Subject: Ratification Request for Navitus PBM Contract 4600052301

Dear Senator Gilmore and Representative Eaves,

We request ratification of the pharmacy benefit manager contract and seek exemption from the standard contract suspension during this process.

On January 15, 2025, we determined that funds for the administrative fee for the initial contract term were exhausted. This occurred because:

- 1. Administrative fee allocations were used for pharmacy claim reimbursements due to a misunderstanding of the vendor payment process.
- 2. Our internal controls did not detect this misallocation in time to alert EBD.

We have not suspended the services due to the emergent nature of these services. We continue to cover the pharmaceutical claims during this time and urge a favorable review.

Sincerely,

Grant Wallace, Director Employee Benefits Division
