(B) The fund center, appropriation, appropriation amount, commitment item or items, business area, and name of the division, section, or unit for the fund or appropriation being transferred to the Shared Services Paying Account.

(c)(1) It is the intent of the Ninety-Second General Assembly that the authority under this section to transfer positions is intended for use for the time period prior to Fiscal Year 2022 2023 to allow cabinet-level departments to establish a centralized Regular Salaries - Shared Services section, with the recommendation that the position transfer authority granted under this section be discontinued after that time.

(2) The Bureau of Legislative Research shall bring the recommendation in subdivision (c)(1) of this section to the attention of the chairs conducting the 2022 Fiscal Session pre-session budget hearings, the chairs of the Special Language Subcommittee, and the members of the Special Language Subcommittee during pre-session budget hearings.

(d) Determining the maximum number of employees and the maximum amount of appropriation and general revenue funding for a cabinet-level department each fiscal year is the prerogative of the General Assembly and is usually accomplished by delineating the maximums in the appropriation act or acts and establishing authorized positions and the general revenue allocations authorized for each fund and fund account by amendment to the Revenue Stabilization Law. Further, the General Assembly has determined that the cabinet-level departments created under Acts 2019, No. 910, may operate more efficiently if some flexibility is provided as authorized under this section. Therefore, it is both necessary and appropriate that the General Assembly maintain oversight by requiring prior approval of the Legislative Council or, if the General Assembly is in session, the Joint Budget Committee, as provided by this section. The requirement of approval by the Legislative Council or Joint Budget Committee is not a severable part of this section. If the requirement of approval by the Legislative Council or Joint Budget Committee is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.

(e) The provisions of this section shall be in effect from the date of passage through June 30, 2023

Senator Jonathan Dismang, Co-Chairperson
Representative Lane Jean, Co-Chairperson
Joint Budget Committee
Arkansas General Assembly
State Capitol Building, Room 315
Little Rock, Arkansas 72201

Dear Co-Chairs:

In accordance with Act 796, the Office of Personnel Management reported all positions that had been vacant for two or more years as of June 15, 2021. Prior to the submission of this report, each department identified the vacant positions that were determined to be critical and those that could be held by the Personnel Committee. These positions and department requests were reviewed by the Personnel Committee in July of 2021 and approximately 376 positions were considered for possible elimination.

Act 796 further requires the Office of Personnel Management to submit an interim report prior to the beginning of presession budget hearings for the fiscal session of the General Assembly of positions that have been vacant for two or more years as of the beginning of the fiscal session. As of January 4, 2022, an additional 200+ positions were identified as vacant for two or more years. The report of the additional positions is supplemental to the vacant positions that were reviewed by the Personnel Committee in July of 2021.

The positions listed in the supplemental report are currently under review by the Office of Personnel Management and the departments to which these positions are appropriated. These positions will be reviewed prior to the FY 2023 biennial budget process for possible elimination.

Respectfully submitted,
