**Contract Summary** The contractor will provide services for hire to evaluate a proprietary bone scaffold system for toxicity pursuant to the Service Agreement executed by the parties, which is provided as Attachment 4 to the PCS form. The contractor's work scope will be conducted in compliance with Good Laboratory Practices (GLP) in order to satisfy U.S. Food and Drug Administration requirements for medical devices. The contractor's work performance will generate data that will be delivered at scheduled analytic endpoints per the proprietary study design. The contracting parties will hold joint meetings and calls during the execution of the contracted work scope, to report on work progress and review questions or issues that require decisions to enable work flow and reporting to stay on schedule. Results of the contractor's study and evaluation cannot be known in advance and may alter the work performance timeline. The proposed analytic endpoints known at this time are projected to require a minimum of 25 months of data collection, followed by several months of data analyses and final report preparation.

**Purpose for Amendment** This amendment extends the expiration of the contract to 8/14/2024, which is the new expiration date of the grant associated with the contract. There is no increase in cost or change in scope.

**Reason for Amendment**  
No material change
