Notes

Funds Received: The funds received category represents the total to-date cash received for each program as a result of the Recovery Act.

Funds Available: The funds available category represents the to-date Recovery Act funding allocations from the federal government for each program.

Estimated Total Funds: The estimated total funds category represents the estimated total amount of funding each program will receive as a result of the Recovery Act for federal fiscal years 2009 and 2010.

* These items will be disbursed in installments, thus the balances shown represent only the funds received to-date.

The above funding sources currently represent the majority of the funding that is anticipated under the current stimulus package. Not all programs may be included in the above table. Funds that would flow directly to individuals such as Food Stamps, Pell Grants, and tax cuts are not included in this table.
