The General Assembly of the State of Arkansas enacted Act 131 of 1949 creating a Student Financing Board to "provide a loan fund for the aid of medical students in the University of Arkansas School of Medicine needing financial aid to complete their education". The purpose of the program was stated as follows:

"Whereas, the number of doctors within the State of Arkansas are not adequate enough to meet the constant demand of the people of this state, and; Whereas, there are many rural communities within the State of Arkansas without medical care, it is the purpose of this Act to increase the number of doctors by financing those medical students who need such aid in order to complete their education"

The year 2012 marked the 63nd anniversary of the Arkansas State Legislature's commitment to increasing the number of physicians in rural communities in Arkansas. Over the years, the methods may have changed from decade to decade, but the mission has remained the same.
