ARKANSAS FORESTRY COMMISSION ARKANSAS LIVESTOCK & POULTRY COMMISSION ARKANSAS STATE PLANT BOARD

WES WARD SECRETARY OF AGRICULTURE

1 NATURAL RESOURCES DRIVE, LITTLE ROCK, AR 72205 | (501) 225-1598 | AAD.ARKANSAS.GOV

December 6, 2018

The Honorable Bill Sample Arkansas Senate State Capitol

The Honorable Jim Dotson Arkansas House of Representatives State Capitol

Re: Arkansas Forestry Commission monthly activity report for November 2018

Dear Senator Sample and Representative Dotson:

Per Section 42 of Act 841 of the 2018 Regular Session, the Arkansas Forestry Commission (AFC) is to report monthly fiscal and agency activities to the Arkansas Legislative Council. Please find attached the report for November 2018.

In November, mild climate and plentiful rainfall has allowed staff to participate in many different trainings. One such training class is the S-212 Wildland Fire Chainsaws training class. This is a nationally recognized three day class that teaches students chainsaw maintenance, safety and hands on operation.

This month, AFC has had ten new rangers trained in chainsaw operation. AFC is planning another class in December if weather and fire occurrence permits.

As you can see, AFC trains employees for all aspects of the job as time allows.

ARKANSAS FORESTRY COMMISSION

Mark Cutrer

cc: DFA Director Larry Walther

Secretary of Agriculture Wes Ward

ARKANSAS FORESTRY COMMISSION November 2018 Activity and Fiscal Report

FIRE PROTECTION

Wildfires: During November a total of 8 wildfires were suppressed for a total of 34 acres burned.

Ten-year average for the month of November is 98 wildfires for 1677 acres burned.

Rural Fire Protection: Rural Fire Protection (RFP) assists fire departments (FDs) with organization, training and equipment. RFP provides interest-free loans, secures firefighting and emergency services equipment from the federal government, and administers a federal grant to assist approximately 1,000 fire departments. The RFP shop provides maintenance to property destined for FD's and repairs AFC equipment.

November 2018

- 49-fire departments, (162 firefighters), were provided wildland fire training, six minority departments and seven AFC/AAD personnel in attendance.
- RFP received two Freightliners (valued at \$332,446.00).
- There was five Department of Defense (DOD) vehicles issued to FDs including two Freightliners (valued at \$237,055.00), two brush trucks (valued at \$131,868.00), one service truck (valued at \$32,990.00), one pumper truck (valued at \$172,170.68), as well as one generator (valued at \$38,418.00).
- Four DOD Recycling Control Point (RCP) items were received for redistribution to FDs and AFC (valued at \$18,934.84) to include flashing light bars.
- The RFP shop completed maintenance on nine AFC vehicles and equipment as well as four DOD vehicles.
- RFP provided one interest free loan via the Rural Fire Revolving Loan Fund.

Northeast Greene Co. \$9,459.69 '86 Chevy truck, Water skid D-3 /Greene Co.

2018 VFA Grant Awarded and Non-awarded applicants have been notified. Six Districts
have turned in sizing requests for kit PPE. Deadline for sizing requests was November 26th.
We have placed a partial order for PPE, to speed the distribution process along. We received
the following items, leaf blowers, backpack water pumps, fire broom rakes.

2019 Annual Rural Fire Show: We have started preparations for the 2019 Fire show. With the amount of growth the show has experienced the past two years, we are out growing our current location and discussing options for future shows. We are looking to move the show to the Conway Expo Center for 2019.

Firewise: Firewise staff and district personnel work with fire departments and civic organizations to make communities safer from the threat of wildfire through mitigation projects and community education initiatives. Arkansas leads the nation with 170 active Firewise communities. Recognized communities display Firewise signs at the city limits.

Firewise achieved the following in November:

- Delivered one initial program presentation
- Delivered one risk assessment presentation
- Attended SouthWRAP webinar for community assessors
- Submitted final program submissions to NFPA associates for their 2018 deadline of November 16

Law Enforcement: AAD has the authority to enforce the laws of the State of Arkansas, but focuses primarily on unlawful dumping, timber theft, forest fires, and forestry equipment theft and vandalism. AAD aggressively seeks prosecution of violators to deter such crimes. AAD Investigators and district law enforcement officers opened four dumping, one fire related and five timber theft cases. They closed five dumping, two fire related and two timber theft cases.

FOREST MANAGEMENT

Forest Stewardship/Rural Forestry Assistance Programs: AFC works with a diverse group of partners and professionals to conserve, protect, and enhance Arkansas's forests. The Forest Stewardship Program (FSP) is an opportunity for non-industrial private forest landowners who are interested in managing their property for wildlife, recreation, soil and water conservation, agro-forestry and/or for timber production to get a comprehensive multiple use forest management plan that is prepared by private consulting or AFC foresters, private consulting or AGFC private lands wildlife biologists, and USDA Natural Resource Conservation Service soil and water professionals. Arkansas has 392,851 acres of private land actively enrolled in the Forest Stewardship Program. Landowners that implement practices under their FSP management plans become Certified Forest Stewards. There are 1,238 Forest Stewards owning 277,609 acres in the State.

For November, three FSP plans were prepared on 462 acres. In addition, AFC personnel provide technical assistance through the rural forestry program to landowners that are enrolled in USDA tree planting and forest management programs such as the Conservation Reserve Program,

Environmental Quality Incentives Program, Wetland Reserve Program, and AFC Southern Pine Beetle Prevention and Restoration Program. AFC foresters prepared 86 forest management practice plans on 7,234 acres. AFC personnel conducted four prescribed burns on 123 acres.

Urban Forestry Assistance: Urban Forestry Program staff provides assistance and training to communities, educational institutions, non-profit organizations, developers and homeowners on urban tree care, inventory and management.

- Conducted Shade Trees on Playgrounds (STOP) programs in Greenbrier and Hot Springs
 which included educational programs about the value of trees and how trees reduce the
 risk of skin cancer. Each school was given five large shade trees which students helped
 plant on their playgrounds.
- Attended the Partners in Community Forestry Conference in Irvine, CA to learn about the latest research findings and best practices in urban forestry. The conference is the largest international gathering of urban forestry practitioners, advocates, researchers, and government leaders.
- Assisted the Arkansas Urban Forestry Council in conducting a public workshop on community orchards in Fayetteville. AFC staff provided a presentation on pruning fruit trees.
- Presented a program about the economic benefits of trees in communities to the Faulkner County Master Gardeners.
- Assisted with Arbor Day celebrations and tree planting events in Conway, Pine Bluff, and at UAMS and the Little Rock Air Force Base.

Forest Health: The Forest Health Specialist assists AFC personnel statewide in efforts to maintain healthy, productive forest ecosystems by preventing, detecting, monitoring, and suppressing damaging insects and diseases. AFC offers technical assistance to landowners who encounter forest health issues.

- Staff participated in training to use a tool called Esri Story Maps, a product that allows
 anyone to use mapped data to tell a story through an interactive webpage. The 2018
 Arkansas Forest Health Highlights will be presented in this format before the end of the
 year.
- A few public forest health inquiries in November were related to pine bark beetles.
 However, Arkansas does not presently have an issue with pine-killing insects, thanks inpart to frequent rainfall in 2018.

Reforestation: AFC's tree improvement program strives to provide landowners with the highest possible genetic gain in pine and hardwood seed. One method AFC employs to achieve this objective is by establishing the highest genetic gain material in our newest pine and hardwood seed orchards. AFC Baucum Nursery then makes available to landowners the improved varieties of pine and hardwood, which are the net result of the tree improvement program.

On November 13, 14 and 15, Reforestation Manager traveled with Dr. Fred Raley, Director of Western Gulf Forest Tree Improvement Program Cooperative (WGFTIP) and two members of

his staff to all AFC progeny tests scheduled for measurement this winter. Conducted tour of entire Bluff City Tree Improvement Complex for WGFTIP on 11-15-18.

Baucum Nursery: AFC's Baucum Nursery produces hardwood and pine seedlings for reforestation and afforestation efforts.

Seedling sales began on July 15. Through November 30, there were 433 on line orders and 101 traditional orders. Total sales of 1,042,650 pine and 6,285,025 hardwood. Comparatively, in the same period in FY 18, there were 465 on line orders and 121 traditional orders. Total sales of 954,975 pine and 5,049,300 hardwood.

Baucum Nursery staff completed the following during the month of November:

- Received the following pounds of seed:
 - o Cow oak 14,533
 - o Nuttall oak 3,763
 - Overcup oak 10,267
 - o White oak 1,681
 - o Willow oak 3,521
- Harvested the following pounds of seed:
 - o Improved Cherrybark oak 1,524
- Completed soil fumigation of Methyl Bromide 80% and Chloropicrin 20% in field 8 (8.6 acres) and field 5 (12.5 acres) at 350 lbs. of active ingredient per acre.
- Serviced all tractors in preparation for lifting
- Removed irrigation pipe from fields 2, 3, 4, 7 and 8

Tree Improvement:

During the month of November, the Bluff City Tree Improvement staff completed the following:

- Removed all volunteer trees from orchards 1718 1719 1720 and 1721.
- Delivered 726.5 bushels of loblolly cones and 258.75 bushels of shortleaf cones to Oklahoma State Tree Improvement Center for seed processing.
- Fixed water leaks in cold green house.
- Processed cones from control crosses.
- Inventoried potted clones for planting in orchards 1718, 1719, 1720 and 1721

Best Management Practices: AFC provides BMP training to loggers and timber companies, conducts courtesy exams prior or during timber harvest operations and addresses logging complaints.

BMP achieved the following in November 2018:

- State Forest post logging (closeout) exam and info collected for report.
- SFI meeting attended and report given.
- Met with ADEQ field inspectors.

- Met on Karst BMP topic with AFA.
- 2018 BMP survey results sent to three landowners requesting results.
- Met with Arkansas Natural Resource Commission (ANRC) members.
- BMP 2018 survey results taken to ANRC.
- Met with Keeping It In The Family (KIITF) group to assist in BMP help with landowners.
- BMP handbooks and 2018 survey booklets to UAM for classroom instructions.

Forest Inventory and Analysis: AFC in cooperation with the USDA Forest Service Southern Research Station is responsible for collecting scientific data from permanently established plots located all over the state. The plots, each representing 5,937 acres, are strategically located on a three-mile by three-mile grid. The inventory plots have been generating data since they were established in the 1950's. Natural resource managers use the data to make management decisions and follow Arkansas' natural resource trends through time.

FIA completed 56 plots for the month of November. We are now 79% complete with Inventory 2018.
