From: Teresa Bechtel

Subject: E-Waste Competitive Grants – 2nd Routing Request (1st one dated October 9, 2019 is lost in routing)

Date: November 18, 2019

The agency has annually solicited applications from entities in Arkansas for grant funds to be utilized in the collection, transportation, or processing of end-of-life electronic waste per Act 1410 of 2001 and Act 970 of 2005. Funding for this program is generated from a percentage of the sale of surplus electronic assets from state agencies in Arkansas.

Each year DEQ prepares the grant application, notifies citizens by DEQ website and email. This year applications were received from five businesses and solid waste districts:

ESCO Processing and Recycling, Saline County RSWMD, Regional Recycling and Waste Reduction District - Pulaski Co RSWMD, Goodwill Industries, and two applications from Free Geek Arkansas.

As a reimbursable grants program, grantees submit the necessary paperwork following the guidelines outlined in the application. Funds are available from January 1 through December 31 the year following the grant award. Yearly funding is based on funds received during the previous fiscal year and any awarded funds remaining unspent. This year's available cash amount is \$208,215.71 but the recommendation from the Reviewing Committee to be awarded is \$192,000.00.

The Reviewing Committee examined six applications from the five applicants, while considering the following:

Category One: Collection, Transportation or Processing

Category Two: Local or Statewide Recycling and Demanufacturing
