservation Reserve Program, Environmental Quality Incentives Program, Wetland Reserve Program, and AFC Southern Pine Beetle Prevention and Restoration Program. AFC foresters prepared 37 rural forestry management plans on 2,145 acres. AFC personnel conducted 102 prescribed burns on 9,506 acres.

Urban Forestry Assistance: Urban Forestry Program staff provides assistance and training to communities, educational institutions, non-profit organizations, developers and homeowners on urban tree care, inventory and management.

Urban forestry has been implementing programs and planning more progress for the future. This month has been very busy implementing our new incentive tree program for our Tree City USA and Tree Campus USA programs. We have attended, helped coordinate the donor tree, and spoke at eleven Arbor Day ceremonies across the state. Communities that participated in March include Mammoth Spring, Batesville, Winslow, Tuckerman, West Fork, Bentonville, Fayetteville, Trumann, Wynne, Delight, and UAM Monticello. Urban Staff assisted with the Tri-County FFA Forestry competition in Damascus. Urban Staff attended the AR Tech Career fair to provide information about forestry careers to college students.

Staff met with the mayor of Jasper to advice on tree planting at a park and provide info about Tree City USA. Staff potted the Arkansas Community Trees to grow for this coming year. Staff contacted county foresters and rangers to request updates on all current AR champion trees and began updating the champion tree files. Staff attended WW1 Tree planting ceremonies, assisted with Garland County Seedling giveaway.

Forest Health: The Forest Health Specialist, Chandler Barton, assists AFC personnel statewide in efforts to maintain healthy, productive forest ecosystems by preventing, detecting, monitoring, and suppressing damaging insects and diseases. AFC offers technical assistance to landowners who encounter forest health issues.

Southern Pine Beetle Trapping

- Eighteen SPB traps were placed in southern Arkansas during the month of March.
- These traps serve as an early warning system to notify AFC of any increases in SPB abundance this spring.
- Mississippi has already begun mapping new infestations this year. Arkansas should not anticipate any outbreaks in 2018, but we may use this time to prepare for potential future outbreaks.

Other Forest Pest Trapping Surveys

- In 2018, AFC will place traps to monitor for the presence of gypsy moth, emerald ash borer, and walnut twig beetle. These are all invasive, nonnative pests. Only emerald ash borer is established in Arkansas.
- Emerald ash borer adults are expected to disperse in April and May. Traps during this time will tell us if the insect is expanding into new counties.

Asian Multicolored Lady Bird Beetle

- Many homeowners called the AR Agriculture Department to report their observations of Asian multicolored lady bird beetle, also simply known as ladybugs.
- Any rumors that suggest the beetle was introduced in Arkansas are false.
- It is believed that the nonnative beetle was accidentally introduced, and it became more abundant with a plentiful food source, i.e., aphids and scale insects. One such food source, woolly oak aphid, was very common in 2017.

Reforestation: AFC's tree improvement program strives to provide landowners with the highest possible genetic gain in pine and hardwood seed. One method AFC employs to achieve this objective is by establishing the highest genetic gain material in our newest pine and hardwood seed orchards. AFC Baucum Nursery then makes available to landowners the improved varieties of pine and hardwood, which are the net result of the tree improvement program.

Reforestation Manager and Tree Improvement Manager represented AFC at the Western Gulf Forest Tree Improvement Coop Executive Meeting in Bossier City LA on March 27 and 29. The Executive Committee is formed by one or two representatives from each member of the coop. Each organization is restricted to one voting member who represents their organization. The Executive Committee has two major objectives; 1. Vote on suggestions presented by the Steering Committee and develop implementation strategies for approved suggestions. 2. Review accomplishments of the coop.

Baucum Nursery: AFC's Baucum Nursery produces hardwood and pine seedlings for reforestation and afforestation efforts.

Seedling sales began on July 15, 2017. Through March 31, there were:

- 776 on line orders and 226 paper orders
- Total sales of 1,514,725 pine and 5,174,850 hardwood

Comparatively, in the same period in FY 17, there were:

- 537 on line orders and 147 paper orders
- Total sales of 2,351,345 pine and 5,005,200 hardwood

During the month of March, Baucum Nursery staff completed the following:

- Completed seedling harvest for FY18 planting season.
- Collected soil samples from all fields for FY19 crop
- Soil samples were processed and reviewed with David South for action plans

Planted the following seed:

Species	Pounds
Bitter Pecan	832
Cow oak	17,489
Improved Cherrybark Oak	1,046
Water Oak	4,470

Received the following seed from suppliers:

Species	Pounds
American Elm	4
Bitter Pecan	242
Mayhaw	2
Pin Oak	200
Red Maple	10
Redbud	4
River Birch	2
Shumard Oak	1,944
Sweet gum	1.25
Water Oak	2,615
Chickasaw plum	4
Dogwood	2
Willow Oak	408

Tree Improvement:

Reforestation Manager, with the help of District 2, completed measurements in the following progeny tests:

- 10 year old loblolly pine test near Ashdown; 3,600 trees measured for height and diameter.
- 10 year old block plot near Ashdown; 1000 trees measured for height and diameter.

During the month of March, the Bluff City Tree Improvement staff completed the following:

- Installed isolation bags for control cross pollinations for 19 crosses
- Collected and processed pollen from 21 families for AFC use.
- Collected and processed pollen from 14 families for use by WGFTP for polymix crosses (which is a mix of pollen used to pollinate designated female flowers in order to determine the performance of the family that female represents.)
- Finished grafting more than 400 potted pine in greenhouse, which will be planted in production orchards.
- Delivered 300 trees for urban projects
- Picked up 200 potted trees in Magnolia and delivered to Kensett for urban forestry programs.

- Made 1st of 4 aerial applications of insecticide on production orchards
- Hand weeding in greenhouses.

Best Management Practices: AFC provides BMP training to loggers and timber companies, conducts courtesy exams prior or during timber harvest operations and addresses logging complaints.

The BMP Coordinator conducted one courtesy exam in Pulaski County with four participants. Participants consisted of one landowner, two logging contractors and AFC's BMP coordinator. The exam addressed the Arkansas Forestry Commissions BMP Program. The BMP Coordinator provided copies of Arkansas' BMP Implementation Reports, AFC's manual "BMPs for Water Quality Protection", the water quality complaint process and MOU with ADEQ.

The BMP coordinator:

- Continues to work with the Southern Group State Foresters Water Resources Committee about the concerns of potential impacts from the 300-page rule of the WOTUS.
- Represented AFC and provided reports at the quarterly SIC Committee meeting. Provided the BMP water quality portion of the Arkansas Annual report for the SIC Companies.
- Provided three SIC reports for various companies around the state for their SFI/SIC audits.
- Provided six SIC reports of various companies to SIC third party auditors.

The BMP Implementation Survey update, BMP Coordinator continues the ground surveys, collecting data on approximately 250 logging sites randomly selected. Data collection has been slow due to wet weather and flu season. New completion date should be the end of March 2018, with data analysis and final report published by June 2018.

The BMP coordinator continues to work with the Arkansas Forests and Drinking Water Committee in planning next steps of implementation of feedback from the Drinking Water Forum.

Forest Inventory and Analysis: AFC in cooperation with the USDA Forest Service Southern Research Station is responsible for collecting scientific data from permanently established plots located all over the state. The plots, each representing 5,937 acres, are strategically located on a three-mile by three-mile grid. The inventory plots have been generating data since they were established in the 1950's. Natural resource managers use the data to make management decisions and follow Arkansas' natural resource trends through time.

FIA completed 45 plots during the month of March. Inventory 2017 is now 100% complete and Inventory 2018 has begun and is 2% complete.

COMMUNICATIONS

Media Update

- Distributed to statewide media: "Asian Lady Beetle Population in Arkansas," 3/6.
- Distributed to statewide media: "Prescribed Burn Completed at Petit Jean State Park to Improve Wildfire Safety," 3/9.
- Worked with Jonesboro Sun newspaper on 3/9 for article regarding the benefits of prescribed fire, and general use of prescribed fire by agencies across Arkansas.
- Distributed to select central Arkansas media: "Forestry Officials to Complete Prescribed Burn at Brewer Lake," 3/15.

- Distributed to statewide media: “Governor Hutchinson Proclaims March 20, 2018 as Arkansas Ag Day,” 3/20.
- Included forestry among agricultural topics referenced during Governor’s Radio Address dedicated to Arkansas Ag Day and Arkansas agriculture industry, 3/23.
- Distributed to statewide media: “Statewide Emerald Ash Borer Quarantine Established,” 3/27.

Meetings and Events

- Attended Agriculture Hall of Fame Luncheon in Little Rock, 3/2.
- Provided on-site support at Petit Jean prescribed burn (Conway County), 3/9.
- Represented forest industry and agricultural job careers at the ASU-Heber Springs Career Day event, 3/16.
- Coordinated forestry representation for Governor’s visit to present Arkansas Ag Day Proclamation at Little Rock Headquarters Office, 3/20.
- Attended/greeted staff at both supervisory employee training (for new EASE program) in Little Rock, 3/21 and 3/28.
- Attended Arkansas Department of Environmental Quality Fire Forum in Little Rock, 3/29-3/30.

General

- Coordinated monthly conference call for Southern Group of State Foresters Communications Committee (as current Committee Chair), 3/7.
- Included forestry updated in Arkansas Agriculture Department Newsletter, 3/9.
- Finished the 2018 *Arkansas Grown* magazine edition, which includes multiple forestry-related stories, program updates, and forestry-specific cover photo.
- Submitted 42 letters of appreciation to staff members involved with planning and hosting the 2017 Southern Group of State Foresters Annual Meeting, to be included in upcoming personnel evaluations.

AFC Social Media Update

- Facebook – 18,785 Likes (up from 18,491 Likes in February, 2018)
- Twitter – 7,464 Followers (up from 7,409 Followers in February, 2018)
