				Approve	Disapprove	
1. Department of Health - Strengthening the Infrastructure, Workforce, and Data Processes for the Public Health System in Arkansas	The Arkansas Department of Health (ADH) received non-ARPA supplemental funds in addition to the CDC Public Health Infrastructure Grant (PHIG). With these funds the Arkansas Department of Health (ADH) intends to work with the current vendor Envision, of the state's Immunization Information System (IIS), WebIZ, to make needed enhancements. Enhancements will include incorporating a task module that will allow staff to assign tasks to internal and external users, with the goal of improving data quality and completeness. The ADH plans to integrate its reports within the Reports Module to leverage event-driven data from the Event Compute Schema. This update will improve the efficiency and reliability of report generation by utilizing pre-computed data and integrating with eh API-Gateway. WebIZ system changes will be made to improve WebIZ patient matching and deduplication resulting in improved data quality. Multi-factor authentication and Single sign-on will be integrated into WebIZ to enhance IIS security. Furthermore, the funding will be utilized to assist the ADH with solving system data challenges by updating and augmenting adult patient contact data through public records linking via Lexis Nexis.	\$2,690,585	0	X		Yes

2. Department of Commerce- Division of Workforce Services - Office of Skills Development - State Apprenticeship Expansion Formula	Appropriation and positions will be used to support the third round of grant funding from the U.S. Department of Labor for the State Apprenticeship Expansion Formula (SAEF). This program aims to expand registered apprenticeship as a workforce development strategy supporting businesses operating in Arkansas. The Office of Skills Development is tasked with overseeing a comprehensive apprenticeship office for the State or Arkansas. As part of its mission, the office is focused on creating opportunities to expand registered apprenticeship within existing programs as well as in new occupations and sectors. Since 2015, we have seen a significant increase in registered apprenticeship activity, including growth in the number of participating companies, Arkansans, and program sponsors. The federal grant funds will allow us to invest in the following areas: 1) External partners through sub-awards and professional fees, 2) Registered Apprenticeship Database, 3) Pre-Apprenticeship Database, 4) Apprenticeship Summit during National Apprenticeship Week.	\$780,950	2	X		Yes
