**INFRASTRUCTURE INVESTMENT & JOBS ACT OF 2021
 APPROPRIATION AND PERSONNEL AUTHORIZATION REQUEST
 SECTION 36 OF ACT 1006 OF 2025**

E.1.a FY26

Agency: AR Dept of Energy & Environment: Div of Environmental Quality (DEQ) Business Area Code: 0930
 Program Title: Arkansas Division of Environmental Quality Solid Waste Infrastructure for Recycling Grant
 Granting Organization: U.S. Environmental Protection Agency CFDA #: 66.92
 Effective Date of Authorization: Beginning: 7/1/2025 Ending: 6/30/2026

Purpose of Grant / Reason for addition or change (include attachments as necessary to provide thorough information):
 This grant funds states' activities that support long-term planning and data collection to demonstrate progress toward the National Recycling Goal and Food Loss and Waste Reduction Goal, advance a Circular Economy for materials, and state led implementation of plans to advance post-consumer material management. DEQ will organize stakeholder and focus groups, create guidelines for tracking and reporting recycling data, and provide education and outreach to make reporting consistent. The activities to be performed are interviews, public meetings, field research, public notices, social media posts, research, historical data research, public event audits, state needs assessments, seek out marketing and recycling facilities statewide, set up informational research booths at recycling seminars, training, and conferences. The EPA allows budget revisions without a formal request as long as the revised amounts do not exceed 10% of the \$531,690 federal award. An error was made on previous request; a \$6,500 increase was listed on the extra help line but should have been listed on personal services/matching line. This request will correct the mistake.
