

ARKANSAS GENERAL ASSEMBLY

Senator Linda Pondexter Chesterfield, Chairman

Representative Mike Patterson, Chairman

JOINT ADVANCED COMMUNICATIONS AND INFORMATION TECHNOLOGY COMMITTEE

May 19, 2011

Mr. Co-Chairmen:

The Joint Committee on Advanced Communications and Information Technology met on May 19, 2011 and reviewed the request by the Department of Information Systems (DIS) to make rate adjustments for both Fiscal Year (FY) 2011 and FY 2012. DIS operates within the State of Arkansas to provide information technology services to state agencies and other approved governmental entities. These rate adjustments are expected to have a positive impact for the majority of its customers. The rate adjustments are estimated to result in a \$6,900,000 net decrease for DIS's customers in FY 2011 and a \$2,200,00 net decrease for FY 2012.

In accordance with Arkansas Code Annotated §25-4-119 (b) (3) (B) (i), the Joint Committee on Advanced Communication and Information Technology favorably reviewed the request by the Department of Information Systems and report this action for review by the Arkansas Legislative Council.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read 'Linda Pondexter Chesterfield', written over a horizontal line.

Senator Linda Pondexter Chesterfield
