 Little Rock, AR 72201

Term: 07/1/2024 to 06/30/2025

Selection: Request for Application

Cost: \$74,022

Sub-grant#: 1528

Fund Source: MSA

Target Counties: Faulkner, Garland, Hot Springs, Lonoke, Pulaski, Saline, White

Purpose:

Arkansas Human Development Corporation (AHDC) has chosen the theme of *“Tobacco and Cessation for a Healthier Hispanic Community in Arkansas.”* AHDC proposes to empower the Hispanic community to make better decisions regarding tobacco use and significantly reduce the health, social, and economic effects that tobacco consumption has on the health of the Hispanic community. The rate of Hispanic females in high schools, who smoke, is the highest of all races. This alarming fact and others, stress the importance of continued tobacco education within the Hispanic community. AHDC will work to change attitudes and increase knowledge of the Hispanic community regarding the dangers of vaping and e-cigarettes, current tobacco laws, and the importance of enrolling in the Be Well Arkansas Program. In collaboration with faith organizations, AHDC will aim at building Hispanic youth leadership groups to enhance and expand their efforts. Additional activities include the delivery of educational presentations, distribute literature and have face-to-face conversations with the target clientele in a language that is culturally sensitive, delivered by members of their community. Moreover, AHDC will organize/facilitate events that will attract more than 6,000 Hispanics (face-to-face), in addition to a mass media campaign that will reach close to 50,000 Hispanics.

Target Counties: Faulkner, Garland, Hot Springs, Lonoke, Pulaski, Saline, White

Purpose:

Brandon House proposes, through a shared vision of a healthy community, to continue its work with the neighborhood associations, the MidTown Health Coalition and other coalitions to educate youth about tobacco use, the effects of secondhand smoke and health disparities. Brandon House will inform key decision makers by hosting roundtable discussions to educate on negative health consequences and exposure to second and third hand smoke, as well as host presentations at school board meetings to provide information about secondhand and thirdhand smoke. Youth will be trained as advocates and develop messages to reach other adolescents and teens. Through mass reach health communications, Brandon House will produce the #ARyouth campaign to promote at school pep rallies and open mic events. Additionally, they will use evaluation measures and data to promote sustainability; create and produce several media projects on billboards, radio ads and social media with such communications such as Too Young to Die skits, Music Therapy Album, and Let's E.A.T. (Engage and Teach) podcasts with prevention messages to denormalize and deglamorize tobacco use and the use of electronic vaping devices. Youth who are nonsmokers will be recruited and trained to conduct prevention workshops and messages designed to increase the knowledge and awareness on the harm and effects of tobacco and e-cigarette use.

Purpose:

UNIVERSITY OF ARKANSAS AT PINE BLUFF – PROPOSAL ABSTRACTS 2024-2025

The Coalition for a Tobacco Free Arkansas (CTFA) will continue to work on efforts to help improve the health of the vulnerable and challenged populations in Arkansas, Chicot, Desha, Lee, Monroe, Phillips, Prairie and Pulaski counties. The CTFA will target, primarily, African Americans, helping them to become empowered to effect and implement tobacco/nicotine-free policies in places where people work, worship, learn, live and play. The smoke-free policies will not be gained unilaterally. Partnerships will be formed and fostered with community leaders, government and appointed officials, parents, grassroots advocates, etc. CTFA will provide partners and supporters with trainings, technical support, informational materials, and other tools that will help equip community residents to work effectively for social norm changes surrounding the acceptability of smoking/tobacco use in their community. Goals/aims will be accomplished through the adoption and implementation of 100% smoke-free policies in the targeted areas. The comprehensive smoke-free policies will subsequently, over time, help improve health and save the lives of Arkansans. Additionally, there is an expected positive economic impact too; fewer people smoking will reduce the substantial financial burden of smoking, including the financial hardship of the state's Medicaid program.

Target Counties: Arkansas, Chicot, Desha, Lee, Monroe, Phillips, Prairie

Purpose:

The Family & Youth Enrichment Network's (FYEN) has an over-arching goal of reducing tobacco-related health disparities among at-risk minority communities-predominantly those of African American and Hispanic descent coordinated extensively through its People for Tobacco Free Communities Project (PTCP). FYEN is a non-profit community-based organization located in Phillips County, AR. Through a youth, non-initiation/education component of the program, high school students will spearhead letter-writing campaigns advocating for policies that will reduce the appeal of tobacco among youth/young adults. This will be done via community and faith-based education and prevention interventions, voluntary smoke-free policy enactment, and legislative advocacy to increase awareness and educate state lawmakers on the negative impact that tobacco use and addiction have on minority constituents and youth. Traditional media will be used to continue promotions of PTCP services/activities, increase awareness of tobacco-related health disparities, promote *Be Well* Arkansas cessation services, and increase community support for tobacco policy change.

Selection: Request for Application

Cost: \$74,069

Sub-grant#: 1533

Fund Source: MSA

Target Counties: Ashley, Bradley, Cleveland, Drew, Grant, Jefferson, & Lincoln

Purpose:

Future Builders inter/intra-community tobacco prevention and awareness program is strategically focused on addressing disparities in tobacco use, particularly emphasizing the dangers faced by vulnerable populations. Future Builders approach targets women who are pregnant, individuals living with HIV, those grappling with mental health challenges, the elderly, and specific marketing-targeted groups such as youth, young adults, and the LGBTQ community. Future Builders Tobacco Prevention Program proposes using mass media campaigns, including social media, to discourage youth from starting to smoke and use electronic devices. Podcasts, forums, and listening sessions will be used to encourage both youth and adults to quit, change attitudes about tobacco use, work against tobacco marketing to reduce consumption, and, procure smoke-free policies to increase population/political support for tobacco policy change. The work will be done using the expertise of trained staff/consultants, coalition members, and an array of willing volunteers. Collaborators in each of the seven counties will be identified with the assistance of each county's Chamber of Commerce to assist with collecting data in their respective rural communities; assist with finding community champions willing to tackle the status quo of the tobacco culture in their communities; assist in identifying disparate populations; assist in identifying media outlets (i.e., local newspapers in the area for both paid and earned media adverts). All activities are Centers for Disease Control (CDC) evidenced based strategies proven to work and vital to eliminate secondhand smoke exposure; prevent the initiation of

Target Counties: Benton, Washington, Boone, Newton, Carroll and Madison

Purpose:

With the increasing Hispanic and Marshallese populations, the Madison County Health Coalition (MCHC) will continue to work on voluntary tobacco-free business policies working to develop and/or strengthen partnerships with schools, community and faith-based organizations in their six (6) target counties. MCHC will work on outreach to the Hispanic and Marshallese communities; be tobacco prevention advocates; work collaboratively to increase tobacco-free policies; reduce youth access to tobacco, promote cessation, and reduce disparities. MCHC will partner with area prevention providers for its teen summits that focus on the prevention of tobacco and other drugs in the six counties of Northwest Arkansas. They will promote quitting by including *Be Well* Quitline information with all outreach activities and by including media campaigns with billboards, Facebook, newspaper ads, and newsletters. MCHC plan to offer evidenced-based tobacco prevention summits/opportunities including dangers of chewing tobacco products and the use of other tobacco products in Madison and Carroll counties. MCHC will continue to help educate youth and minority populations on the negative effects of tobacco usage, vaping, spit tobacco, and exposure to second-hand smoke. Youth will be involved in the collecting and tracking of Smoke-free Home and Car pledges during minority and other outreach activities.
