Information Provided by the Arkansas Department of Health

For the Members of the Legislative Council

January 15, 2010

Attachment 1: List of trauma positions and where we are within the hiring processes;

Attachment 2: List of grants to various entities responsible for ensuring that their respective pieces of the trauma system operate well; and

Attachment 3: The trauma budget - that will provide information related to the questions raised by Representative Lea in an email to me on January 1, 2010.

Hot Springs

NW AR Community College

Phillips Community College

National Park Comm. College

1. Little Rock Fire Department - Declined since they do not charge their students for EMS training. All students are currently employees of Little Rock Fire Department. They do not provide classes t any outside students. We let them know that they could use the scholarship funding for books as well, but they stated that they already had plenty on hand for their students.

2. Magnolia Hospital - They could not hold classes since they did not have the required employees currently to supervise the training site. The current education director will meet with Norajean Mile Harrell during the coming month to decide whether to continue their training site status.

3. North West Arkansas Community College - Training site representative declined by saying that his students already had their financing taken care of and that he did not foresee a need at the present

4. Phillips Community College - The training site currently does not have an EMT instructor. They are not planning to have a class until the fall of 2010.

5. National Park Community College - The training site representative declined the scholarship grant after initially showing interest.
