A Message From the Commissioner

I continue to enjoy a great deal of satisfaction in serving as your Arkansas Insurance Commissioner. The Arkansas Insurance Department is first and foremost a service oriented agency. Our mission is to protect Arkansas consumers by making sure insurers are solvent and can pay their claims; to make sure the market is operated in a fair and lawful way; and to be vigilant in detecting and prosecuting fraud.

Just in this past year we have seen more than 210,000 Arkansans in the marketplace receive health insurance coverage via premium assistance through tax credits or through the Private Option Medicaid program where premiums are supplemented utilizing federal funds. This population is largely made up of young, working Arkansans with families. This increase in those now having coverage has been a boost to Arkansas's hospitals and other medical providers. In 2010, it was estimated that Arkansas hospitals had \$330 million in uncompensated care. Preliminary data shows a significant reduction in that number.

The Arkansas Insurance Department collects and distributes a large amount of funds from various sources, including licenses, permits, and fees. In 2013, more than \$104 million dollars was directed to General Revenue while more than \$52 million went to police and firemen pension funds. The Department's operating budget is \$12.4 million.

I hope upon review of the information contained in this report, you will agree that our employees do a good job of regulating and overseeing the business of insurance here in Arkansas. In 2013 we were successful in recovering \$3.5 million for Arkansas consumers. This continued success would not be possible without the hard work of many dedicated employees who care very much about the citizens of our state.

Mission Statement

The purpose of the State Insurance Department is to serve and protect the public interest by the equitable enforcement of the state's laws and regulations affecting the insurance industry.

The primary mission of the State Insurance Department shall be consumer protection through insurer solvency and market conduct regulation, and fraud prosecution and deterrence.

History of Insurance Commissioners

AUDITORS OF STATE

The work of the Insurance Department was formerly placed by law in the office of the Auditor of State. The "Insurance Bureau" was established in the Auditor's office by the Act of April 25, 1873, the Auditor being charged by same with the execution of the laws of the state relating to insurance.

The General Assembly of 1917, by Act No. 190, approved March 7, 1917, on account of the greatly increased volume of work required to be done by the insurance department, separated same from the office of the Auditor of State and created the State Insurance Department. The head of the Insurance Department shall be an Insurance Commissioner appointed by the Governor with the advice and consent of the Senate. The Insurance Commissioner shall enforce the provisions of the Arkansas Insurance Code and shall execute the duties imposed upon him or her by the Arkansas Insurance Code.

The Arkansas Insurance Department is accredited by the NAIC. To achieve this accreditation, the Department must meet stringent national standards that demonstrate it effectively regulates insurance companies for solvency. The Arkansas Insurance Department views accreditation by the NAIC as an important part of our commitment to the citizens of Arkansas. Accreditation standards enable us to provide expanded consumer protections and to institute and maintain the highest standards in financial regulation. NAIC repeats the accreditation review every five years to confirm that the Department continues to meet all requirements. The Department was most recently accredited in March 2011.

AID Divisions and Programs

ADMINISTRATION

501-371-2622

insurance.administration@arkansas.gov

The Administration Division oversees the overall operations of the AID, establishes Department policy, handles media inquiries, security, and coordinates consumer protection and outreach activities. Each of the divisions works collectively to ensure the Department's mission of consumer protection is fulfilled. This staff of approximately 200 highly skilled and dedicated employees is committed to serving the citizens of Arkansas every day.

ACCOUNTING

501-371-2605

insurance.accounting@arkansas.gov

The Accounting Division collects and oversees fees and premium taxes from all insurance companies conducting business in the State of Arkansas. These fees not only fund the AID (no monies are received from the state's General Revenue Fund), but the taxes are also used to contribute to the state's Police and Firemen Pension Funds and General Revenue. The division handles all purchasing and accounts payable for AID, as well as the development of biennium budgets.

ARKANSAS HEALTH CONNECTOR

501-683-4170

insurance.exchange@arkansas.gov

The Arkansas Health Connector (AHC) Division was established to manage and implement Arkansas's new Health Insurance Marketplace in accordance with the Patient Protection and Affordable Care Act (PPACA) of 2010. Arkansas chose to implement a State Partnership Marketplace in the initial years. The AHC Division is responsible for certifying and monitoring health insurance plans sold through the Federally-facilitated Health Insurance Marketplace, ensuring health coverage access, affordability, quality and choice for Arkansans. During the first open enrollment period, the Arkansas Health Connector Resource Center and more than 2,300 Marketplace producers and other assisters, trained and licensed by the AID, worked to provide Marketplace information and enrollment assistance across Arkansas. These assisters helped connect Arkanasans with the federal Health Insurance Marketplace and helped them enroll in a plan that best meets their needs and budget. More than 200,000 Arkansans enrolled in Qualified Health Plans during the 2014 open enrollment period which ended March 31,2014. Many enrollees were eligible for the expanded Medicaid program (Private Option); more than 90% of other enrollees received financial assistance making their coverage more affordable. The open enrollment period for Plan Year 2015 begins November 15, 2014 and continues through Febuary 15, 2015. Arkansas expects consumers to have even more health insurance choices in 2015.

COMPLIANCE

501-371-2800

insurance.LnH@arkansas.gov insurance.PnC@arkansas.gov

Life & Health (L&H) is responsible for the review and approval of life and health forms, rates and advertising. L&H must approve premiums for individual health policies and must ensure that benefits on health policies provide an acceptable relationship to the premiums charged. L&H reviews contracts for guaranteed interest policies, including life and annuity and variable contracts, equity indexed annuities, funeral insurance, credit life and disability, individual and group health plans, long-term care, Medicare supplements and supplemental benefits contracts, as well as contracts for health maintenance organizations (HMOs).

Property & Casualty (P&C) is responsible for monitoring and regulating rate and form filing activities. All insurance companies transacting business in the State of Arkansas for surety, workers' compensation, and all other property and casualty coverage must submit their forms to P&C for approval. The forms are then reviewed to ensure compliance with state law. For most lines of insurance, Arkansas is considered a "competitive rating state" and, as such, requests for rate changes are effective 20 days after they are filed unless those changes are excessive, inadequate, or unfairly discriminatory.

CONSUMER SERVICES

501-371-2640 or 800-852-5494 insurance.consumers@arkansas.gov

The Consumer Services Division (CSD) assists insurance consumers with complaints and inquiries regarding insurance companies, producers, and adjusters. CSD investigates all complaints, working with the insurance company and the

consumer to determine the appropriate course of action. CSD travels statewide to provide educational information and materials, and in the event of significant storm damage, travels to damaged areas to assist homeowners with filing claims and procuring emergency living expenses.

CRIMINAL INVESTIGATION

501-371-2790 or 866-660-0888

The Criminal Investigation Division (CID) receives hundreds of referrals of suspected fraud each year. CID investigates and prosecutes all categories of insurance fraud. Investigations that result in a finding of a criminal violation are referred to the appropriate prosecuting attorney's office. In 2013, CID achieved a 100% conviction rate on those cases referred for prosecution.

501-371-2665

FINANCE

The primary goal of the Finance Division is to protect insurance consumers through effective solvency regulation by monitoring the financial condition of all domestic and foreign insurance companies operating in the state; conducting financial and market conduct examinations; reviewing other financial information and reports filed by insurance entities, such as business plans, reinsurance agreements, merger and acquisition documents, company formation documents, market research and feasibility studies; reviews and approves the licensing of insurers, captives, risk retention groups, surplus lines, charitable annuities, continuing care facilities, motor clubs, reinsurance intermediaries, service contract providers, and accredited/trusteed reinsurers; examines prepaid funeral contracts and conducts financial examinations of licensees' trust funds and custodial accounts; and oversees statutory security deposits of insurance companies.

HEALTH INSURANCE PREMIUM RATE REVIEW 501-683-3146

The Health Insurance Premium Rate Review Division (HIPRR) was created in 2010 to enforce provisions of the Affordable Care Act (ACA), and to implement improvements in Arkansas's rate review processes. On July 1, 2011, the Center for Consumer Information and Insurance Oversight (CCIIO) determined that Arkansas has an effective rate review program after careful review of Arkansas's laws, regulations, and bulletins. HIPRR has endeavored to create a health insurance education, outreach and training unit dedicated to accurate and timely dissemination of information about the health insurance rate approval processes and rate trends to a diverse group of stakeholders including the general public, policy makers, health insurers, health care providers, and the business community.

HUMAN RESOURCES

The Human Resources Division is responsible for the recruiting and hiring process, benefits, compensation and retirement, employee training and development, compliance with employment laws and regulations and personnel budget preparation and management.

501-371-2818

INFORMATION SYSTEMS

The Information Systems Division (IS) keeps the Department operating effectively and efficiently in the ever-changing world of technology. This is achieved through the IS strategy of leveraging up-to-date, state of the art software and systems technology to continually increase the productivity of the overall Department. The result is minimal growth in the number of Department staff in the face of continued growth in the size of the regulated industry and revenue.

501-371-2657

LEGAL

501-371-2820

The Legal Division represents the Arkansas Insurance Department, participating in numerous investigations, market conduct examinations, drafting legislation, rules, bulletins, directives, legal opinions, and investigating consumer complaints. Division attorneys represent the Commissioner and AID staff in lawsuits or other proceedings, administrative hearings and court appeals pertaining to alleged licensee insurance code or rule violations by a licensee and insurance company acquisitions, mergers, reinsurance agreements and similar transactions. Prior to each Legislative Session, the Division prepares the recommendations of the Commissioner as to amendments or supplementation of laws affecting insurance

and as to matters affecting the Department to be addressed in the next Legislative Session. Legislation passed during the most recent non-budget session can be viewed at *www.insurance.arkansas.gov/Legal/Bulletins/15-2013.pdf*.

LICENSE

501-371-2750

insurance.license@arkansas.gov

The Licensing Division is responsible for the licensing of resident and nonresident producers, adjusters, title agents, and business entities that are soliciting, selling or negotiating insurance in the State of Arkansas. License oversees the producer examinations and investigates all resident applicants by reviewing Arkansas State Police records. It also ensures that necessary laws are followed regarding license renewals and continuing education.

LIQUIDATION

501-371-2776

insurance.liquidation@arkansas.gov

The Liquidation Division, on behalf of the Insurance Commissioner as Receiver, manages the day to day affairs of insolvent insurance company estates and insolvent prepaid funeral benefit trusts. Although the Liquidation Division performs certain functions on behalf of the Commissioner, individuals employed with this division are not employed by the State of Arkansas and are not considered state employees. Liquidation does not receive any funding from the State of Arkansas. Liquidation administers the Arkansas Life and Health Insurance Guaranty Association (ALHIGA) and the Arkansas Property & Casualty Guaranty Fund (APCGF). During 2013, APCGF paid over \$1,613,254 to adjust, settle or litigate claims and recovered over \$395,562 as a result of nineteen non-domestic and one domestic insurance company receiverships. During 2013, ALHIGA provided benefits to Arkansas insureds and claimants totaling more than \$3,297,915 and recovered over \$4,076,889 as a result of three domestic and nine non-domestic insurance company receiverships.

PUBLIC EMPLOYEE CLAIMS

The Public Employee Claims Division (PECD) is responsible for the investigation and management of more than 3,800 workers' compensation claims filed each year for Arkansas state employees. Workers' compensation coverage is also provided for emergency service volunteers who are accidentally injured while performing services under the call and supervision of the State of Arkansas. PECD encourages state agencies to implement safety programs, hoping to reduce the number of injuries suffered by state employees. PECD personnel give presentations to several audiences each year. The prevention of injuries helps in three areas: 1) improves the quality of life of employees; 2) helps agencies with staffing issues; and 3) reduces workers' compensation costs for the taxpayers of the State of Arkansas.

501-371-2690

RISK MANAGEMENT

The Risk Management Division (Risk) was established to minimize the cost of insurance and surety bonding to Arkansas state agencies, and to analyze and make recommendations on loss control and safety programs in an effort to protect state assets. In 2004, Risk assumed the responsibility of providing insurance coverage, consulting, and loss control services to public schools that choose to participate in the Public School Property and Vehicle Insurance Trust Fund. Property inspections and appraisals are conducted on approximately 5,500 state owned and leased structures and 2,500 school district structures with insured values of \$13 billion. A vehicle safety program covering 5,500 state agency and 5,000 public school vehicles has been in effect for many years, resulting in improved loss ratios. Risk also offers on-site advanced defensive driver training at no cost to state agencies and participating schools.

SENIOR HEALTH INSURANCE INFORMATION PROGRAM 501-371-2782 or 800-224-6330

The job of the Senior Health Insurance Information Program (SHIIP) is to help Arkansans save money and make informed decisions about Medicare. SHIIP recruits and trains a volunteer network throughout the state to provide in-person information, assistance, and presentations as well as help at community events and health fairs. SHIIP produces Medicare, Medicare Advantage, and Medicare Part D publications for order and distribution via its website. In addition, SHIIP assists with applications for Medicare subsidy programs like Medicare Savings Program and Extra Help enabling recipients to save thousands of dollars annually.
