RE: ADFA's FY2011 Annual Report of Program Activity

Dear Mr. Ferguson:

In accordance with A.C.A. § 15-5-210, ADFA is submitting a hardcopy of the FY2011 Annual Report of Program Activity to you.

The report has been reformatted since the report submitted for FY2010 and you will see it is not as voluminous. However, even in the reduction of paper, we have been able to add statistics down to the city/town level.

The annual report is also available at www.arkansas.gov/adfa/. Just click on "FY2011 Program Activity" and you will be able to find the report online.

In the event you have any questions or comments, please feel free to contact me.

Respectfully,

Judy Brummett
ADFA Research Manager

NOTES & DEFINITIONS

Definitions

Mean Represented by the symbol μ ~~~~ Usually referred to simply as the arithmetic average. It is the sum of all values divided by the number of cases.

Median The value which is simply in the middle of an array of numbers arranged / sorted numerically.

Mean and Median Example

Array of Numbers:

\$ 76,469
\$101,227
\$105,000
\$229,903
\$350,944

$$\mu = \frac{\$76,469 + \$101,227 + \$105,000 + \$229,903 + \$350,944}{5 \text{ cases or 5 numbers}} = \frac{\$863,543}{5} = \$172,708.60$$

Median = \$105,000 which has an equal number of values above and below it.

Additions

Political Districts (Congressional District, State Senate District and State House District) – These and applicable towns / cities by the Congressional District are provided in Appendix B. Please note the State Senate and State House Districts are preliminary based on Researcher's review of maps. If you know of errors, please contact Judy Brummett, ADFA Research Manager, at judy.brummett@adfa.arkansas.gov.

Changes

One large section of statistics - The biggest change to the FY2011 Annual Report of Program Activity is size. The redundancy included in previous issues has been removed this year by only providing one section – Statewide. Within this section you can find statistics for the whole state, by congressional district, by county; and for general statistics, by towns/cities. This has reduced the Annual Report by 400+ pages.

U.S. Congressional Districts – The statistics in the FY2011 Annual Report of Program Activity provided for the four U.S. Congressional Districts in Arkansas are based on the redistricting enacted during the 88th Arkansas General Assembly in April 2011. Maps are provided as Appendix C.

Low Income Housing Tax Credit Tenants' Demographics – This has been moved to Appendix A.

Shading -

No applicable cases	Demographic Information omitted as it could be used to identify specific ADFA mortgagors. Usually omitted if there are only one or two mortgagors in the category.
First Level of Subtotals	
A Second Level of Subtotals	A Third Level of Subtotal

Plans for next year's Annual Report of Program Activity

- Mortgage Credit Certificates statistics
- End of CY2011 statistics on average length of time LIHTC tenants have lived in units
- HOME program tenant demographics
